ACCESSORIES FOR THE VOLKSWAGEN OWNER
811 PROSPECT AVENUE, CLEVELAND, OHIO 44115 U.S.A.
PHONE: 621-0773 (AREA CODE 216)

February 15, 1965

Dear Friend:

In the following pages we present a comprehensive collection of ideas to increase your motoring pleasure and to add a greater margin of safety to it. A good number of the products shown relate to the performance of your car; while we do not catalog "speed" equipment, we do recommend many items for the maintenance of the manufacturer's original specifications and for generally improving roadability.

Poly Pad Imports was born of an interest in one of the world's most unique automobiles, the Volkswagen, and of an ambition to create products for it that would complement its fine engineering features and, in some small way, help it gain the respect it richly deserved.

To that end, we have always strived to catalog for you many sensible accessories that have a specific purpose; pure and simple "gingerbread" has been shunned in favor of practicality. We research each item intended for this catalog and actually use it on one of several company-owned Volkswagens. Each must pass a personal-use test before it can be considered for publication, and each must contribute significantly to the use and enjoyment of a Volkswagen to be acceptable. Quality of manufacture and durability are prime considerations. We unearth many, many items on our buying trips to Europe, but more are rejected than are accepted because they fall short of meeting our stringent qualifications.

It is our hope that this Accessory Guide provides you with interesting reading and some useful information. Poly Pad Imports appreciates your interest and welcomes your comments or suggestions. If you have any questions about items listed, we will give your inquiries our immediate attention!

Yours very truly,

POLY PAD IMPORTS

Poly Plaid

WORLD FAMOUS

DELUXE WOOL SEAT COVERS

- Take the "sting" out of cold seats in winter, hot seats in summer!
- Add unusual eye appeal to your car!

• Now available for 1965 cars

• Striking new colors

This year, color your car *PLAID!* The original POLY PLAID Deluxe Wool Seat Covers do wonders for your car. In this country and abroad, the POLY PLAIDS have become a standard, because:

- They're handsome! Available in four beautiful color combinations, they complement interior colors of most cars and lend an individual flavor all their own.

- They do away with the "cold seat blues" in winter, and the burn of sun-baked seats in summer. Many people buy POLY PLAIDS in winter, only to find, surprisingly, that they are more comfortable than hot, vinyl seats during the summer too!

- They almost look like upholstery! They're superbly constructed from a marvelous wool blend, permanently laminated with a layer of plastic foam. This cushion makes the cover cling to the seat without wrinkling or slippage, and adds a great deal of comfort too. Expert tailoring techniques are used to insure long wear, precise fit.

- POLY PLAIDS are completely machine washable, easy to install and remove. Special elastic fastenings permit simple installation and easy removal for "housekeeping".

POLY PLAIDS are the best value on the market because we take great pride in them and put everything possible into making them a quality product! Look for, and insist upon, the POLY PLAID label!

European!

Exclusive!

"WELCOME!" COCOA FLOOR MATS

Inviting, sensible floor mats for your car. Already popular all over Europe! *EXCLUSIVELY POLY PAD!*

LUXURIOUS — Tightly woven of choice, pure cocoa fibre, brush-cut to 3/4" depth.

ABSORBANT — Dense weave absorbs slush and dirt from shoes, keeps "mess" from penetrating to floor.

CUSTOM-TAILORED — Perfect fit for all VW's, most other foreign cars.

EASILY CLEANED — Simply lift out in separate sections, shake or beat out! Hose down if you like!

SOFTENS NOISE, VIBRATION — Deep weave absorbs road noise, cushions vibration.

YOU CAN'T WEAR 'EM OUT! Free replacement if they don't last the entire life of your car!

Order your new "Welcome!" mats today!

POLY PAD IMPORTS

CLEVELAND 15, OHIO

Accessories for the Volkswagen Owner

FOR COMFORT AND CONVENIENCE

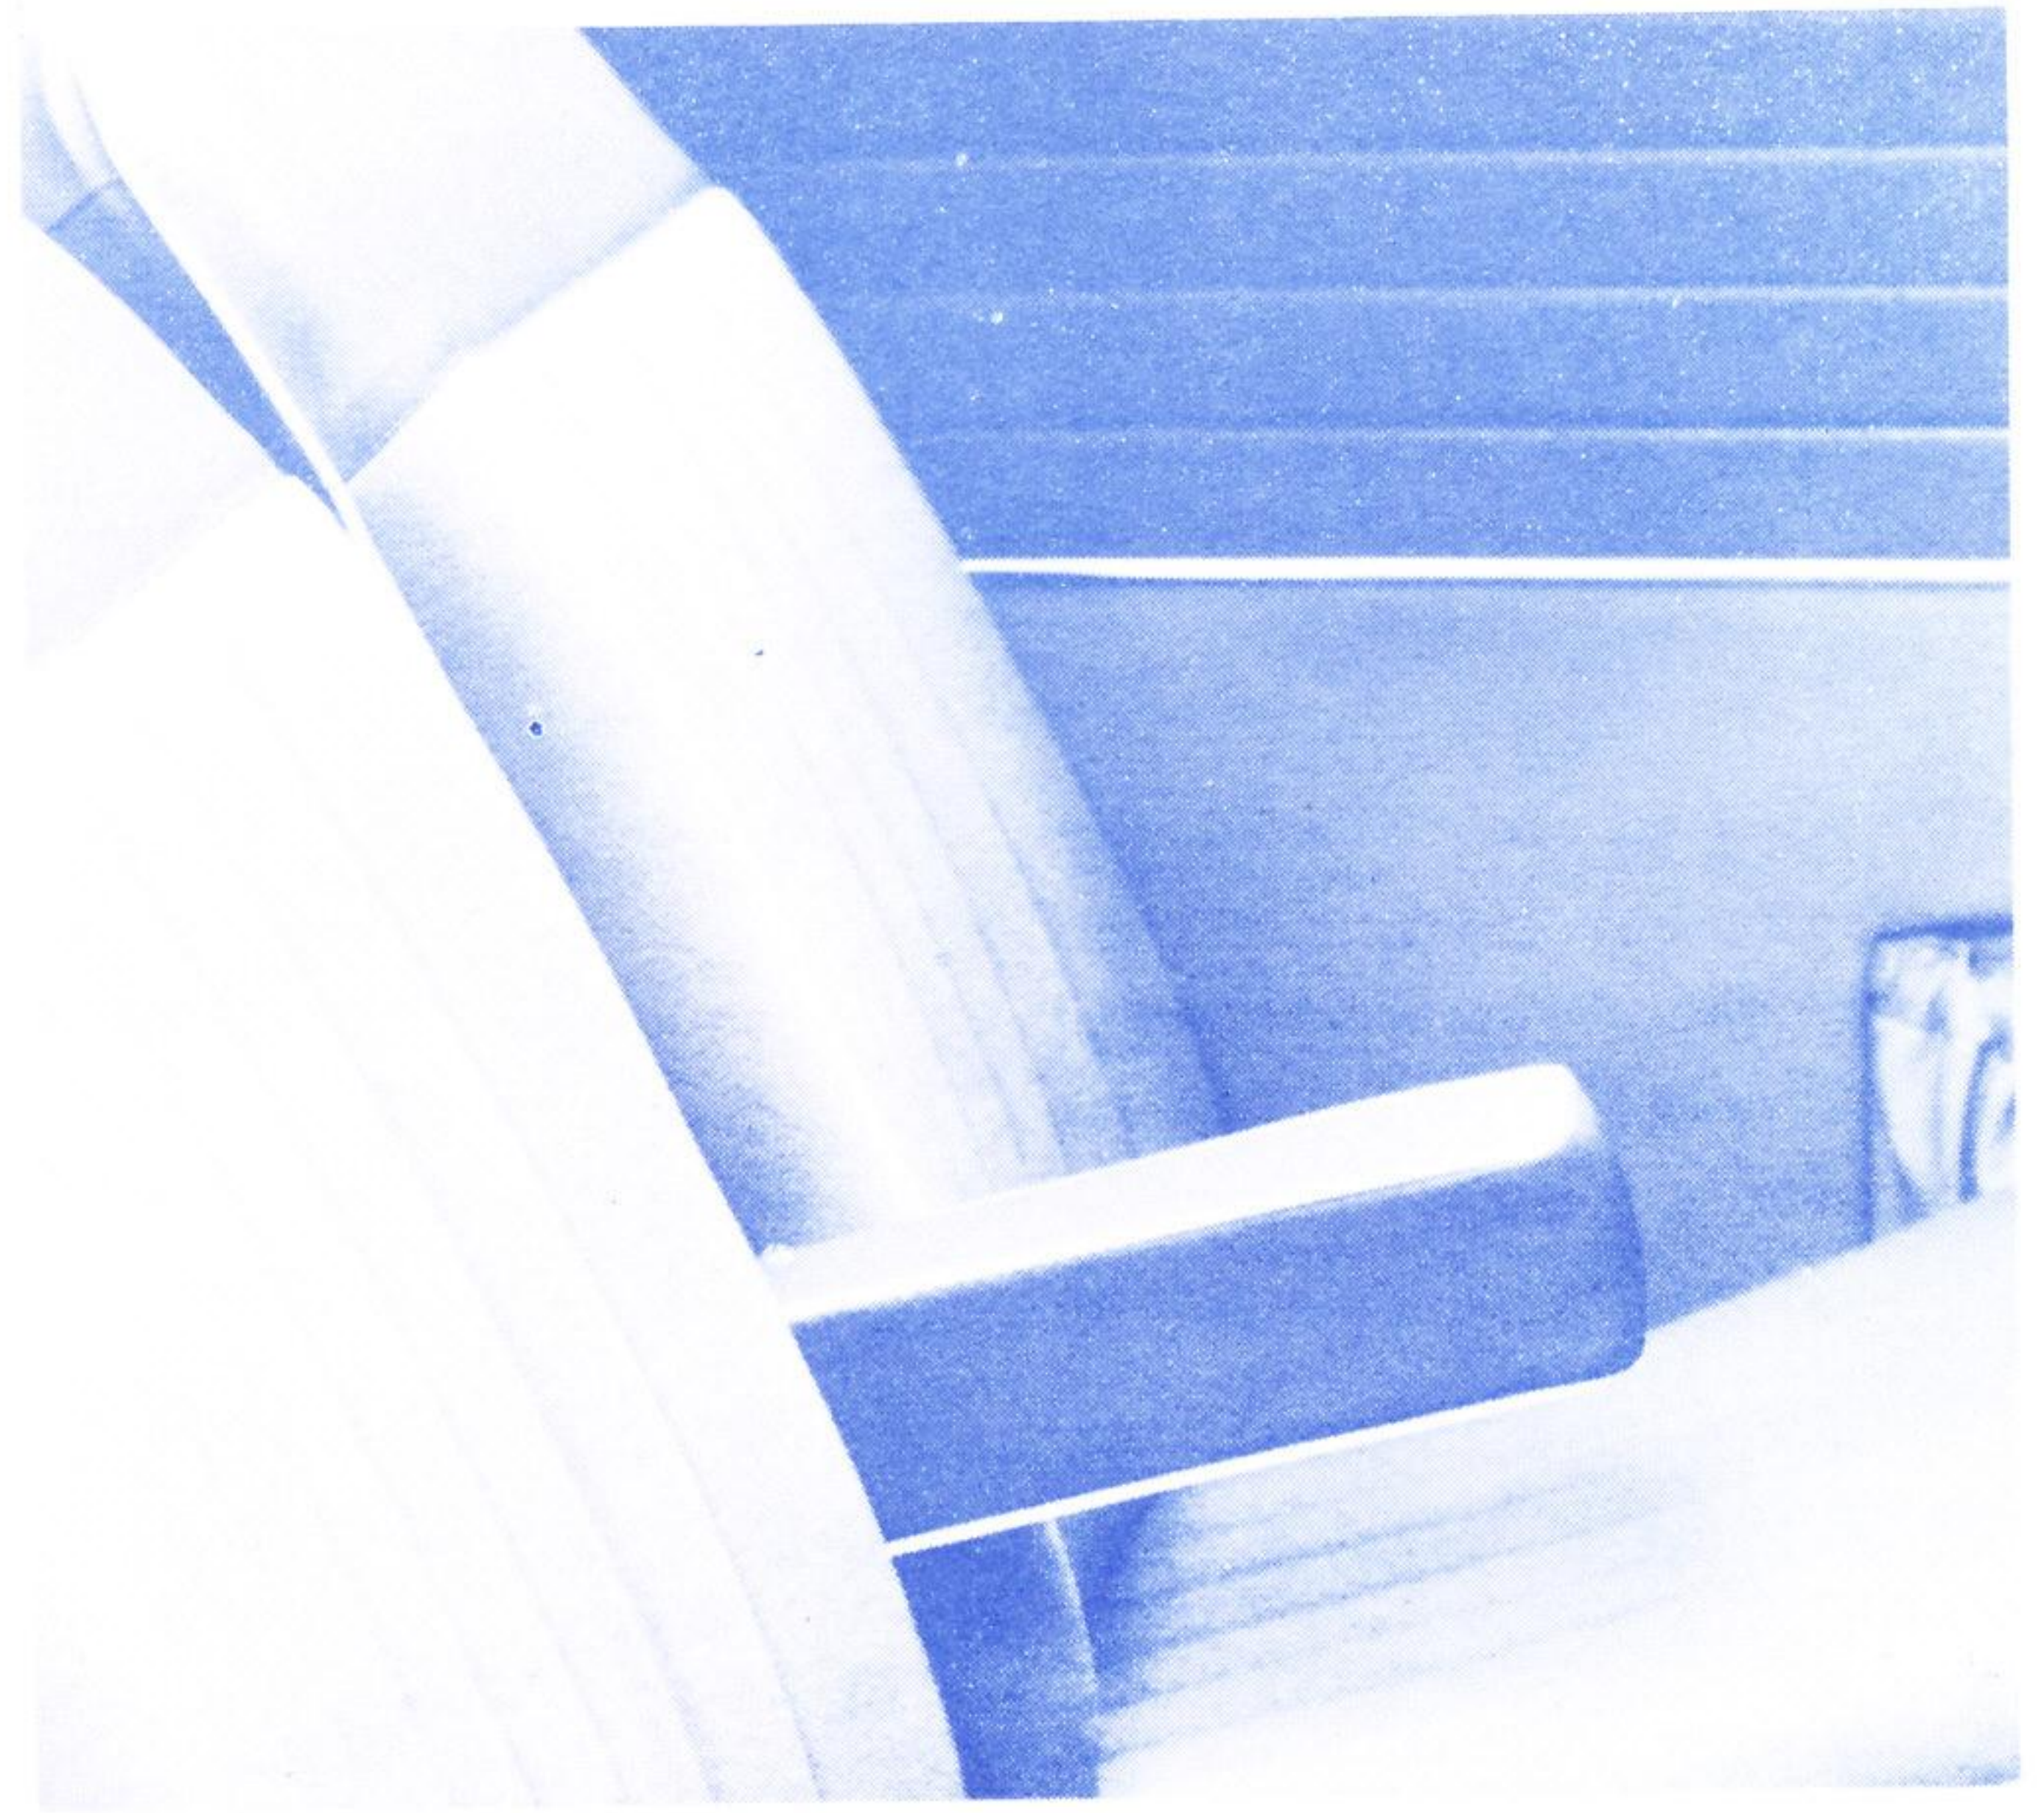

DRIVER'S ARM REST
... **Door Closer, too!**

The driver can now be more comfortable. Reduce driving fatigue. Use as a door closer, too. Easy to install with template supplied. Available in gray or tan. Will fit any car.

No. 412

\$ 3.95 each

CENTER ARM REST

Put the fun back into long trips. Easy installation, no holes to drill. New model clamps on to the side of the seat and is completely adjustable for height. Arm rest hinges back when not in use. Available in tan and gray. Fits all Volkswagens from 1960 on.

