Dormobile

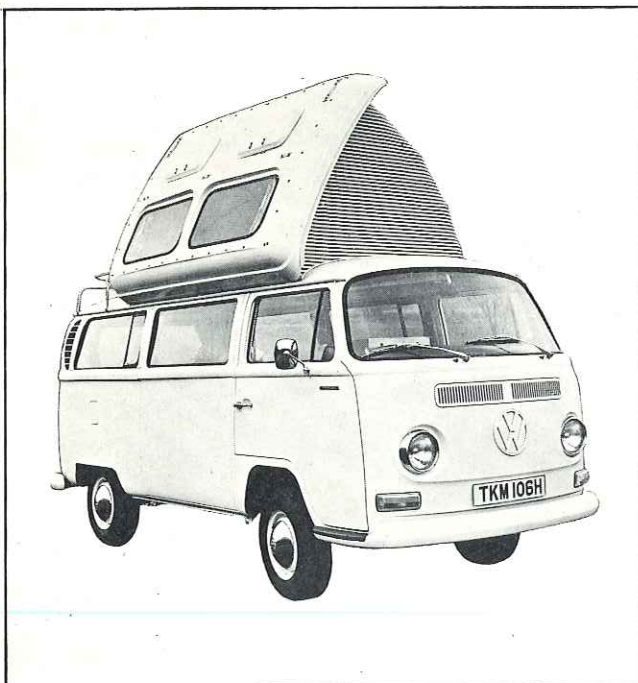

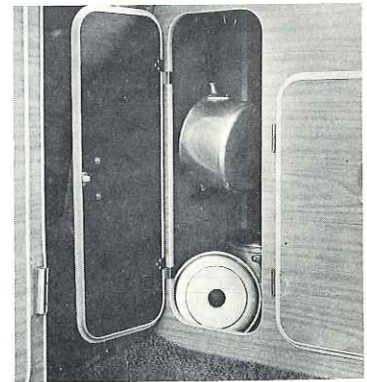

Volkswagen

Model D4/6

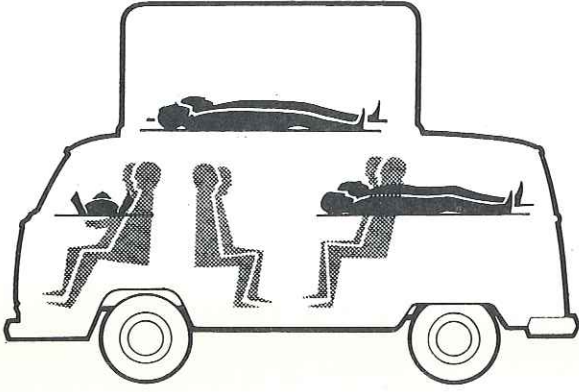

- All Melamine finish to cabinet-work !
- Fluorescent light as standard equipment !
- Seat belts as standard equipment !
- Rear compartment heater vents as standard equipment !
- The unique Dormobile elevating roof !
- Optional roof rack, annexe tent, camping equipment !
- Renowned Dormobile after-sales and spares service second to none !

Take a Volkswagen Kombi, add the famous Dormobile roof, build in the de luxe Dormobile cupboards, wardrobe, sink unit and water pump, hide away the big cooker, carefully fit the unique cool box, hang the colourful curtains, match the deep cushioned upholstery, make the beds, fold up the bunks, and you've got . . .

