VOLKSWAGEN CANADA LIMITED

THE TASK OF PRODUCING A PLEASING EFFECT OF  
PAINT AND UPHOLSTERY COMBINATION, ESPECIALLY  
ON A CAR LIKE VOLKSWAGEN, BECAUSE OF ITS SIZE

EXCELLENTLY AND ARE CREATING STILL MORE IN  
DIFFERENT COMBINATIONS. BECAUSE OF THIS  
FACT, A NEED FOR A COMPLETE REFERENCE HAS  
BEEN FELT FOR SOME TIME AND CONSEQUENTLY  
THIS LIST WAS COMPILED. IT WILL FURTHER  
STRENGTHEN THE CONFIDENCE WHICH VOLKSWAGEN

## HOW TO USE "PARTS REFERENCE LIST"

In employing "Parts Reference" to determine the particulars required for completion of an order for coded parts, it is necessary to ascertain only four factors: (a) the type of vehicle (b) the chassis number (c) the colour of the body finish (d) type of upholstery (cloth or leatherette).

Once these facts have been determined, it is simply a matter of reading the required information from the tabulated lists.

For example, let us suppose that your customer requires the left-hand quarter panel lining for a Prairie Beige passenger car, deluxe model, with cloth upholstery, chassis No. 1 503 672.

We proceed as follows:

In the type 1 section, locate the page which includes our chassis number:— 1 148 000 up to 1 600 439. From part number 113 867 035 B (the parts list to be used if necessary), read across to the column headed "Prairie Beige"; here we find "118(P130/K176) Copper Red/Brown". The part number to be used for ordering is therefore, "113 867 035 B", the description: "Lining 118".

To ascertain if the part required is available from stock, please check SUPPLEMENT listing as to whether this part number, with corresponding code number, is listed.

If this item is not listed, then material will have to be ordered by "los", in quantities shown in the right-hand column, opposite the part number in question.

### Note

- (a) Where no code number (e.g. 118) is shown, the respective part must be manufactured locally from materials indicated in last column.
- (b) Upholstery materials are supplied in "los (1 los = 9.5")
- (c) Beading "Koe" is supplied by the metre (approx. 39")
- (d) Optional combinations are listed where applicable
- (e) Quantities listed are required to make 1 unit only, except those in brackets. e.g. (1 or 2).