No. 730

\$10.95 each

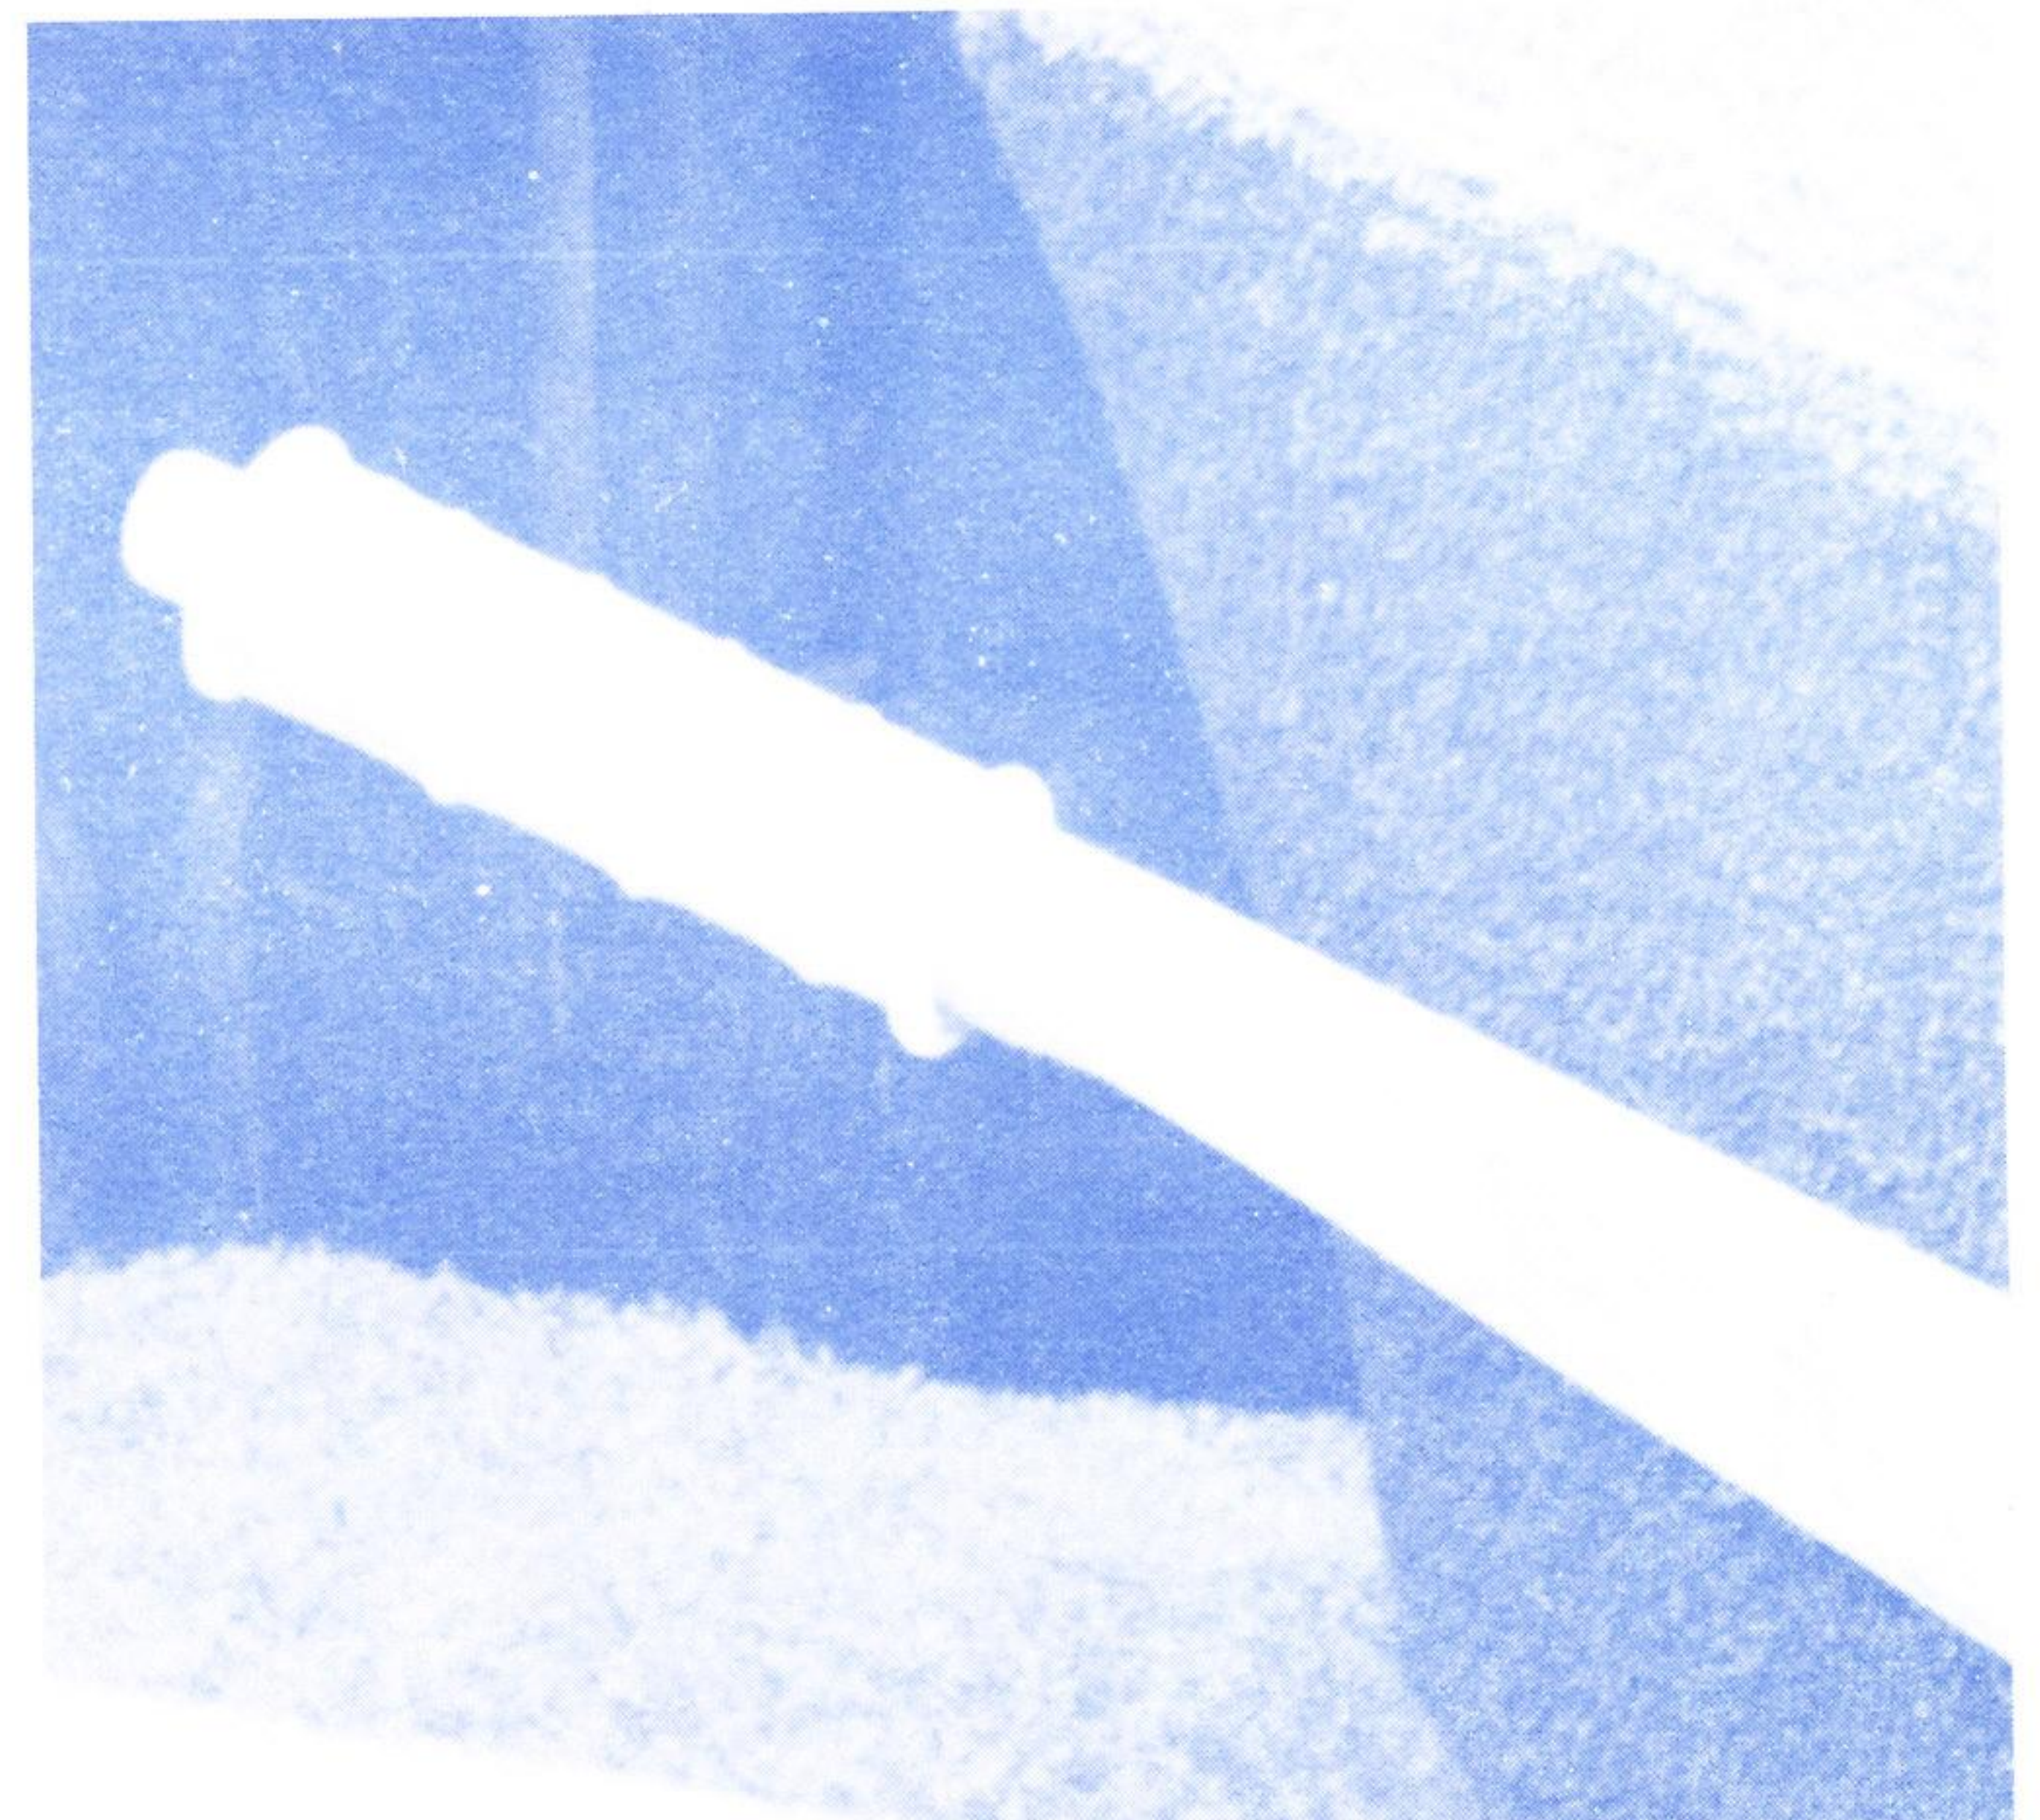

CLOTHES BAR

New, convenient model snaps in quickly without tools, out of the way in the corner. Won't block rear view. Notched along the top to keep hangers from sliding. Won't bend or break under heavy load. Large capacity. Fits all late model Volkswagens.

No. 1200

\$ 4.95 each

EMERGENCY BRAKE GRIP
... **for Safety**

For sure grip of the emergency brake handle. Handy plastic cover hides unsightly scratches, adds "dress" to the interior. For Volkswagens, all years.

No. 149

\$.98 each

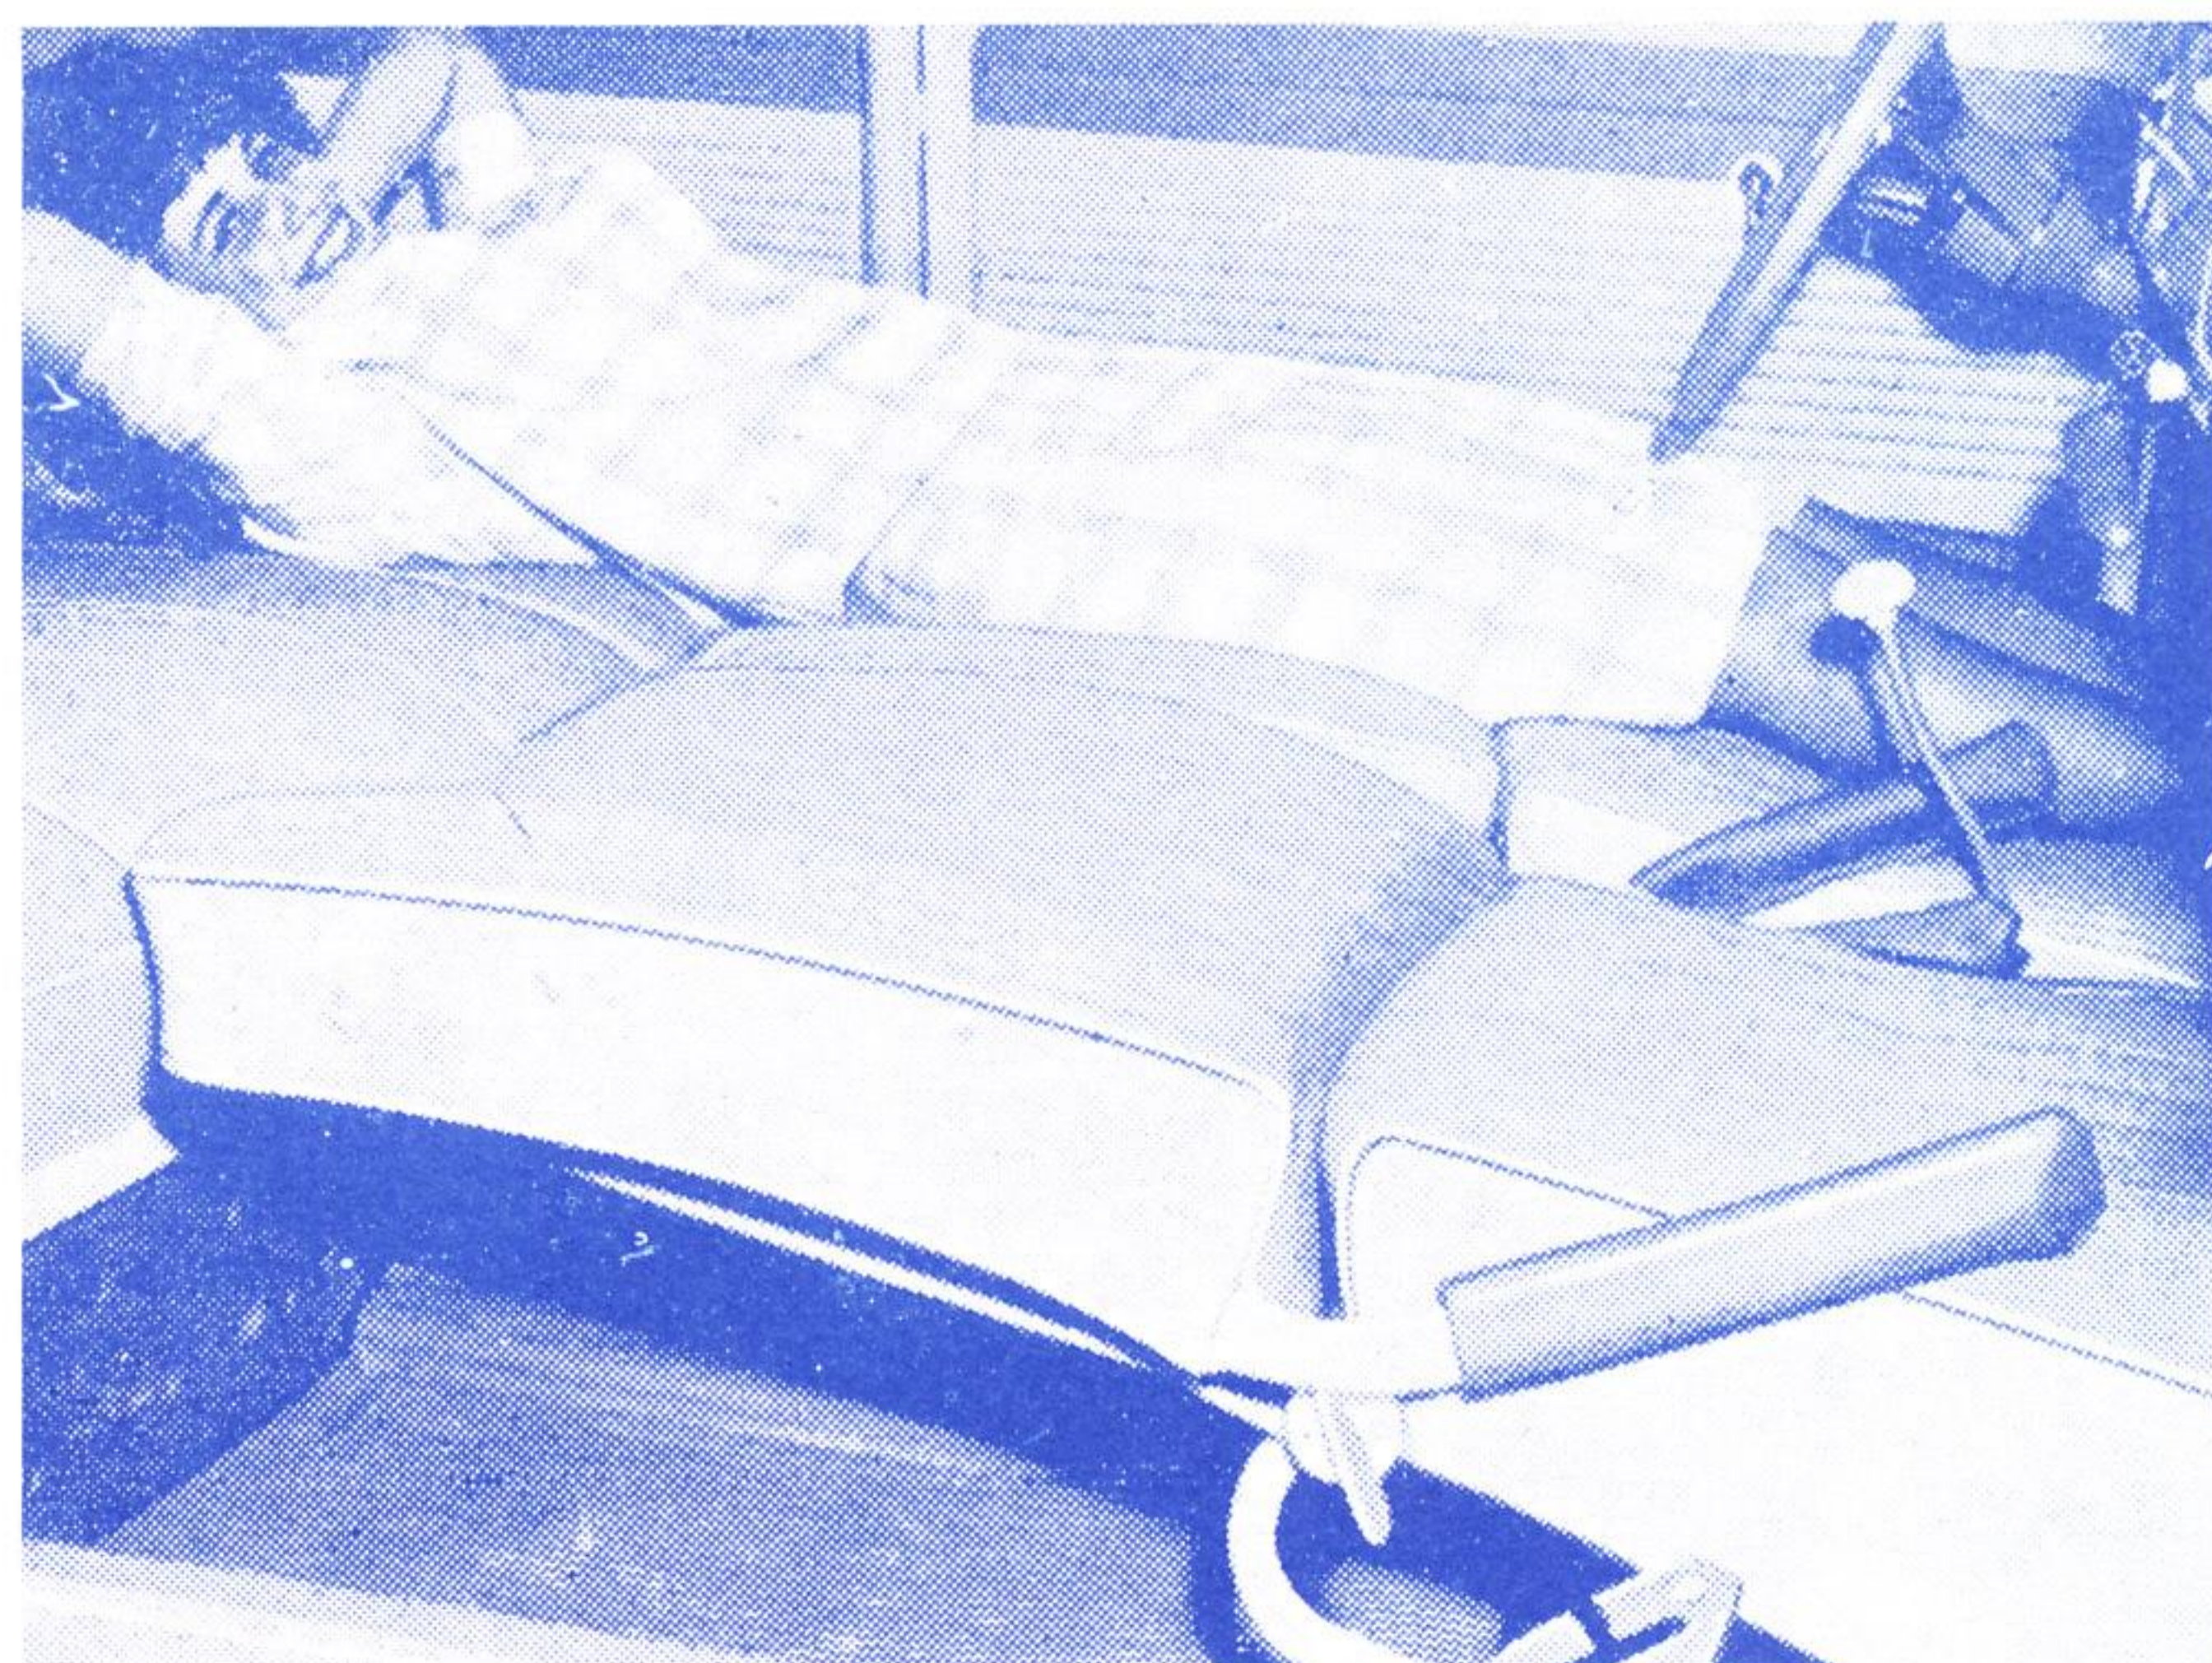

TILT-BACK SEAT RECLINER

Enjoy the comfort of reclining seats! POLY PAD'S Seat Recliner installs in 20 minutes with no holes to drill! Reclining plates are 3/16" thick and satin cadmium plated. No small moving parts. The easiest and safest to operate; a flick of the wrist and back it goes, push it forward to resume normal position. Positive lock in all positions. Fits all years VW sedans, sunroofs and convertibles only.