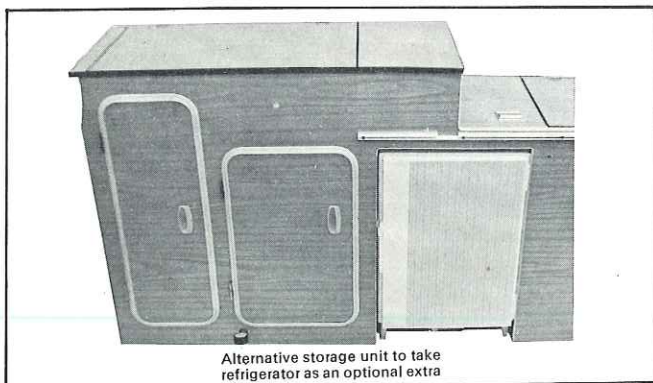

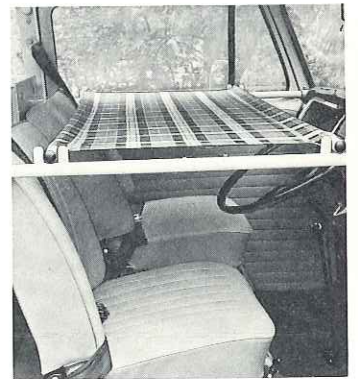

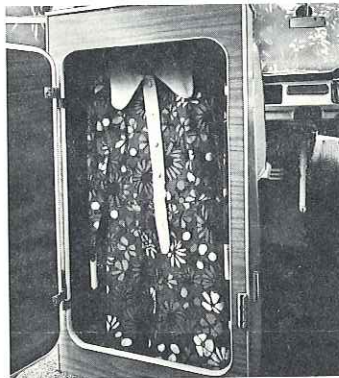

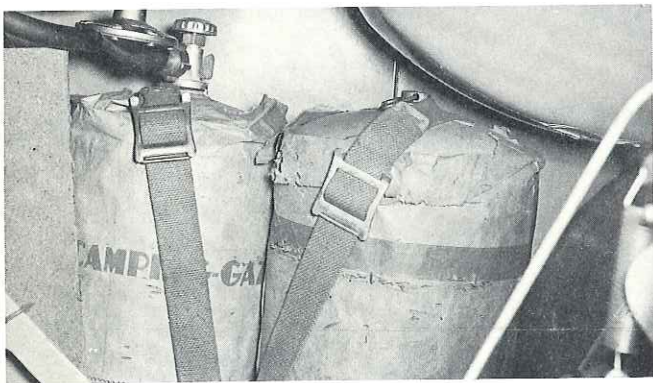

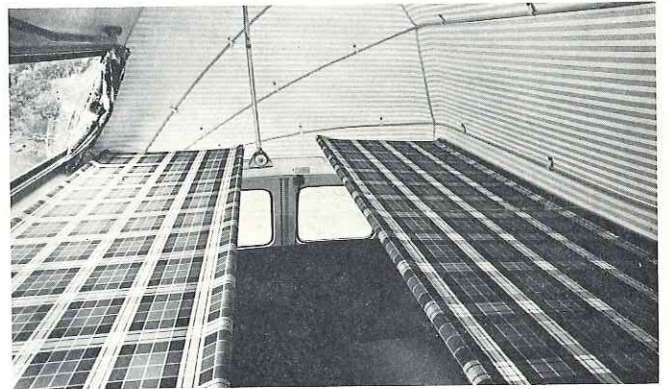

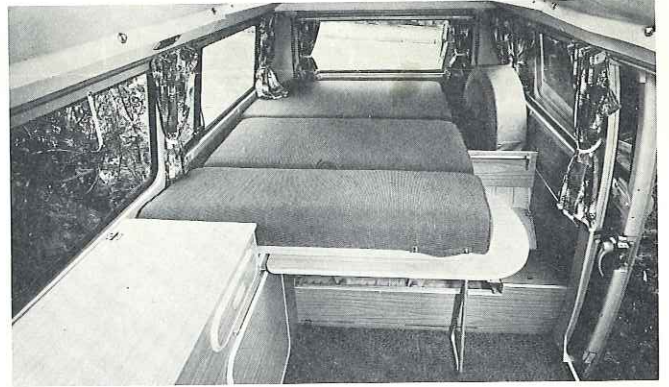

A VOLKSWAGEN DORMOBILE MOTOR CARAVAN Fitted with famous Dormobile elevating roof, standing headroom is 8' 2". **The Galley** is equipped with high quality cabinet work finished in wood grained Melamine with a moulded perspex sink and drainer, with water pumped by foot from two 3½ gallon tanks below and a cutlery drawer beside. Raise the front passenger seat for the best designed caravan cooker ever ! It's a big twin burner with a metal work-top, shelf space and enough room around it to cook a three course meal in comfort. **Gaz storage** — room for two 6 lb. Gaz bottles is found concealed in the engine compartment. **The Wardrobe** gives ample hanging space with easy access. **The Seating** accommodates up to six adults in comfort. The long dining table attaches to the cabinet side by the bench seat and extra seats enable the whole family to relax around the table as dinner is served. When not in use, the table stores beneath the rear bench seat. There are big **storage cupboards** for all your requirements found beneath the sink unit, behind the driving seat ; a large bedding locker is provided behind the rear seat and accessible from the rear, and a long extra shelf with a lip edge is fitted above the sink unit, ideally placed for smaller items. **The Cool Box** is a big 2 cubic feet and provides a very useful larder with or without ice. **Comfortable sleeping accommodation** is provided by the luxurious double bed of high density foam trimmed in brushed nylon, which makes up in the rear by raising the rear bench seat. This could easily accommodate three children and there is still plenty of room to wander about when it is made up. Two 5' 11" roof bunks fold out at roof level with space between and an optional child's bunk 22" x 52" can be fitted above the front driving seat. The famous gale-proof Dormobile raising roof flips up to give 8' 2" standing headroom. The Volkswagen Dormobile is an astonishing piece of design. It's custom built, it's as easy to drive as any other car. No special rates when you cross the Channel. Bags of space but nothing forgotten. Don't forget Dormobile designers have been in the business for years and what they don't know about motor caravans isn't worth knowing. Volkswagen Dormobile — your passport to new frontiers. Bon Voyage !

