

Basic Campmobile

The VW Basic Campmobile has just what its name implies. The basics people need for camping.

A dining table. Curtains. Roof cabinet. Sleeping accommodations for two. A powerful air-cooled engine. 4-wheel independent suspension. VW economy. And a long list of options. So you can camp the way you want to.

Close the door on your 4-wheel tent. And the Basic Campmobile becomes a basic station wagon for in-town use. Even with all the equipment left in, you have just about as much room as the average wagon.

And the ability to pack it all in to go out of town again. Just about anywhere. Anytime.