No. 1040

\$ 6.95 per seat

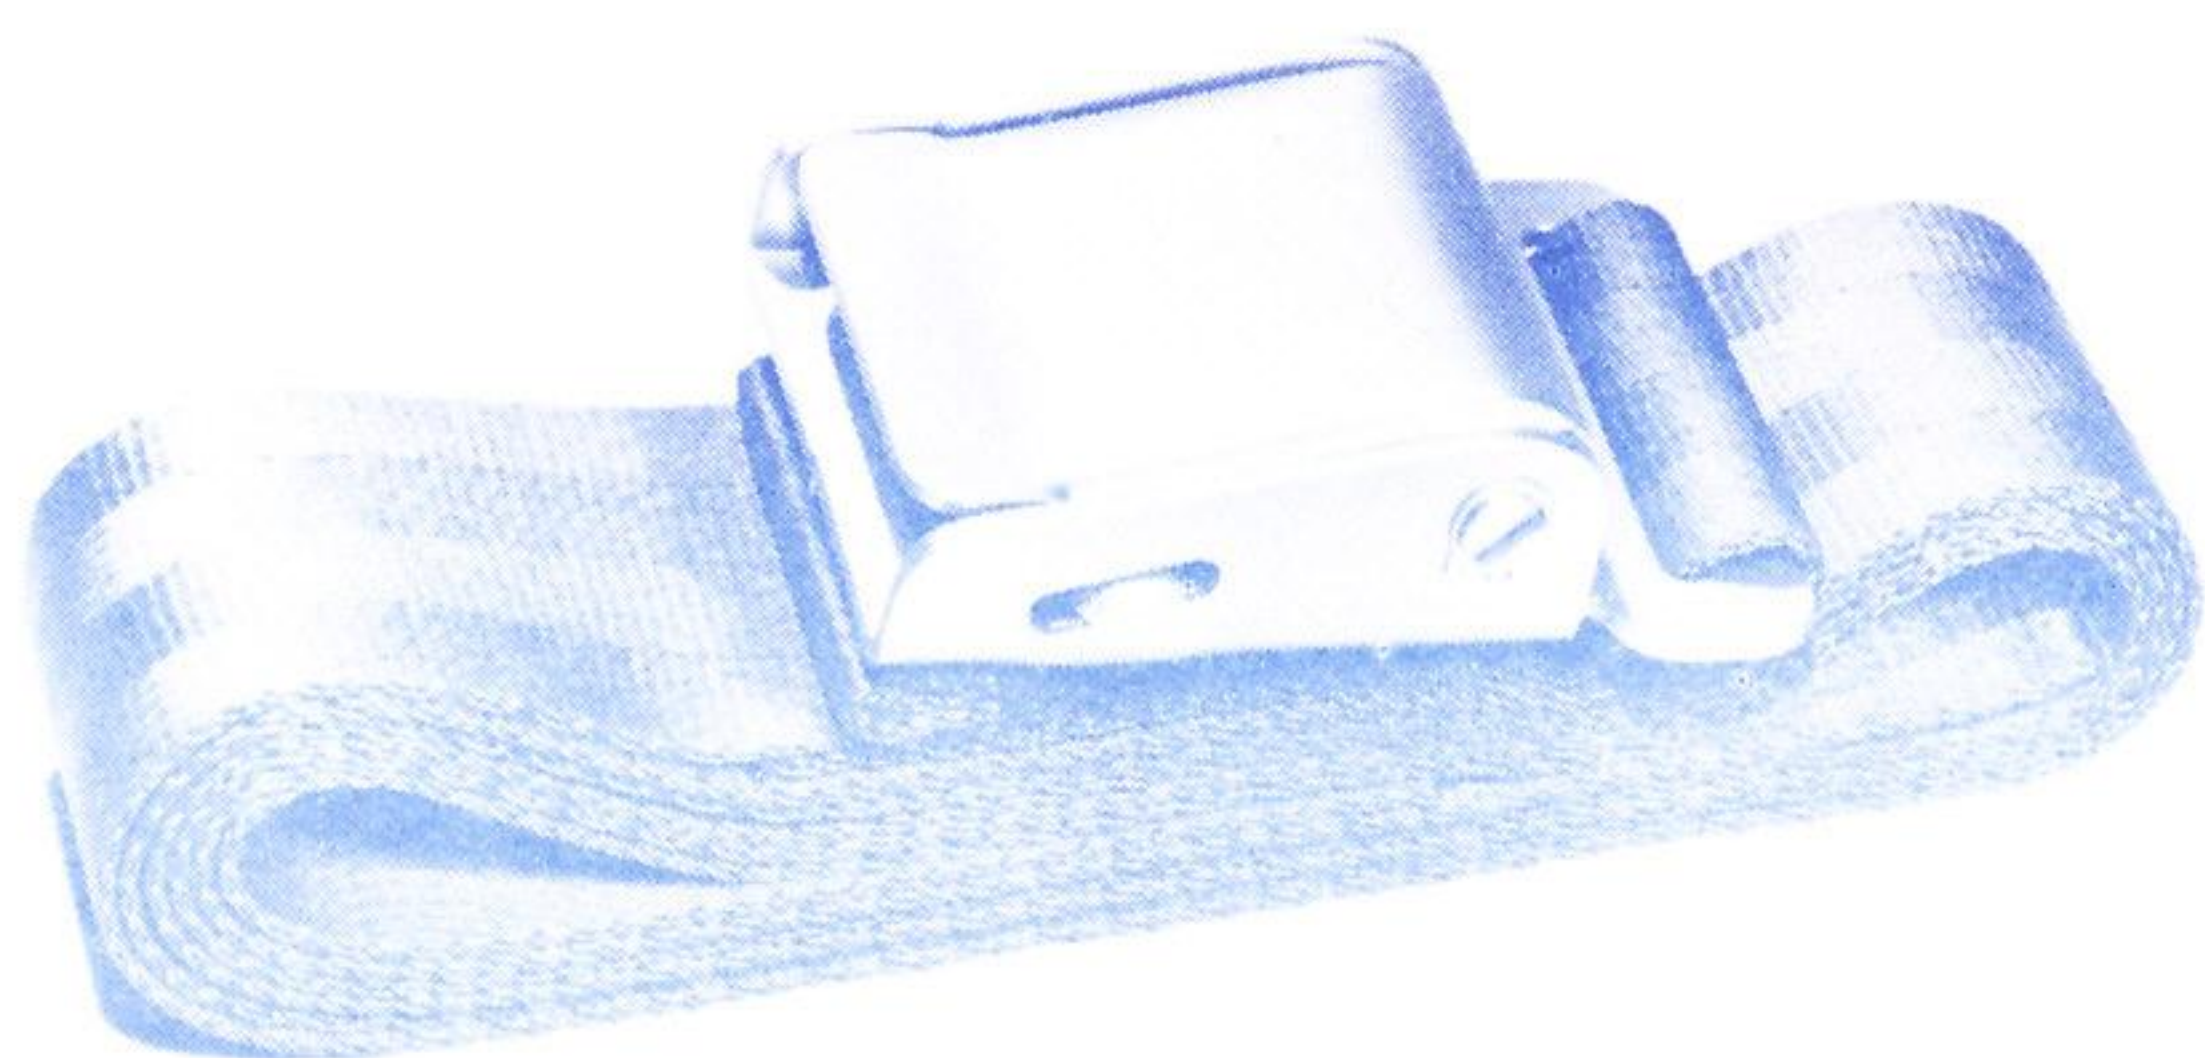

CAMPING BED CONVERSION KIT

All the necessary parts to convert your Volkswagen seat into the neatest berth you ever saw. Includes the POLY PAD Seat Recliner, too! Nothing to remove from the car; nothing extra to carry. Passenger seat can be used as a bed while the driver operates the car. Easy 5-minute conversion fits all years Volkswagen sedans, sunroofs and convertibles only.

No. 1050

\$11.95 per seat - complete kit

NYLON SEAT BELTS

100% all-nylon webbing. Equipped with fast action metal-to-metal buckle - holds firmly, yet releases instantly at the flick of a finger for safety. Designed and constructed to exceed all federal and S.A.E. specifications and proven in actual crash tests. Snap-hook type floor hardware for maximum security. Easily installed. Complete with hardware to fit all late model VW's and all other cars as well. Installation instructions included. Available in black, red, green and tan. Specify color choice and make and year of car.

No. 1020

\$ 6.95 each

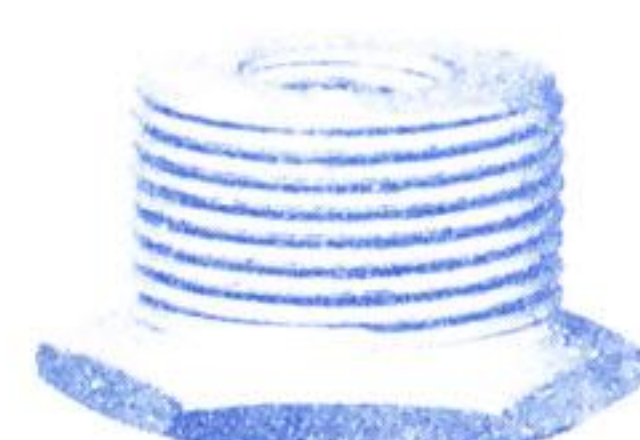

SAFETY BELT - Combination Lap/Shoulder

Safest belt available! Quick-release metal-to-metal buckle has quick adjustment for passenger comfort. All parts are chrome-plated. These German belts are made to the most exacting standards and meet all International and National Standards. In neutral gray only for front seat installation. For 1965 sedans, sunroofs and convertibles only.

No. 1010

\$12.95 each

SEAT BELT ADAPTER

Converts standard American seat belt fittings to match metric fittings in all late model Volkswagens.

No. 705

\$.50 each

Accessories for the Volkswagen Owner

EPOXY STEERING WHEEL

New beauty and safety for '61 and later Volkswagens. Custom German-made wheel looks like fine wood, but is made of indestructible non-splintering epoxy. Won't show dents or scratches. Chrome spokes and horn ring. Handsome horn button. Works with existing VW horn wiring. Easy to install, complete kit and instructions supplied.

No. 65 **\$39.95** each

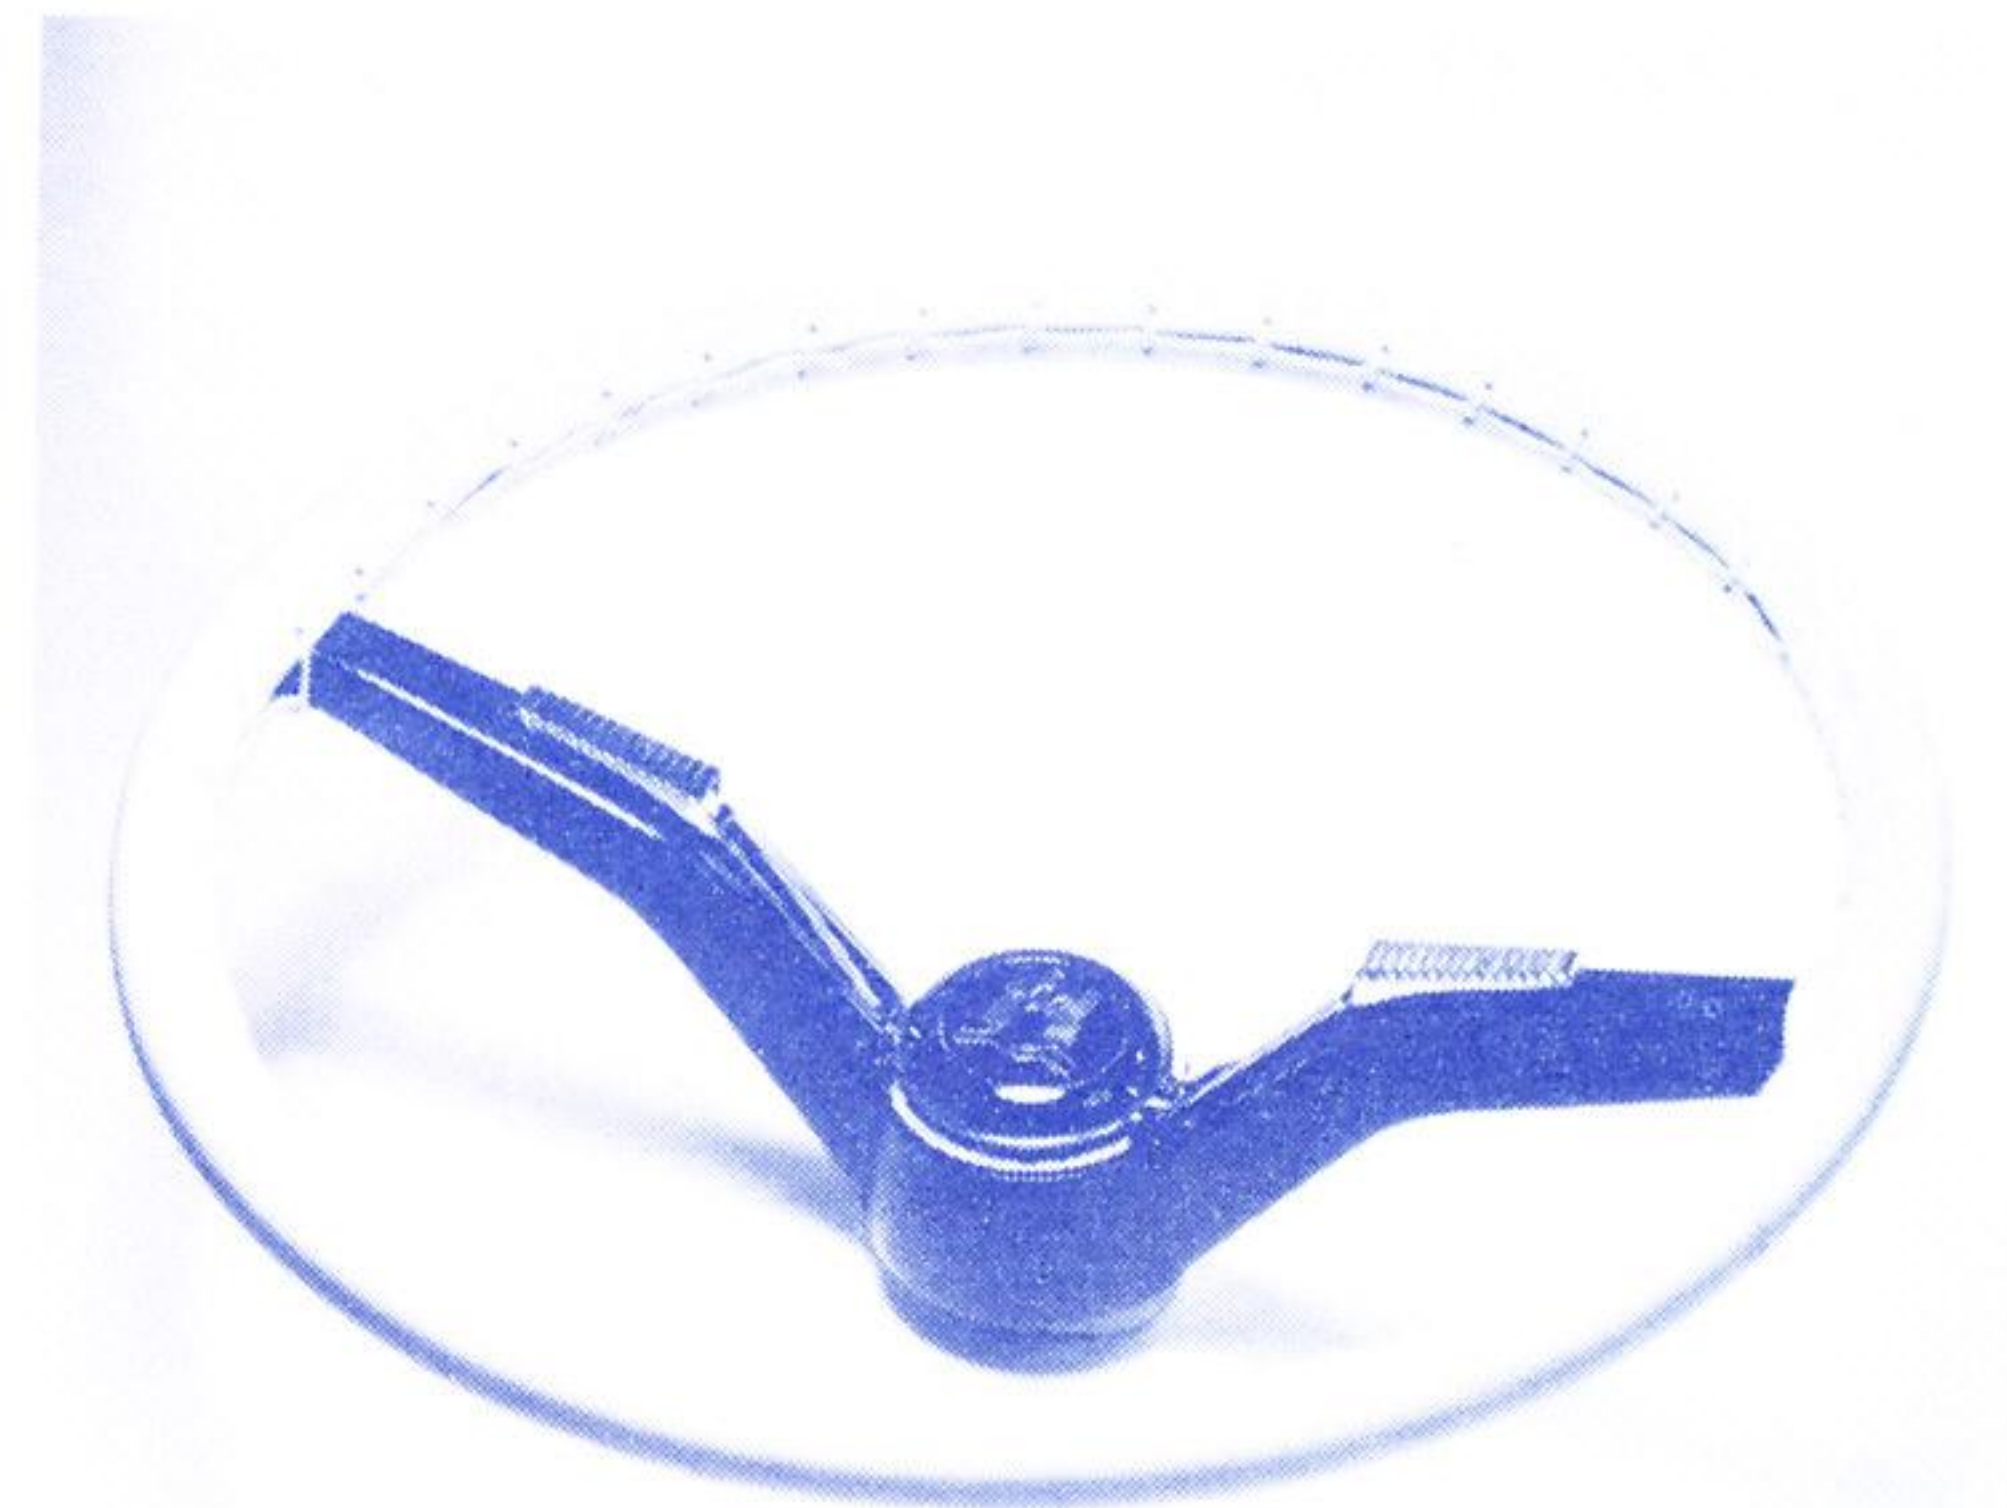

STEERING WHEEL GLOVE
— Luxurious Genuine Leather

For a safe, comfortable grip in all weather! Soft, pliable leather cover laces firmly to any 15½" steering wheel to provide a sure, non-slip hold. Backed with plastic foam — won't twist or slide — reduces vibration and driver fatigue. Does away with driving gloves. Pre-punched lacing holes for easy installation. Available in black, white and tan. Fits all Volkswagens.

