*European Motor Products Inc.*

Over 100  
Branches  
in 15 Countries

### **Distributors of Okrasa and EMPI Accessories**

EUROPEAN MOTOR PRODUCTS, INC., occupy this modern building at 1999 Roberta Street, Riverside, two blocks from the new freeway. The EMPI line of accessories for imported cars is now the fastest selling line in the entire United States for the very good reason that the quality is high and the prices are low. Fast service, your order shipped same day as received on all items in stock. An occasional delay on some of the imports is unavoidable, but we try to hold them to the minimum.

If your dealer is unable to supply the desired items, send us check in full with your order and we will ship direct to you, transportation pre-paid. Our guarantee protects you.

We guarantee that the merchandise offered here is exactly as described and if you are not satisfied, the purchase price will be refunded if the goods are returned promptly undamaged.

## VOLKSWAGEN

HI-TORQUE POWER KIT—FOR ALL MODELS

German Engineered By

**OKRASA**  
For VW

### Cuts Your Zero to 60 Time by 12 Seconds

Power increased throughout the RPM range. No increase in fuel consumption. No sacrifice in engine durability. Compression ratio 7½-to-1.

### The OKRASA KIT includes:

- 2 hi-compression cylinder heads with big ports and big valves.
- 2 Solex 32PB1C carburetors.
- 2 special intake manifolds, complete throttle linkage, gaskets.

Complete instructions for uncomplicated installation.

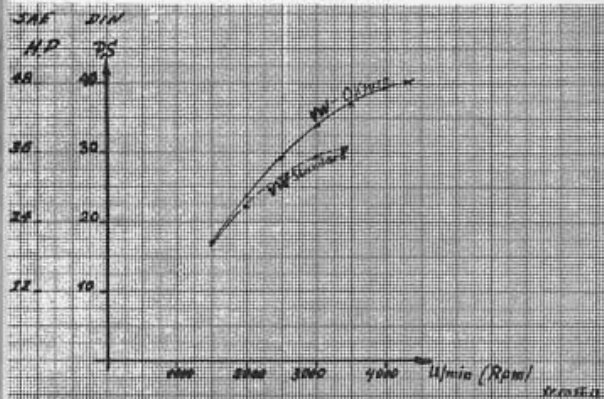

No. 11 For VW  
No. 11G For Ghia Coupes

**\$249.50**

Okrasa installation in VW Karmann Ghia Coupe gives you Sports Car performance to match the Sports Car appearance. There are no difficult problems of installation or maintenance.

DYNAMOMETER TEST GRAPH

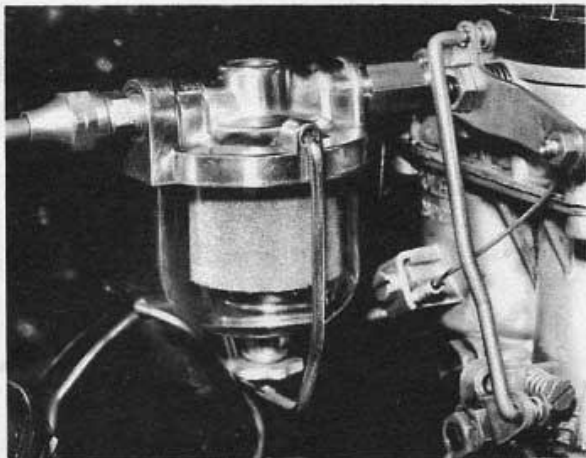

THIS GRAPH SHOWS THE HORSE POWER INCREASE COMPARED WITH A STOCK VOLKSWAGEN ENGINE

No mere description and illustration of the OKRASA HI-TORQUE POWER KIT can convey the idea of the thrilling improvement made in a stock Volkswagen. Enthusiastic owners report their cars transformed — Amazing improvement in passing ability — Decreased acceleration time without sacrifice of gas mileage or engine wear. No indication of overheating even in the desert. Less gear shifting on grades and in traffic.

The best means of getting that brilliant performance that adds immeasurably to your driving pleasure.

## EMPI FUEL FILTER

LIFETIME POROUS BRONZE  
(TRIPLE CHROME PLATED)

### ENGINEERED FOR VOLKSWAGEN

You can't operate your Volkswagen satisfactorily without a fuel filter. Prevents all harmful foreign matter from entering your carburetor. Prevents flooding. Improves gas mileage. Surge chamber equalizes gas flow to the carburetor. Ample capacity permits infrequent cleaning. No line breakage. A complete Kit, including all fittings—nothing else to buy. Installs in 5 minutes.

No. 20 with sintered bronze filter element \$4.45

This 3 piece fitting has been especially designed and manufactured to fit the VW 6mm gas line perfectly. You are assured of no leaks, no line breakage, and no customer complaints.

The 12mm threads on this one piece fitting match the carburetor threads exactly. Besides cutting your installation time to five minutes or less it supports the filter solidly assuring no vibration or leakage.