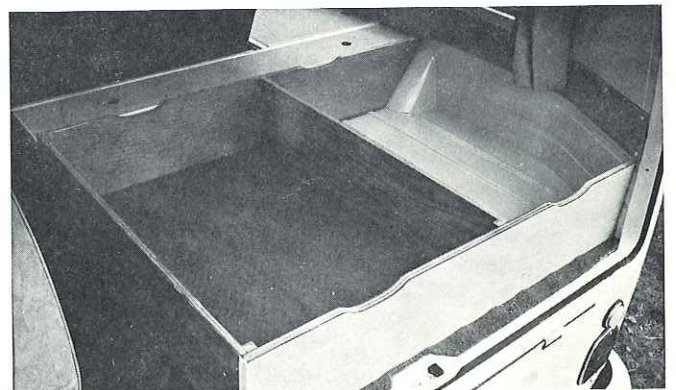

Model for D4/6 continued.

Seats six adults, sleeps five (or other specification to your choice)! Unique foldaway cooker/grill — no intrusion on main living area! Big, insulated coolbox as standard equipment! Bench seat makes double bed with no fiddling, no loose pieces — just two movements!

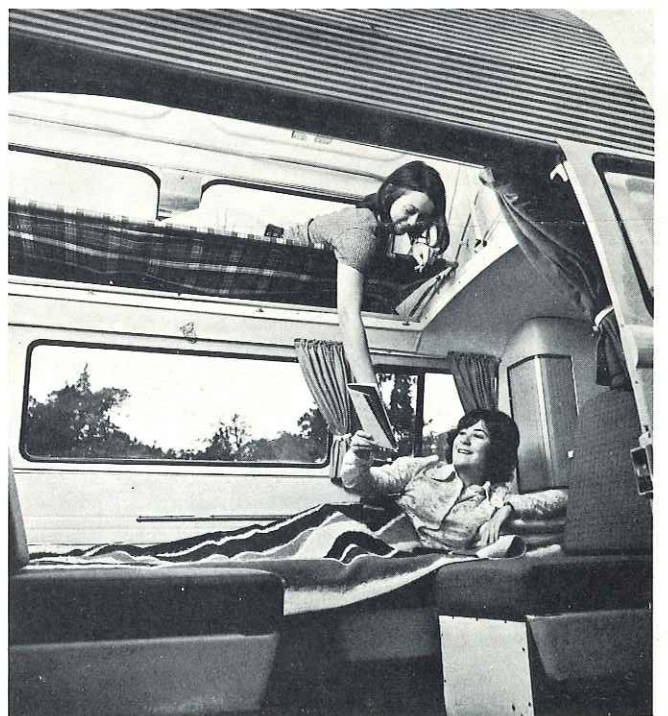

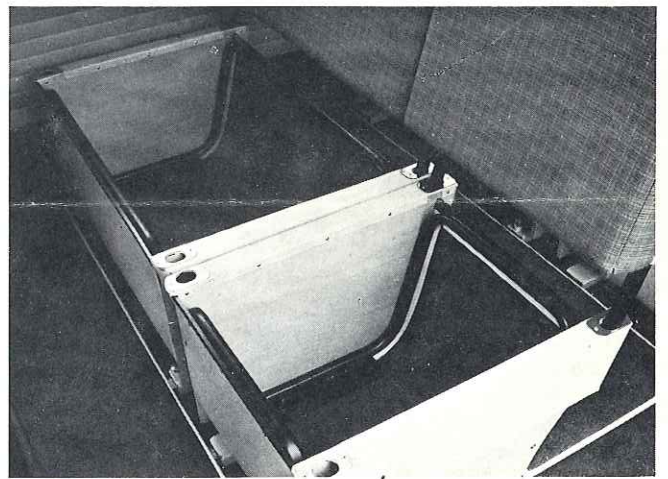

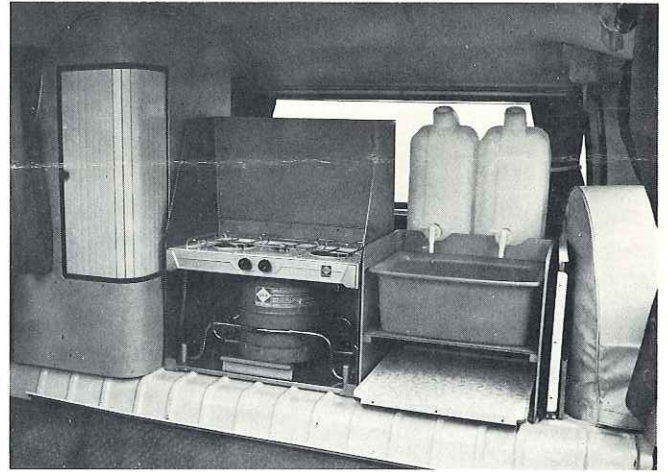

Alternative storage unit to take refrigerator as an optional extra

More about the D4/8

Dormobile

Volkswagen

Model D4/8

The new 8 seater that sleeps 1,2,3,4 or even a family of 5

Based on the Volkswagen Type II Kombi and Microbus models, an entirely new conception designed to **seat eight people all forward facing** in very comfortable seating and also sleep four adults, plus a child in an optional extra bunk.

For the first time on a Dormobile Volkswagen a Refrigerator is available and a fitted but removable gold coloured carpet is added in the standard specification to give the extra touch of luxury.

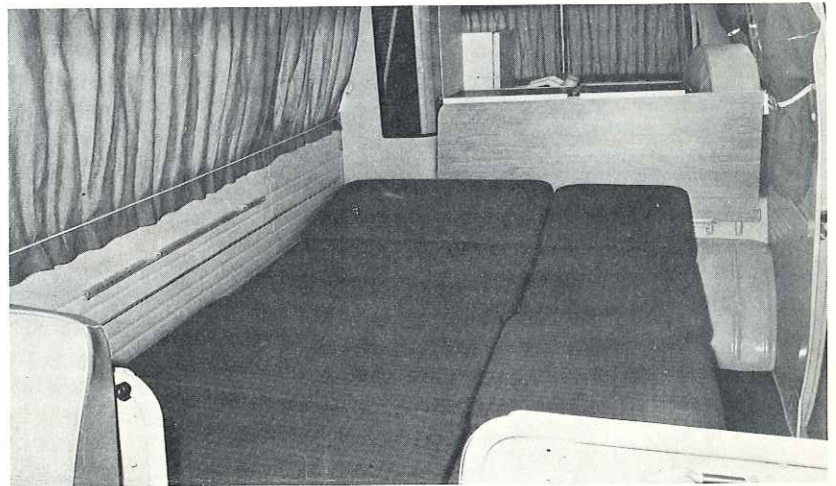

The outstanding feature of the new design is the fully upholstered seating fitted in the body of the vehicle which allows for a low level double bed, 48" x 73" or a single bed, 32" wide with the outer seats left at bedside and gives exceptional locker accommodation in the steel framed and panelled seat boxes.

All the life support systems are confined to the area above the rear engine compartment. These comprise the two 3½ gallon water containers stowed beside the spare wheel together with storage locker and wash-hand basin. Next to this is a double burner cooker which may be used in situ or removed and made self supporting on its own legs to stand outside the vehicle. On the off-side is the novel and attractive wardrobe arrangement with horizontally sliding roller shutter. The gas supply is located in the engine compartment when a refrigerator is specified.