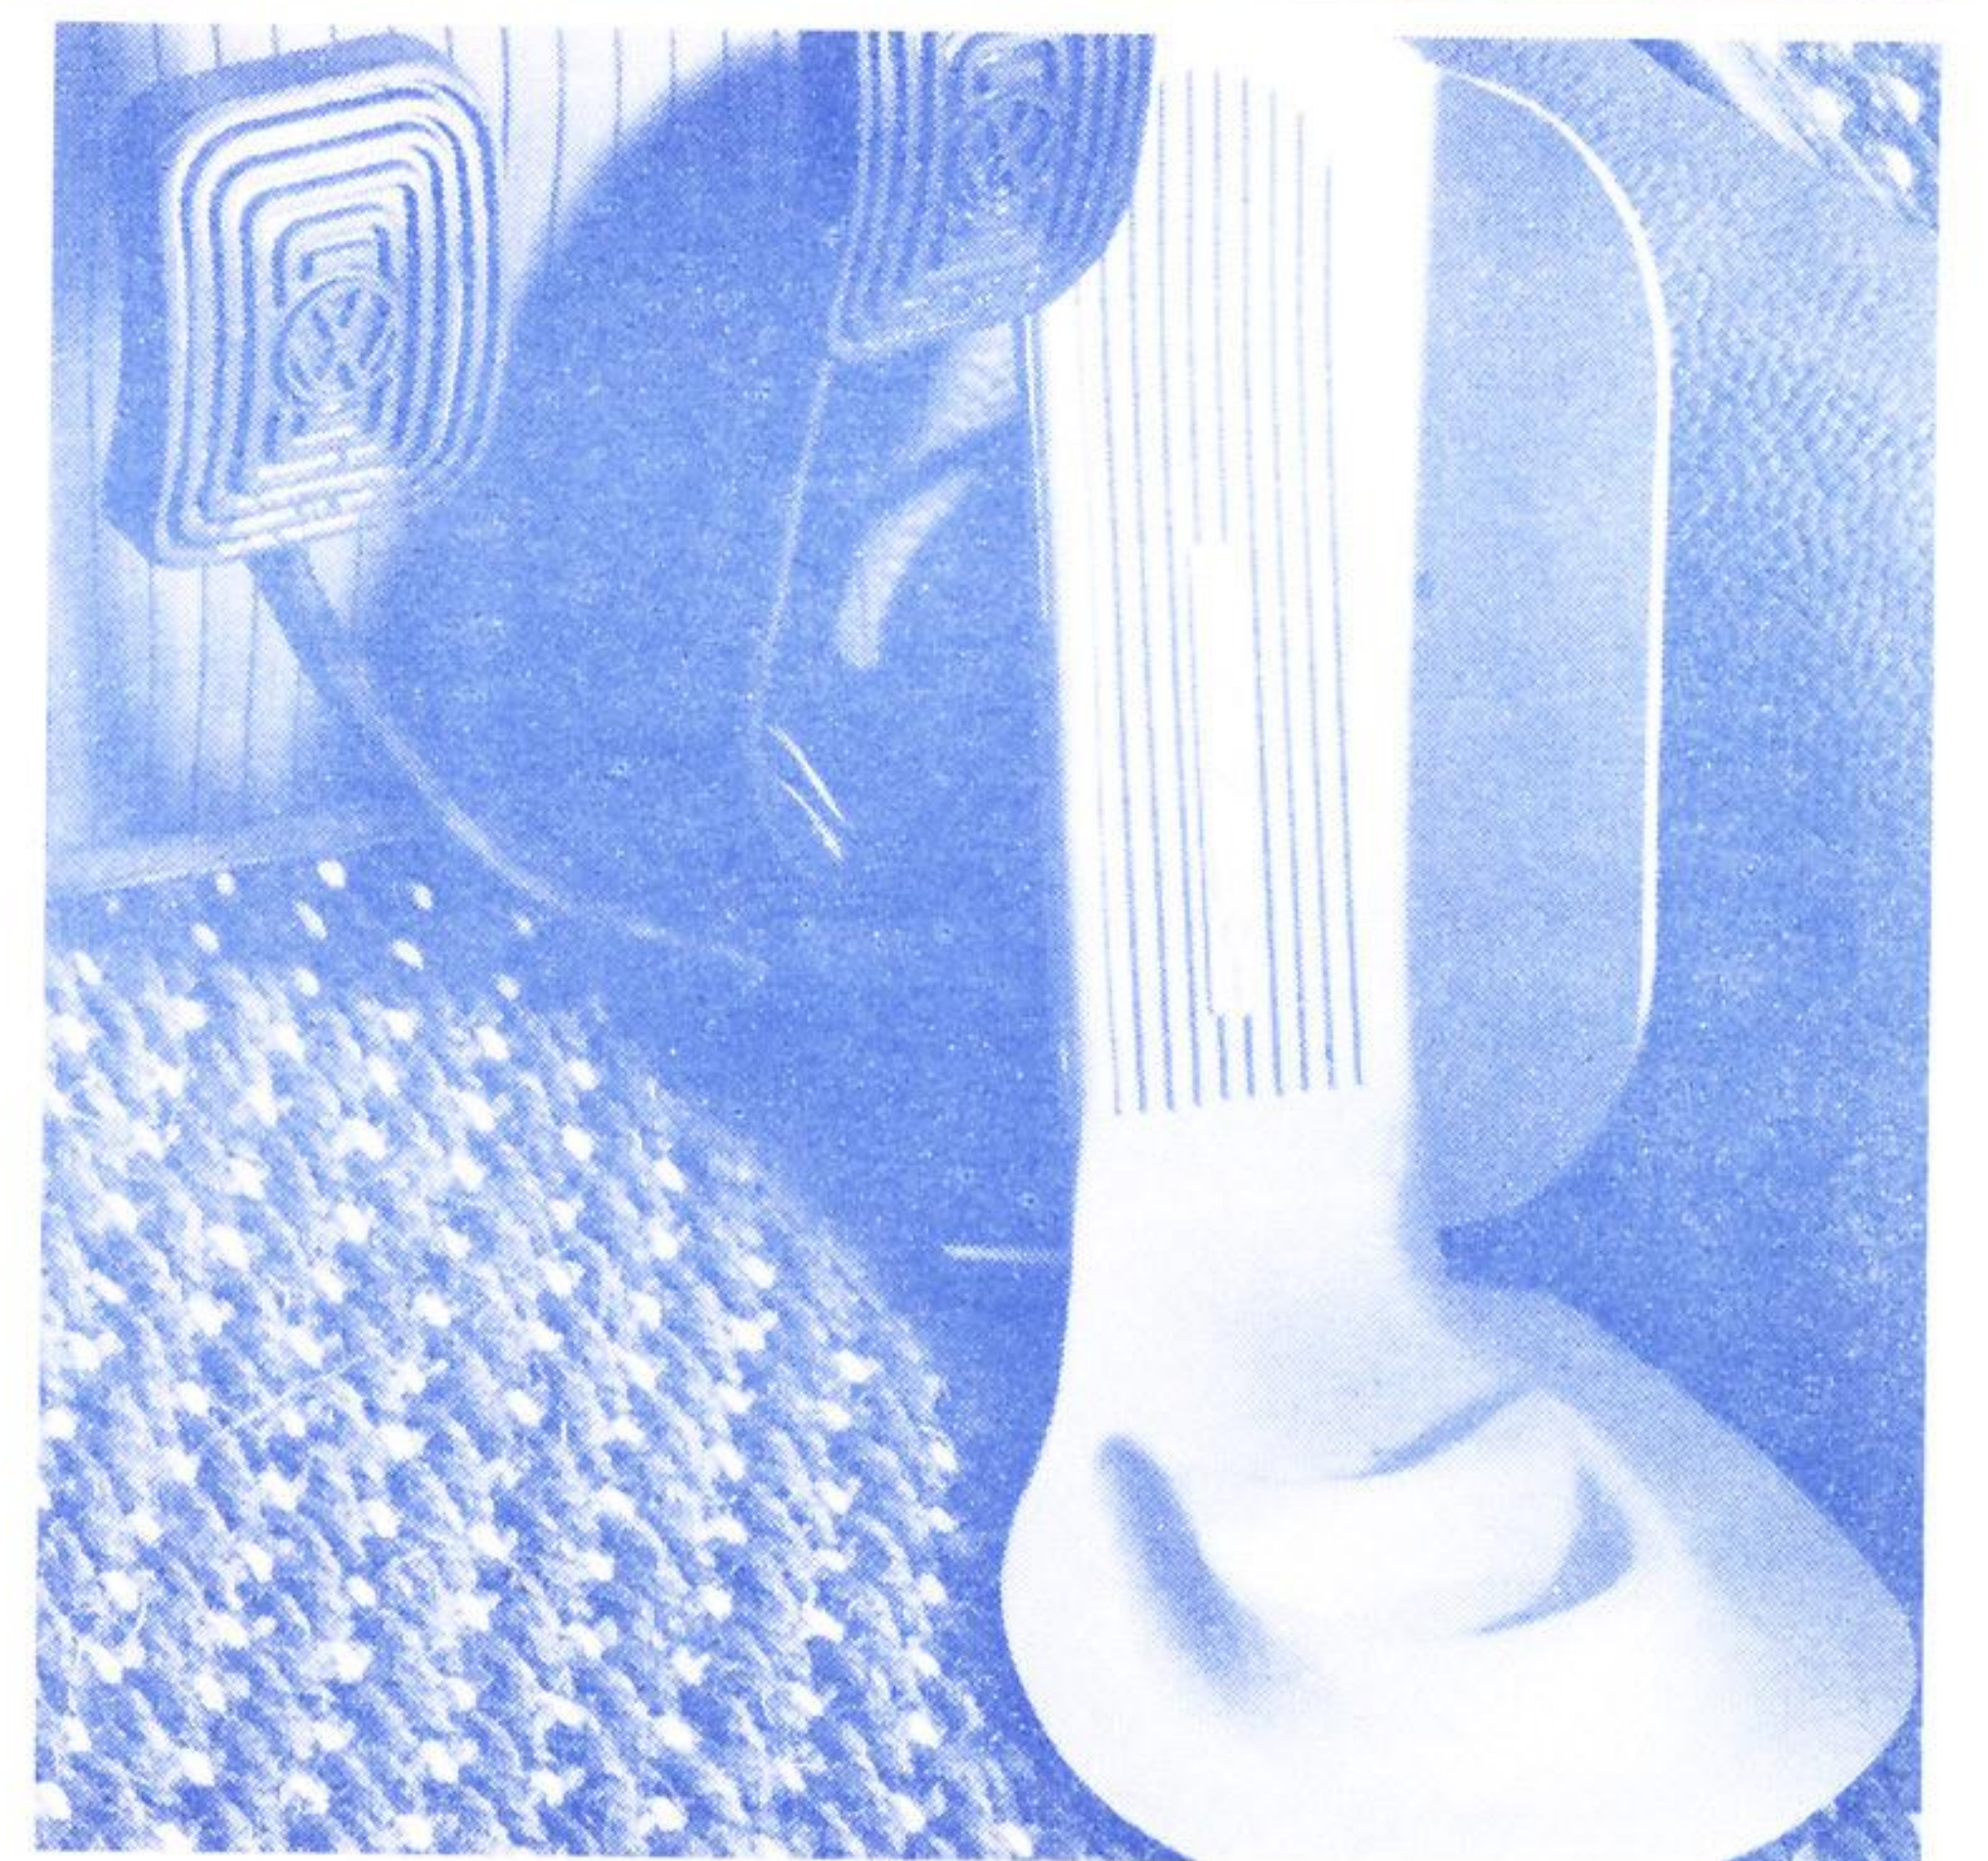

No. 1080 **\$ 7.95** each

ACCELERATOR PEDAL COVER

Prevents wintertime ice freeze-up on accelerator pedal. Prevents dirt from clogging up accelerator linkage. Protects tunnel from excessive wear, floor mat from heel wear. Built-in heel rest adds to driving comfort and protects ladies' heels. Easily attached; no alterations, no tools needed. Fits all Volkswagens, Ghia's, Volkswagen 1500's.

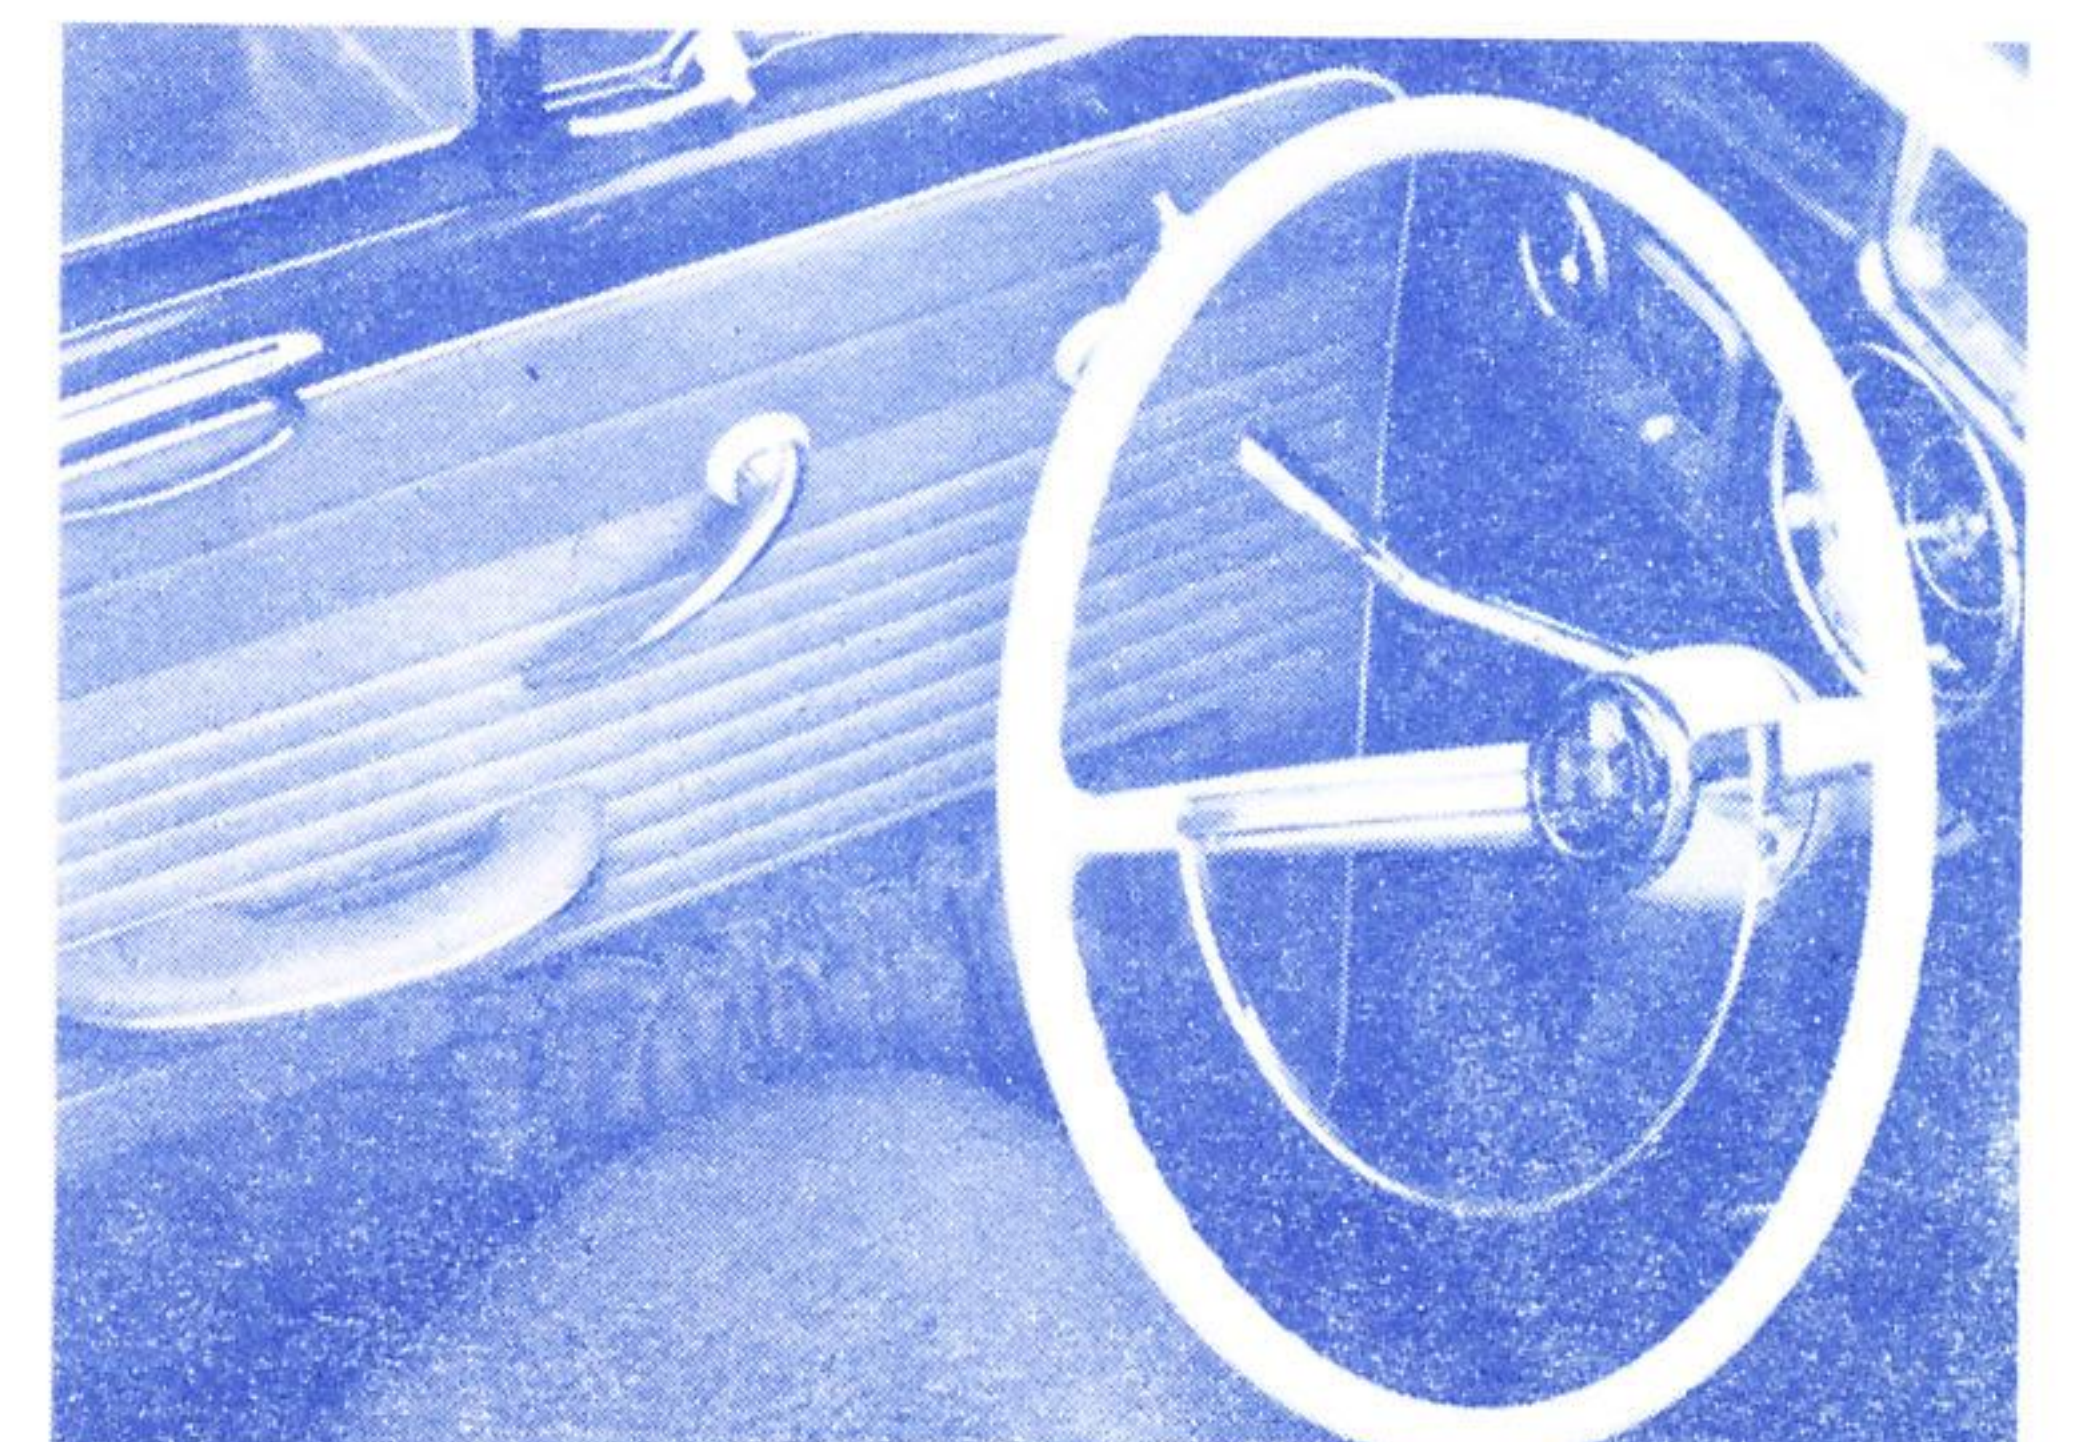

No. 660 **\$ 2.75** each

SIGNAL LEVER COVER

A practical bit of customizing. Heavy gauge chrome-plated cover adds support needed to prevent breaking of the turn signal lever. Extra length acts as an extension, too. Locks in place with tabs. Fits all Volkswagens.