## EMPI FILTERCOOLER

### FOR VOLKSWAGEN

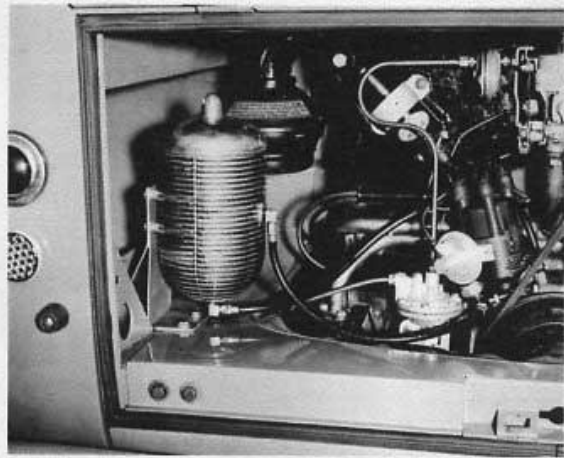

Does your engine tend to heat up when pulling long grades or carrying heavy loads? Get more economical engine performance with the oil cooling "EMPI Filtercooler." A glance at the illustration which shows the patented ribbed construction will convince you of the superior qualities of this cast aluminum housing. Uses standard cartridge, available anywhere. Works just like the cooling fins on your Volkswagen cylinders. Reduces engine temperatures by reducing the oil temperature 20% before it is again returned to the engine. The EMPI Filtercooler is a must for all heavy duty and hot climate driving as well as for all alterations to increase performance. Available in special kits complete in every respect including filter element, lines, all fittings, brackets, and bolts to fit all models—sedans, convertibles, Ghia and Transporter. State model.

**No. 21 Plain black**

**Priced \$19.95**

**No. 21P Highly polished**

**Priced \$23.45**

E.M.P.I. Filter Cooler installation on VW Transporter.

## EMPI FILTERCOOLER

### FOR VOLKSWAGEN

- Cleans your oil and cools it, too!
- Finned cast aluminum. "Radiator" like large cooling area
- Standard filter cartridges
- Reduces oil temperature 20%. Reduces engine heat
- New bracket permits faster installation

- No holes to drill
- No drilling of crankcase
- Adds 1½ quarts to oil capacity
- Prevents overheated bearings. A must for hard driving
- Installs in 20 minutes or less
- Don't hop up the VW without it!

EMPI Filter Cooler installation on Okrasa equipped Volkswagen engine with EMPI dual twin muffler.

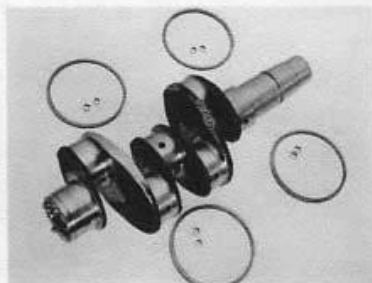

**No. 22E Filter cooler replacement cartridge element** Price \$1.87

**RAIN DEFLECTOR**

A small chromed metal shield which fits over the window vent and keeps out rain.

**No. 31** Per pair \$3.98

**1300 cc VW ENGINE  
CONVERSION KIT  
by OKRASA**

**OKRASA SPECIAL STROKER CRANKSHAFT KIT**

There is no substitute for "cubic inches." The use of this crankshaft in your VW will "up" your over all performance by increasing the engine capacity from 1192 cc to 1286 cc or an increase of 94 cc. It also increases compression ratio from the standard 6.6 to 7.5.

Made of forged high tensile chrome alloy steel to withstand the extra pressure. Electro dynamically balanced at the factory. This kit can be used in the stock VW engine without any other equipment or can be used with the Okrasa Hi Torque Power Kit.

Improve the performance of your VW in the same way the original designer improved it in the Porsche!

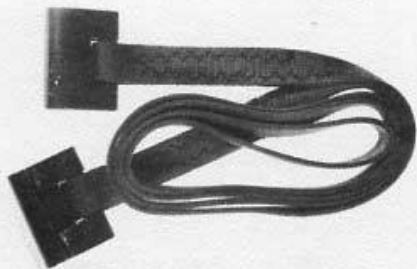

**No. 12** Fits all models \$137.50

**SCHAFFER CLAW SET  
New Finish—New Price**

This handy little tool now comes in a gleaming chrome like finish which adds to the appearance of the VW—closes the jack socket—removes the hub cap without damage.

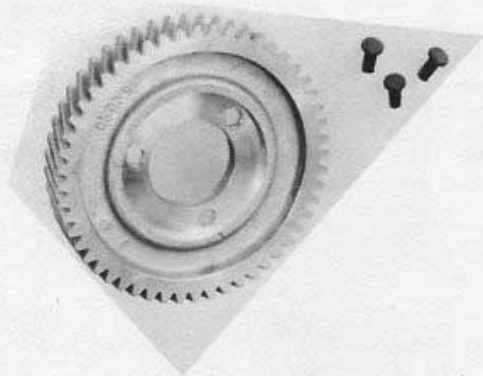

**No. 79** New price per pair \$2.25

### NYLON EMERGENCY TOW STRAP

Carry one in your car at all times; snaps on and off the bumper; weighs 20 oz.; 7 feet long; pulls 6,000 pounds; fits in the glove compartment. 100 percent Dupont Nylon and because it stretches it eliminates the shock of towing. It will more than pay for itself the first time you need it.