For dining the seats may be arranged to face the long Melamine-faced table which locates on the right hand body side and allows six to sit around in this position still allowing for a 12" gangway on the near-side of the vehicle. The table stows to form a fascia to the cooker and wash unit at the rear.

The famous Dormobile elevating roof, side hinged, and accommodating two full size adult bunks may be fitted as an option. Soft trim is both striking and pleasing, with orange curtaining and matching seat upholstery in woven Evlan material. The Kombi model is trimmed at the body sides with fawn PVC panelling. The Microbus model retains the luxurious Volkswagen original trim.

Versatility is the feature of this latest model, introduced to complement the now famous 6 seater 4-berth model which now enters its fourth successful year.

STAR FEATURES:

- * Seating for 8 all forward facing.
- * Dormobile roof with two 71" bunks at low cost option.
- * Soft yet very hard-wearing Evlan seat trim.
- * All 6 rear body seats mounted on storage units.
- * Heater vents to rear body compartment as standard.
- * Driver and front passenger seat belts as standard.
- * Versatile bed as a single 32" wide or a 48" double - 73" long at low level.
- * Unique wardrobe with roller front.
- * Lift out cooker and w/basin may be used in situ.
- * Available left hand drive also.
- * Refrigerator optional.
- * Fluorescent light fitted as standard.
- * Carpeted floor and eye level vanity mirror.