No. 643 **\$ 3.95** each

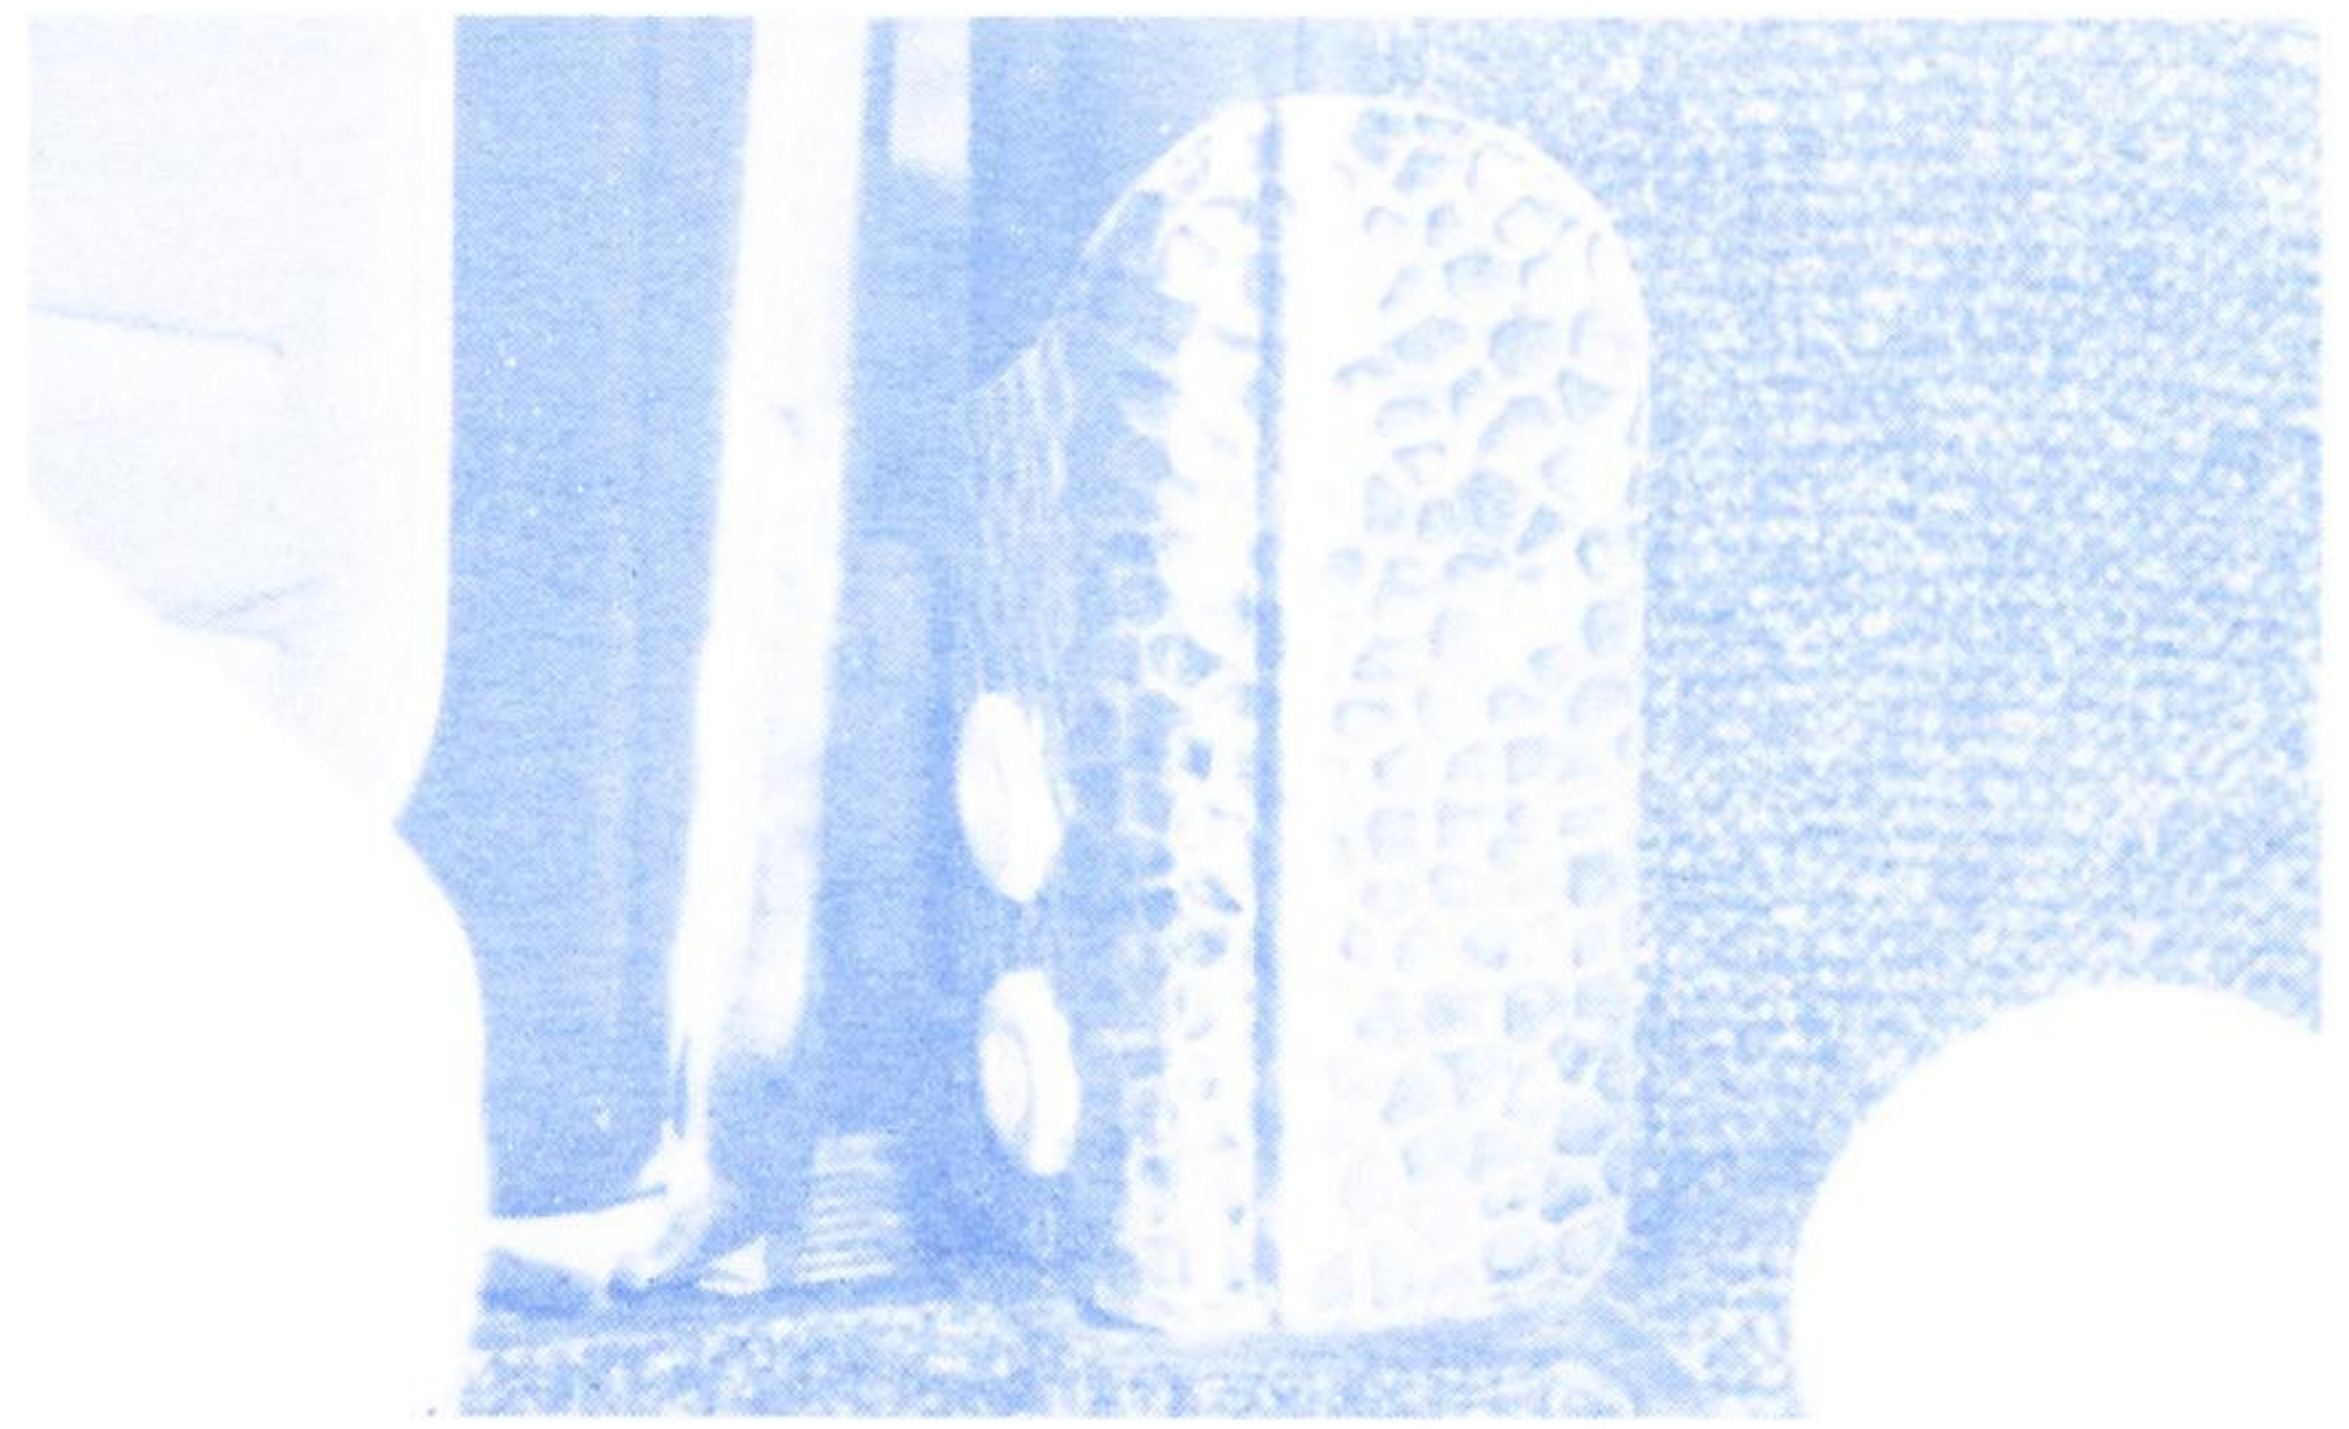

DOOR PILLAR GUARDS

The perfect way to protect the finish around your door pillar. Eliminates scuffed paint and torn upholstery. Made in Switzerland from heavy aluminum in hammered finish. No alteration necessary to install. Mounts in inspection holes with special rubber fasteners furnished. Specify year and model VW when ordering.

No. 320

\$ 3.95 per pair

DOOR PULLS

For extra convenience and surer door closing. Newly designed chrome plated door pull handles eliminate strain on other door hardware. Pulls are spring-loaded and ride flat against the door when not in use. Complete with all fittings for all Volkswagens; any year.

No. 983

\$ 4.95 per pair

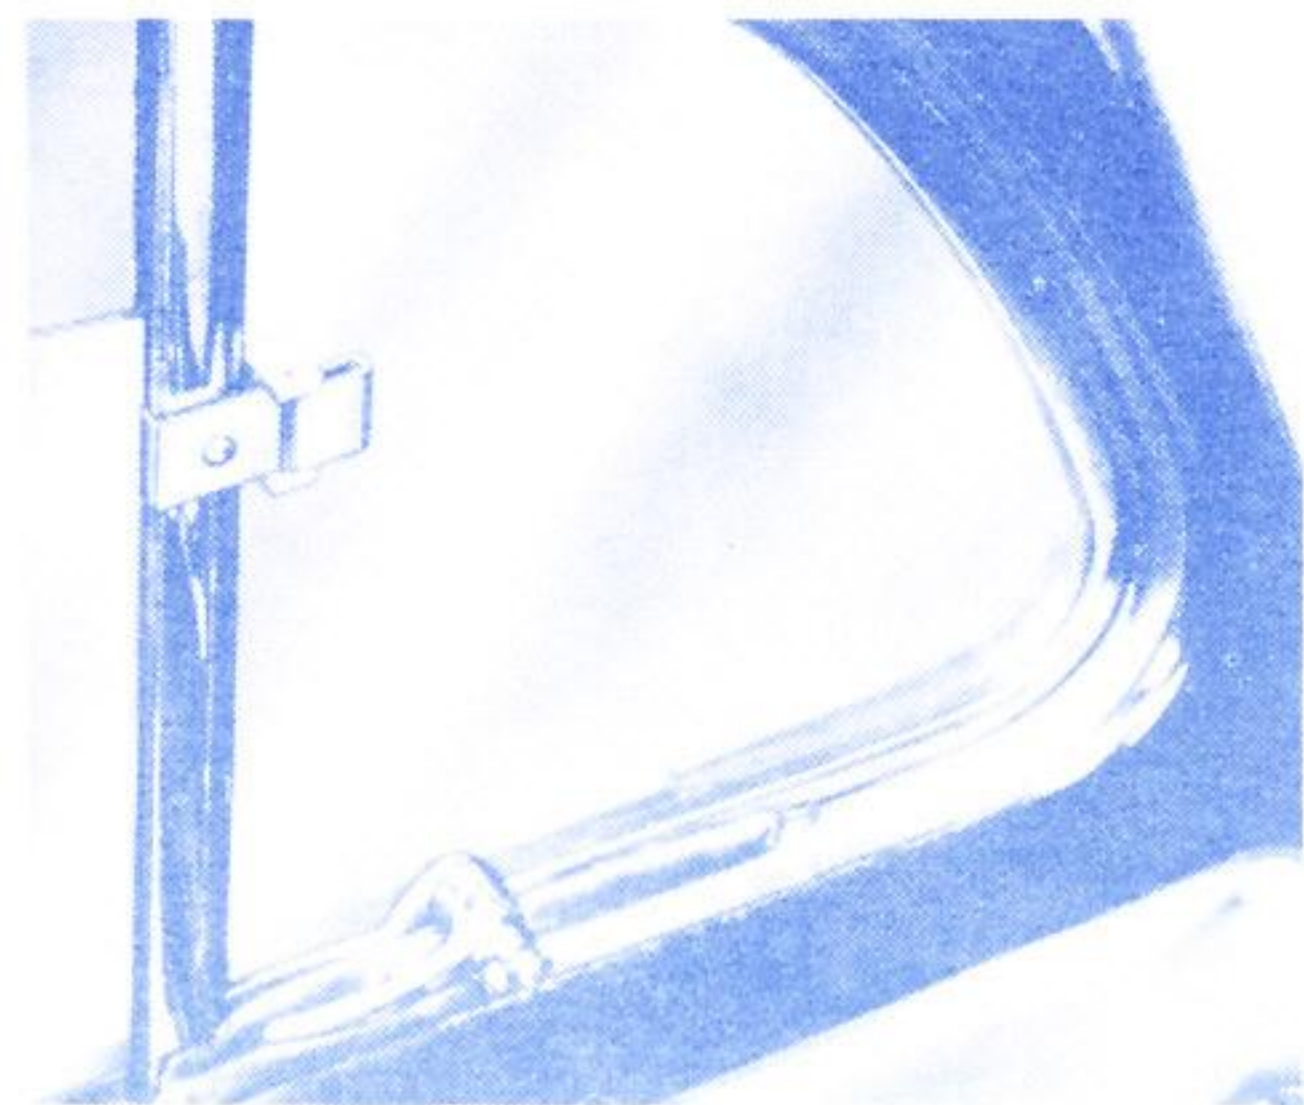

VENT-WINDOW LOCKS

Positively prevents anyone from forcing open your vent window. Installs in seconds with no alteration. For all Volkswagens, any year.

No. 21

\$ 4.95 per pair

GLOVE COMPARTMENT DIVIDER

Makes everything easy to find. Organize your glove compartment with this 6-section divider. Eliminates endless rummaging. For all Volkswagens, any year.

No. 565

\$ 2.95 each

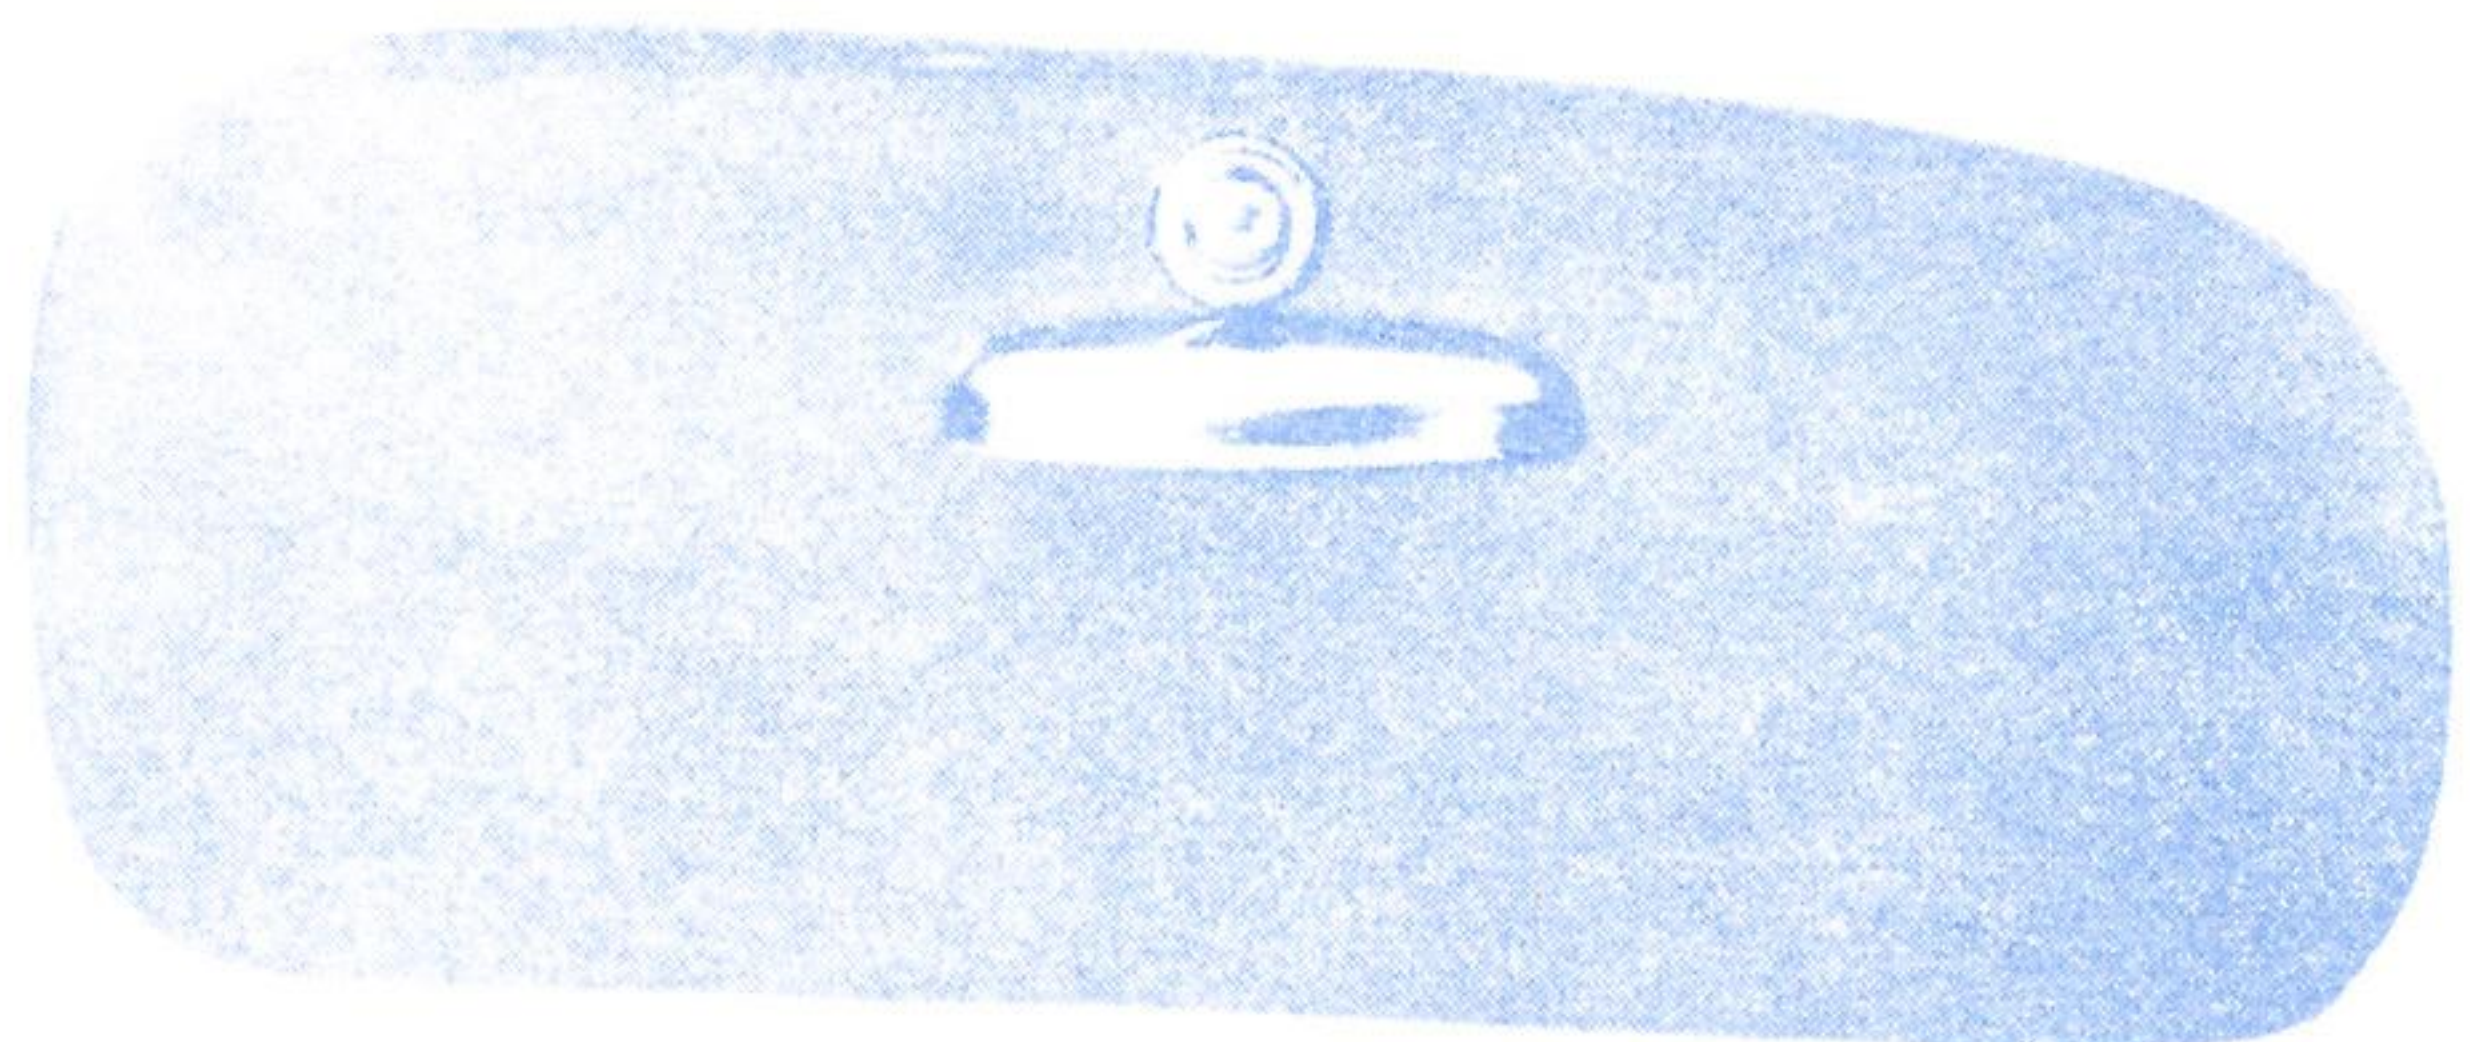

GLOVE-BOX PULL

Highly polished chrome handle, perfect for sticking and hard to open glove box doors. Installs easily by drilling two holes. For all Volkswagens, any year.