**NO. 100 Nylon Tow Strap \$5.95**

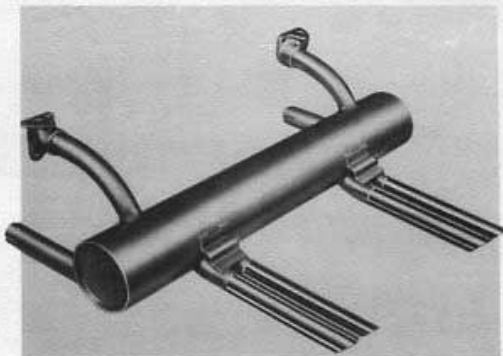

### REPLACEMENT CAM GEARS

Don't throw away the good cam shaft when only the gears are worn. Our EMPI cam gear of durable aluminum alloy just like factory equipment in the latest models will restore your cam assembly to like new condition. The gear comes in standard size or in sizes plus or minus 1mm or plus or minus 2mm.

**NO. 15 Cam Gear and Rivets \$7.95**  
State size wanted.

## EMPI DUAL TWIN MUFFLER

**Make the EMPI Dual Twin Muffler your first step toward improved performance.**

In modifying your VW this is the most important and least expensive step. Install an EMPI Dual Twin Muffler and gain all the advantages that come with better breathing and reduced engine temperatures which result from the low exhaust back pressure. This California designed British built muffler incorporates all the proven principles of design, construction and tone control into the finest VW muffler obtainable, regardless of cost. New "namel" clad case. Made from finest steel to resist pressure and corrosion. Precision fitted junctions assure ease of installation and no danger of leaks. Triple chromed tips. Mellow tone comes to you safely packaged and ready to install.

**No. 90 For 1956 - 1957 - 1958 VW Each \$29.95**

### MAGNETIC DRAIN PLUGS

EMPI magnetic plugs are an improvement over most other available magnetic plugs. Scientific taper thread for perfect fit and with powerful magnet to remove all stray metallic particles. Factory approved.

**No. 30**

## HI-OUTPUT AIRCRAFT TYPE STAINLESS STEEL HEATER

### For All Models Volkswagens

We offer for immediate delivery the latest development of one of the leading suppliers to the aircraft industry, Hanlon & Wilson Company, noted for their high quality aircraft heaters, manifolds and accessories, a stainless steel heater modification for all models of Volkswagens. This heater, as shown by engineering tests, increases the heat output by as much as 50%. This heater will eliminate the complaints of VW owners in many localities of insufficient heating capacity. The photograph above shows the complete Kit. Installation is simple and should be completed in one hour, after a few have been installed. No special tools are required, other than those usually found in the average shop.

Following aircraft practice, the heater is made throughout of titanium stabilized type 321 stainless steel, which should outlast even the sturdy Volkswagen. There has been a demand for a high quality, low priced heater for the Volkswagen in many localities, and we are pleased to offer this heater at this low price.

**No. 41**

**\$39.95**

Shipments will be made by parcel post from our warehouse in Riverside or from the factory at Pittsburgh, Pa., whichever is closer.

### CONDENSER

Replacement Condenser

**No. 58** \$1.10

**No. 59** FUSES 10 for 50c

### BUMPER STIFFENERS

A real aid to city parking. These Stiffeners safeguard the proper clearance between bumper and deck lids by preventing the bumpers from becoming sprung inward or dented from frequent parking "bumps." The Stiffeners attach in minutes with regular Volkswagen tools, with no drilling, cutting or adjusting necessary.

Made of two pieces of 1½" mild steel channel, welded back to back.\* Curved and drilled to fit inside present bumpers, hidden from sight. For passenger or commercial Volkswagen vehicles.

\* The use of this special metal assures a springiness for slight jars and bumps, but further assures impact absorption for heavy jolts. Many owners have saved their Volkswagen bodies from costly repair bills because they had Berkeley Bumper Stiffeners on their vehicles at an accident which could have caused real damage.

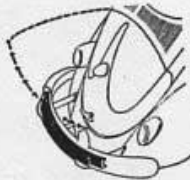

SOLD AS A SET (Front and Rear).  
State your vehicle type and year.

**No. 72**

Per pair \$11.95

**No. 73**

For Commercial \$19.95

### REAR AXLE BOOTS

Replacement neoprene grease seal for Volkswagen and Porsche rear axle. Built-in zipper cuts installation time in half. The best replacement.

**No. 111**

Special, each \$3.98