No. 647	All models 1960 thru 1965	2.25	per pair

DOOR BUMPERS

Solid rubber bumpers eliminate the problem of chipped door edges. They'll absorb the punishment from other car doors and garage walls. Easy installation.

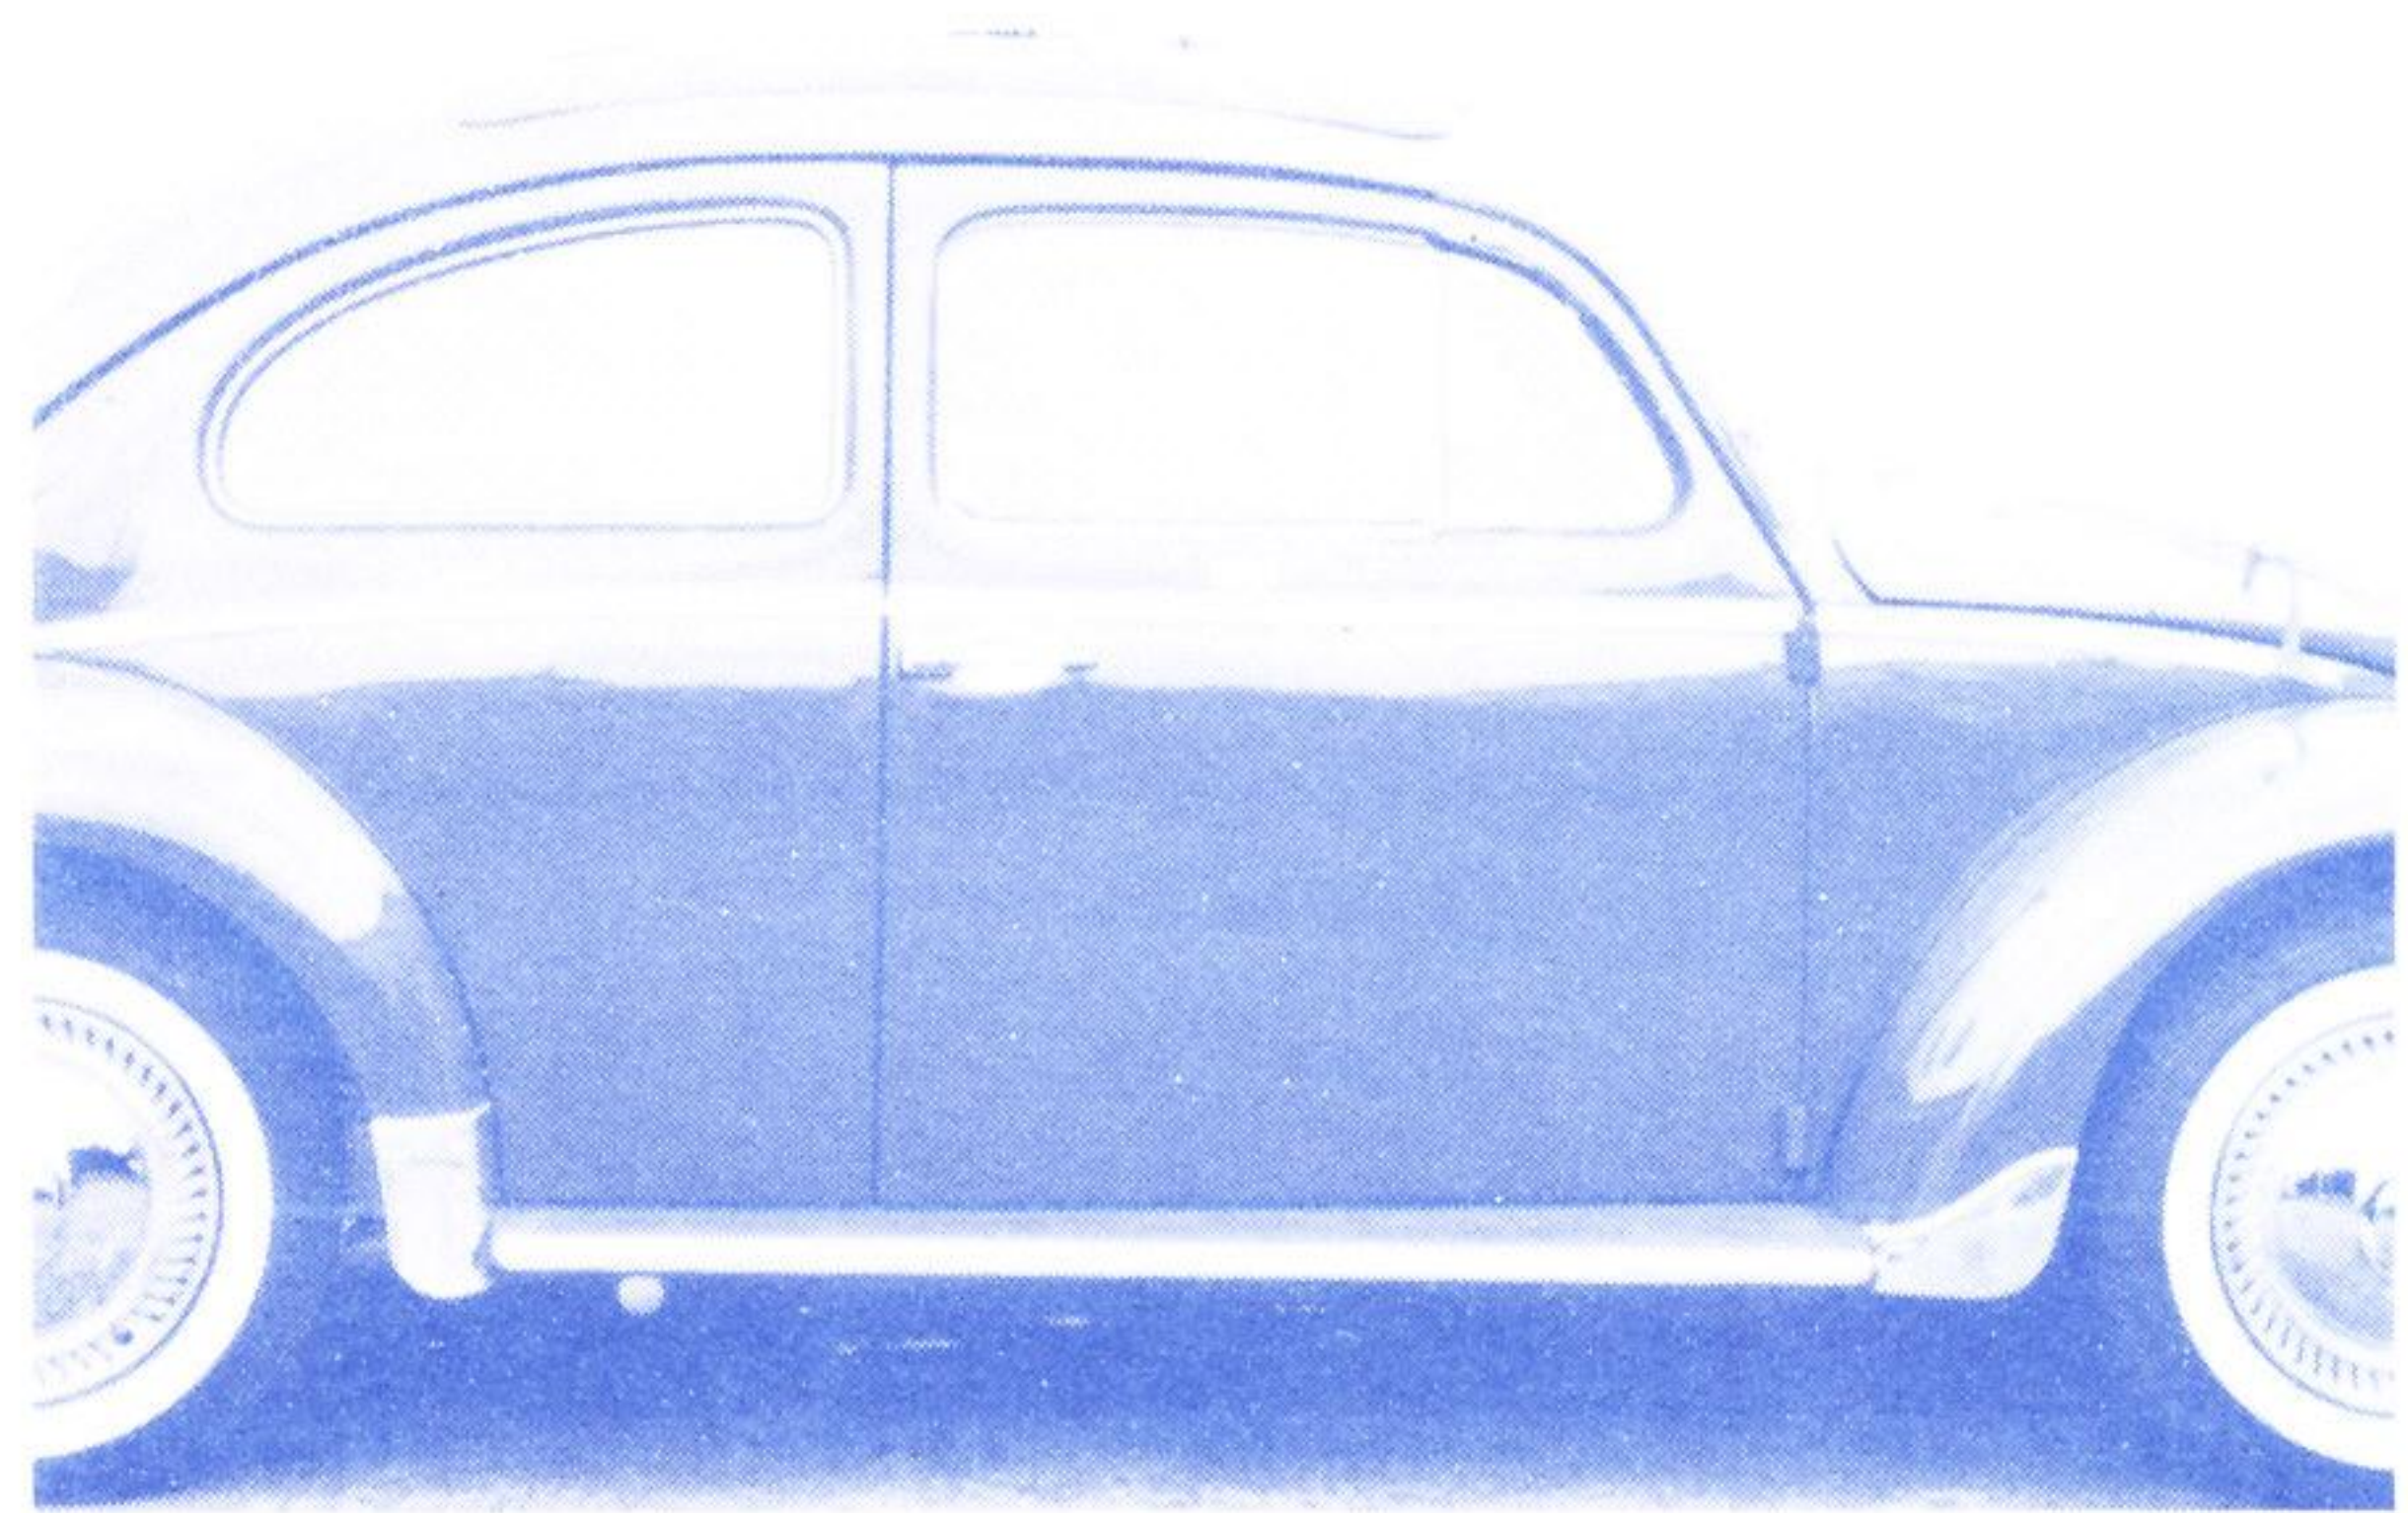

No. 172	\$ 1.75	per pair
---------	---------	----------

GRAVEL GUARDS

Protect the most vulnerable spot on your car from flying stones and gravel. These heavy duty guards, our exclusive import, are made of heavy-gauge steel, brass-plated, then heavily chrome plated — not the ordinary polished alloy variety. Our guard will withstand more punishment and look far better over the years, and protect a larger area than others. No drilling or alterations. Complete and ready to install. For all sedans and convertibles.

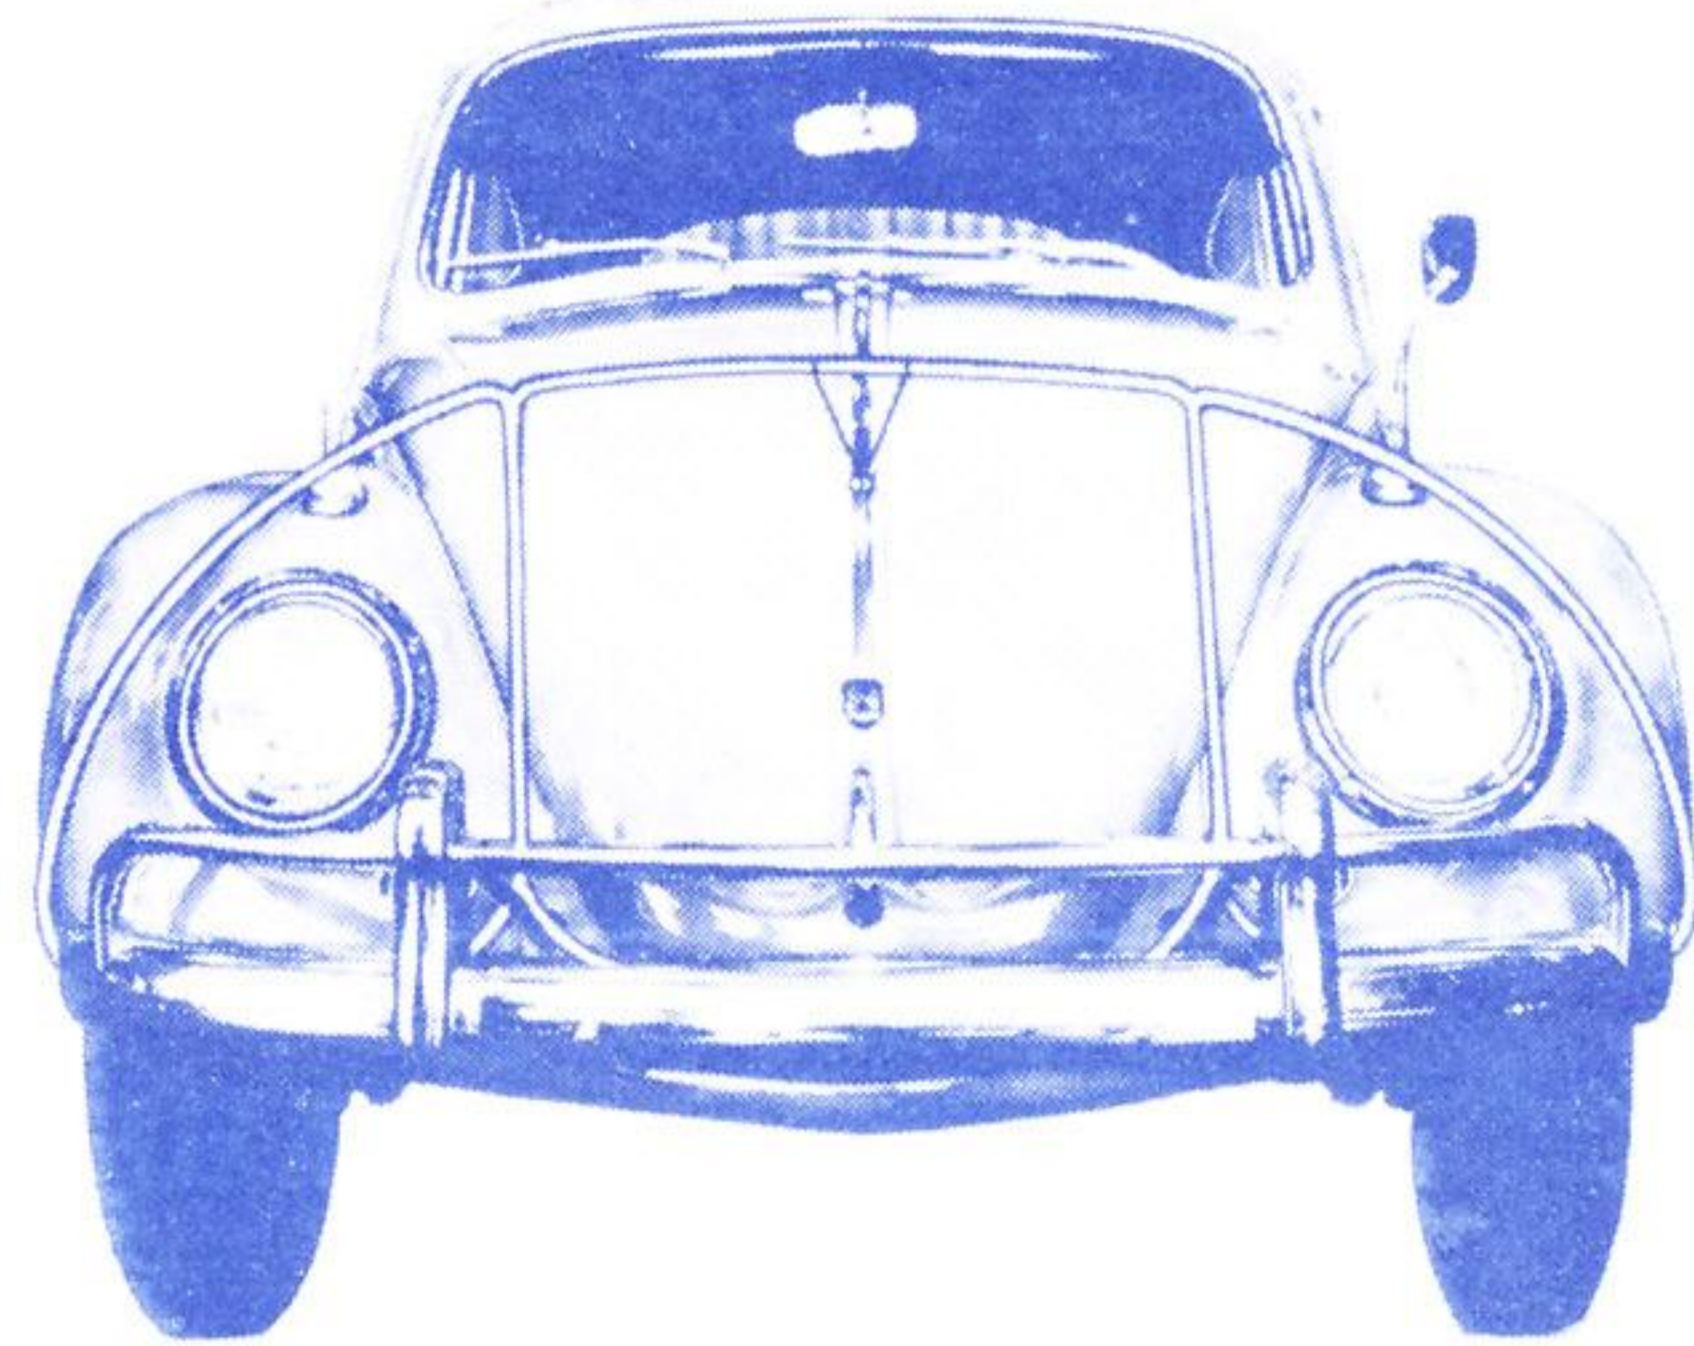

No. 7150 Rear Guards \$ 4.75 per pair
No. 6650 Front Guards \$ 4.95 per pair

BUG AND GRAVEL SCREEN

Prevents bugs, gravel and stones from marring the front of your Volkswagen. Saves the trouble and cost of touching up the front of your car. Made from high quality materials for hard road use. Easy to attach. Hood support bracket allows quick access to the front luggage compartment. For all 1200 sedans and convertibles.

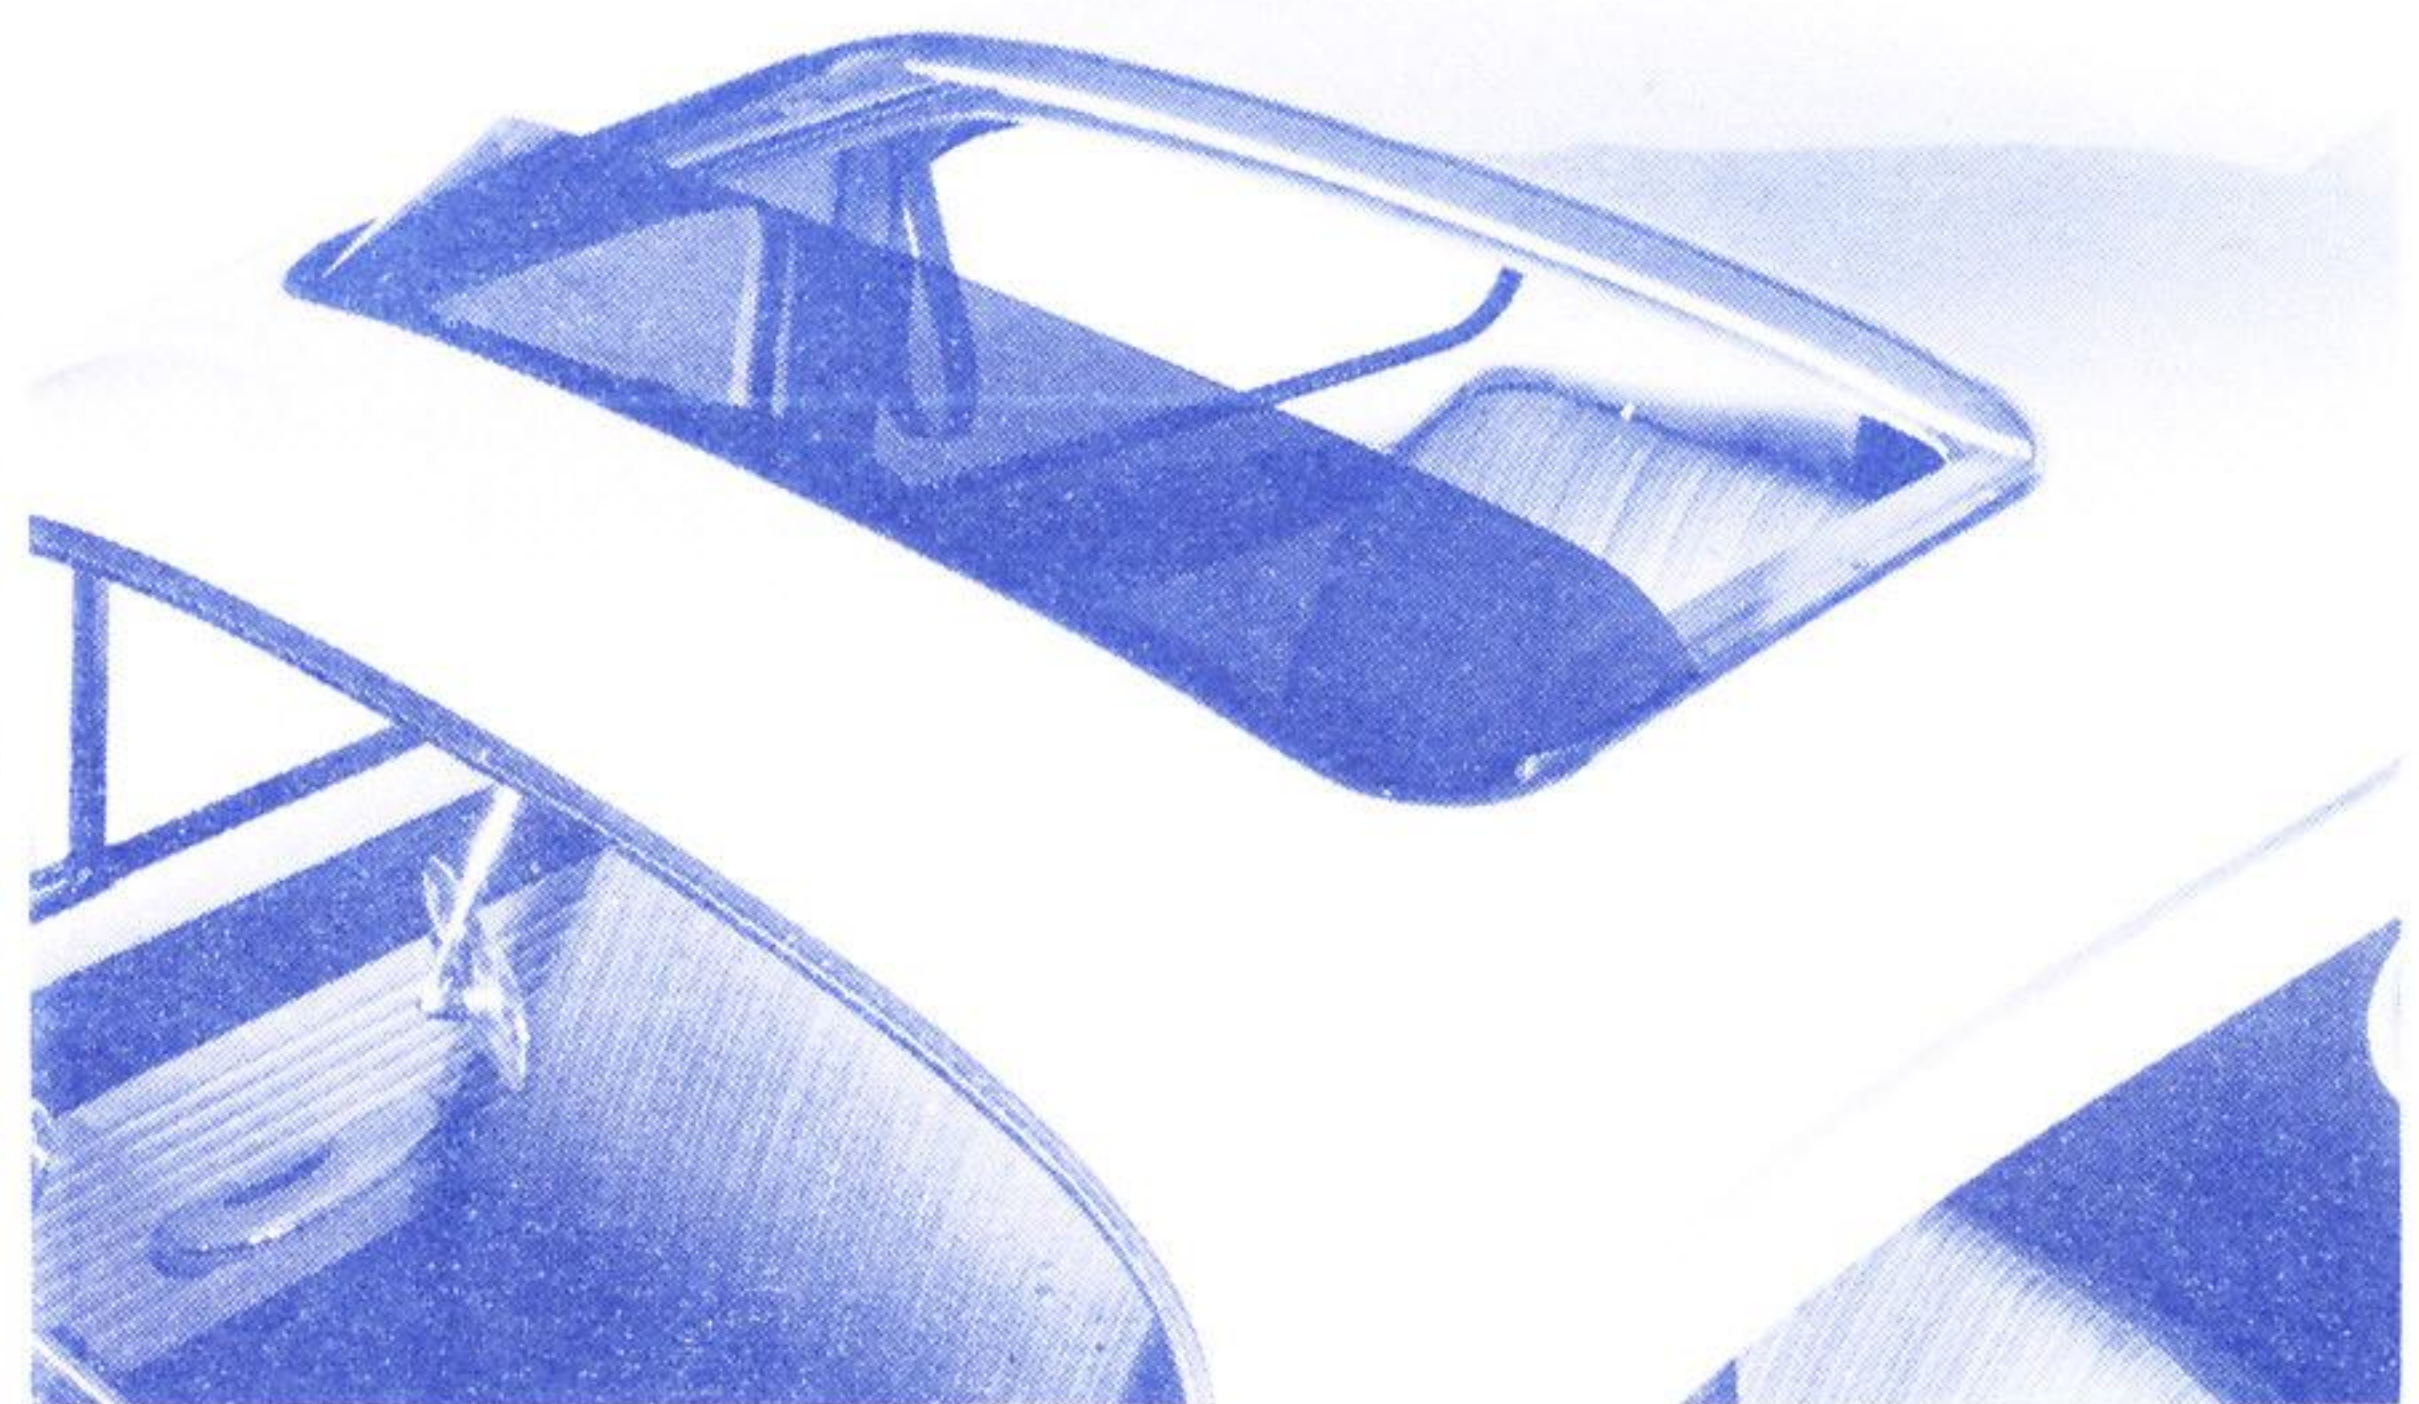

No. 125 \$ 8.95 each

WINDBREAKER . . . Newly designed

Stop annoying air rumble when sunroof is open with this durable windbreaker. Made of 1/4" plexiglas. Designed especially for the hard top sunroof, and convertible. Blocks gusty ventilation and reduces fatigue from noise and windroar. Get more enjoyment from your VW sunroof on windy days or chilly evenings! Finest European construction. Installs in a matter of minutes.

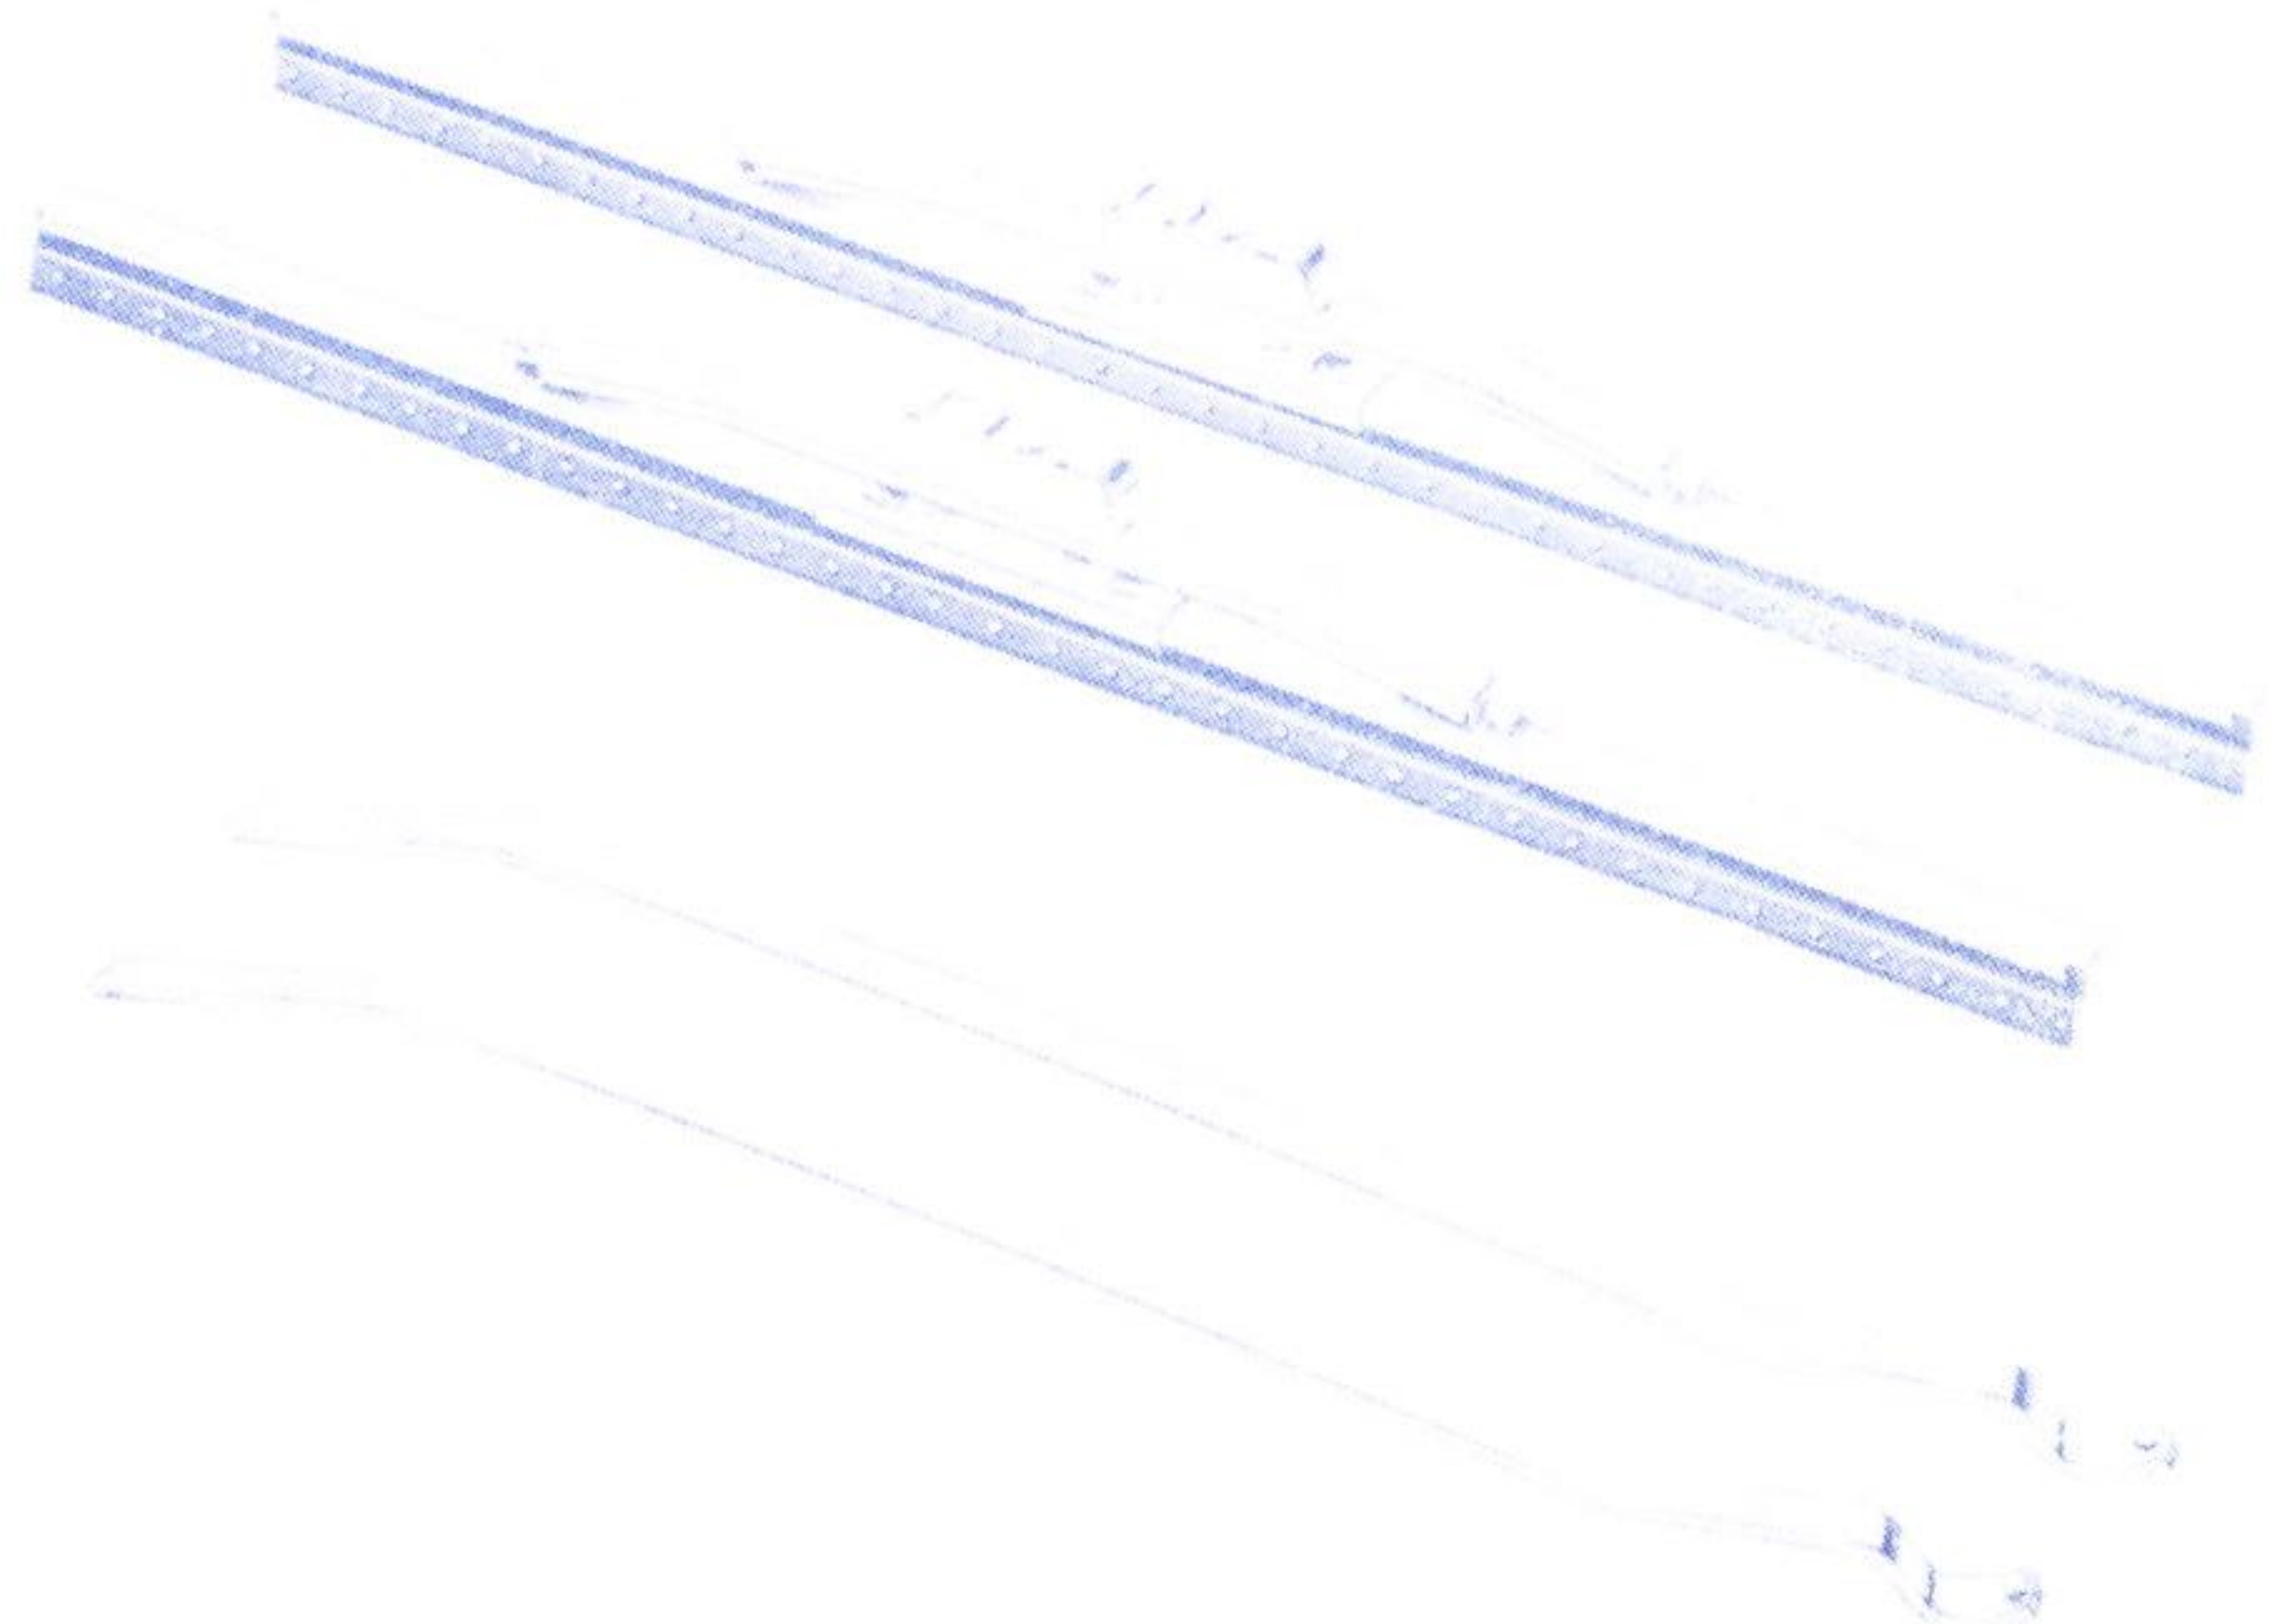

No. 499 \$14.95 each

WIPER BLADE CONVERSION KIT

Volkswagen owners can now change over to specially designed TRICO wiper blades and arms. Proven in operational tests to provide VW owners with the same high standard associated with TRICO equipment on American-made cars. Change over is done without complete arm replacement; converters are easily installed in the VW standard equipment arm heads and match exactly the original arm finish.

W-102 For all sedans and convertibles from 1959 on. Contains two 9" wiper blades, two arm converters. \$ 3.00 each
W-103 For all transporters. Contains two 11" wiper blades, two arm converters. \$ 3.00 each

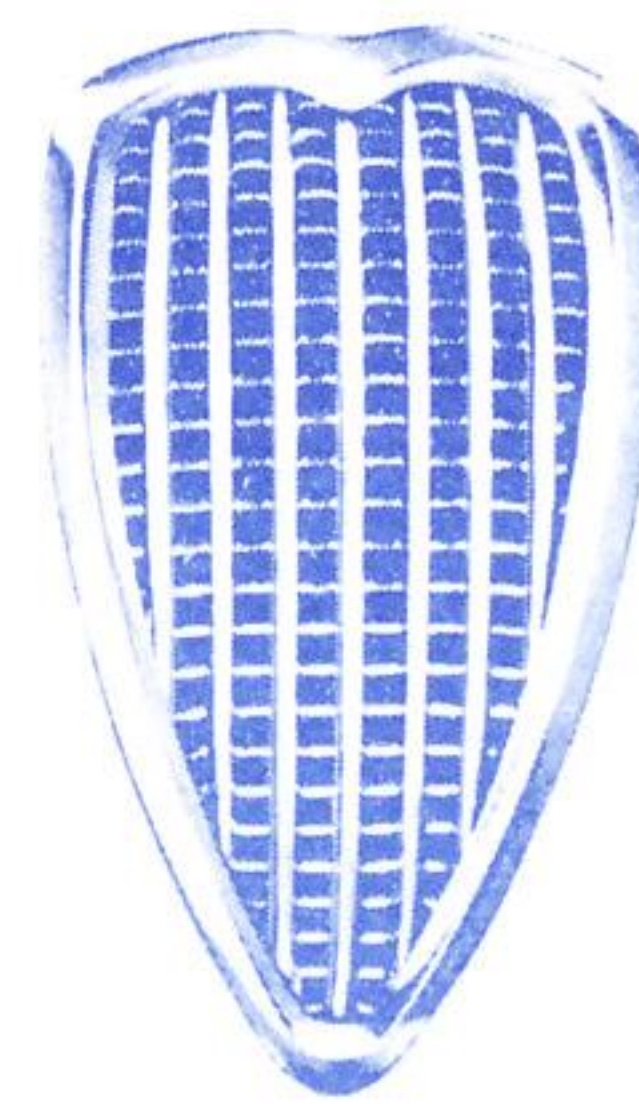

EXTERIOR ACCESSORIES

NEW

MAGNETIC OIL PAN DRAIN PLUG

. . . prevents unnecessary engine wear!

Trap stray particles of steel. Strong, permanent magnetic plug "draws" bits of steel from the oil. These particles are usually found in new engines and in engines that have been recently worked on, but normal engine wear can produce them too. Install in place of conventional oil drain plug. Fits all VW's from 1960 to date.

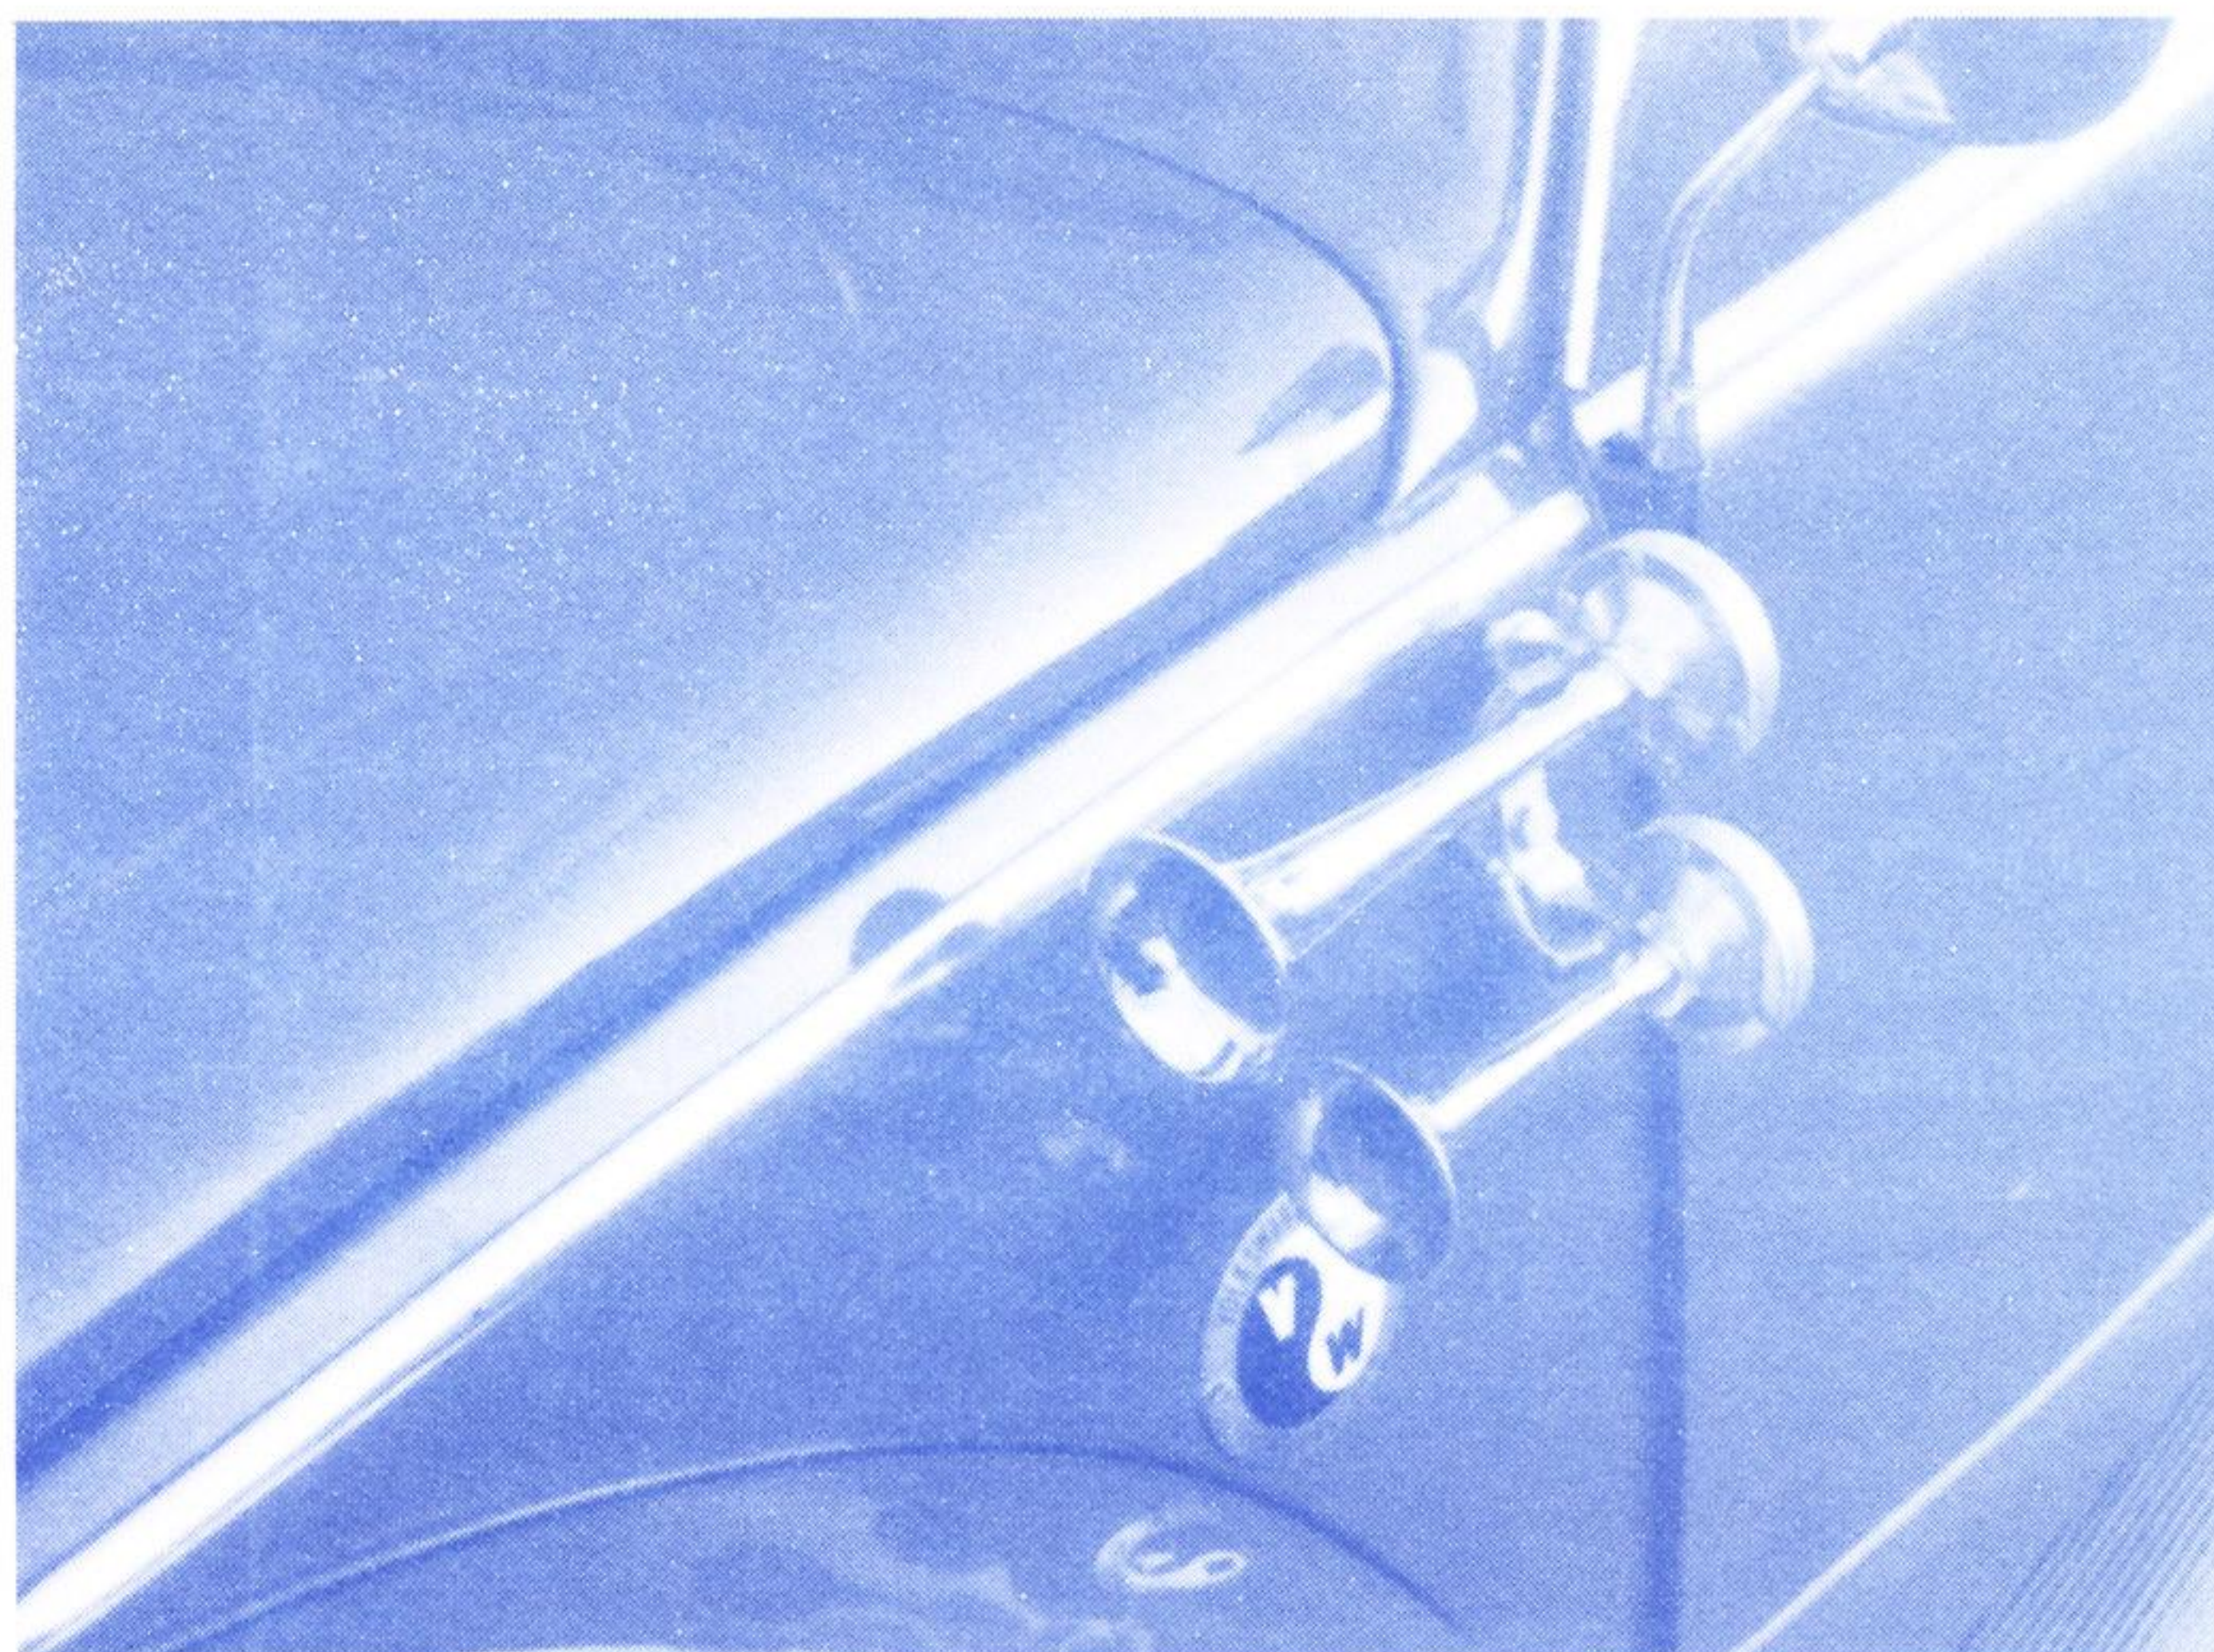

No. 1000 \$ 1.50 each

NEW AIR HORN, MADE IN ITALY . . .

it's safer when they know you're there!

Electrically operated air horn produces a confident, penetrating blast with a range of 1 mile. Twin trumpets produce a distinctive tone. Chrome plated on brass. Made for side cowl mounting. Compressor is compact, mounts in small space under the hood. Connection is made to existing horn button wiring. Includes selector switch to permit instant switching back to stock horn. Complete with all hardware and necessary parts. For all 6-volt cars.

WORLD-RENOWNED DUAL-PURPOSE TRANSISTORIZED RADIOS!
High Fidelity in your Car . . . or at Home, the Beach, Anywhere!

The **NEW** DERBY

. . . A Standard in the Industry!

A great portable and a superb car radio! Offering FM, AM, Shortwave and Marine Bands automatically selected by push-button, the Derby has excellent fidelity and bass response and unusual audio power for a radio of this type. *Featured in the New Model:* Separate treble and bass tone controls, Automatic Frequency Control (AFC), increased sensitivity and audio output, visual on-and-off indicator. Portable uses 6 inexpensive "D" flashlight batteries (300 hour playing time), has its own telescoping antenna and removable handle. Instant play — no warm-up time! Under-dash bracket has lock to prevent theft of radio, provides automatic connection to car's battery and outside antenna when radio is inserted. The Derby has inputs for your tape recorder or record player and a jack for an external speaker or earphone. Weight 6½ lbs.; size 10.6" x 7.8" x 3.4".

The AMERICAN

. . . A Portable that Custom-Mounts in the Dash!

FM, AM and Marine Band

A compact portable (6-5/8" x 5¼" x 1-5/8") weighing only 2 lbs., the American slides into the dash to automatically engage outside antenna, car's battery, auxiliary amplifier built into bracket and separate speaker. Radio can only be removed when ignition is on; when removed a "door" automatically covers the opening to keep appearance neat and trim. Auxiliary amplifier provides extra power to overcome even the most extraordinary amount of road noise. Special features: Pushbutton band selection, telescoping antenna, tone control, flip-up carrying handle. As a portable, the American uses 4—"AA" penlight cells. Installation kit is complete with custom-mount speaker, all hardware and trim-plate and suppression materials.

Please See Next Page for Antenna Information

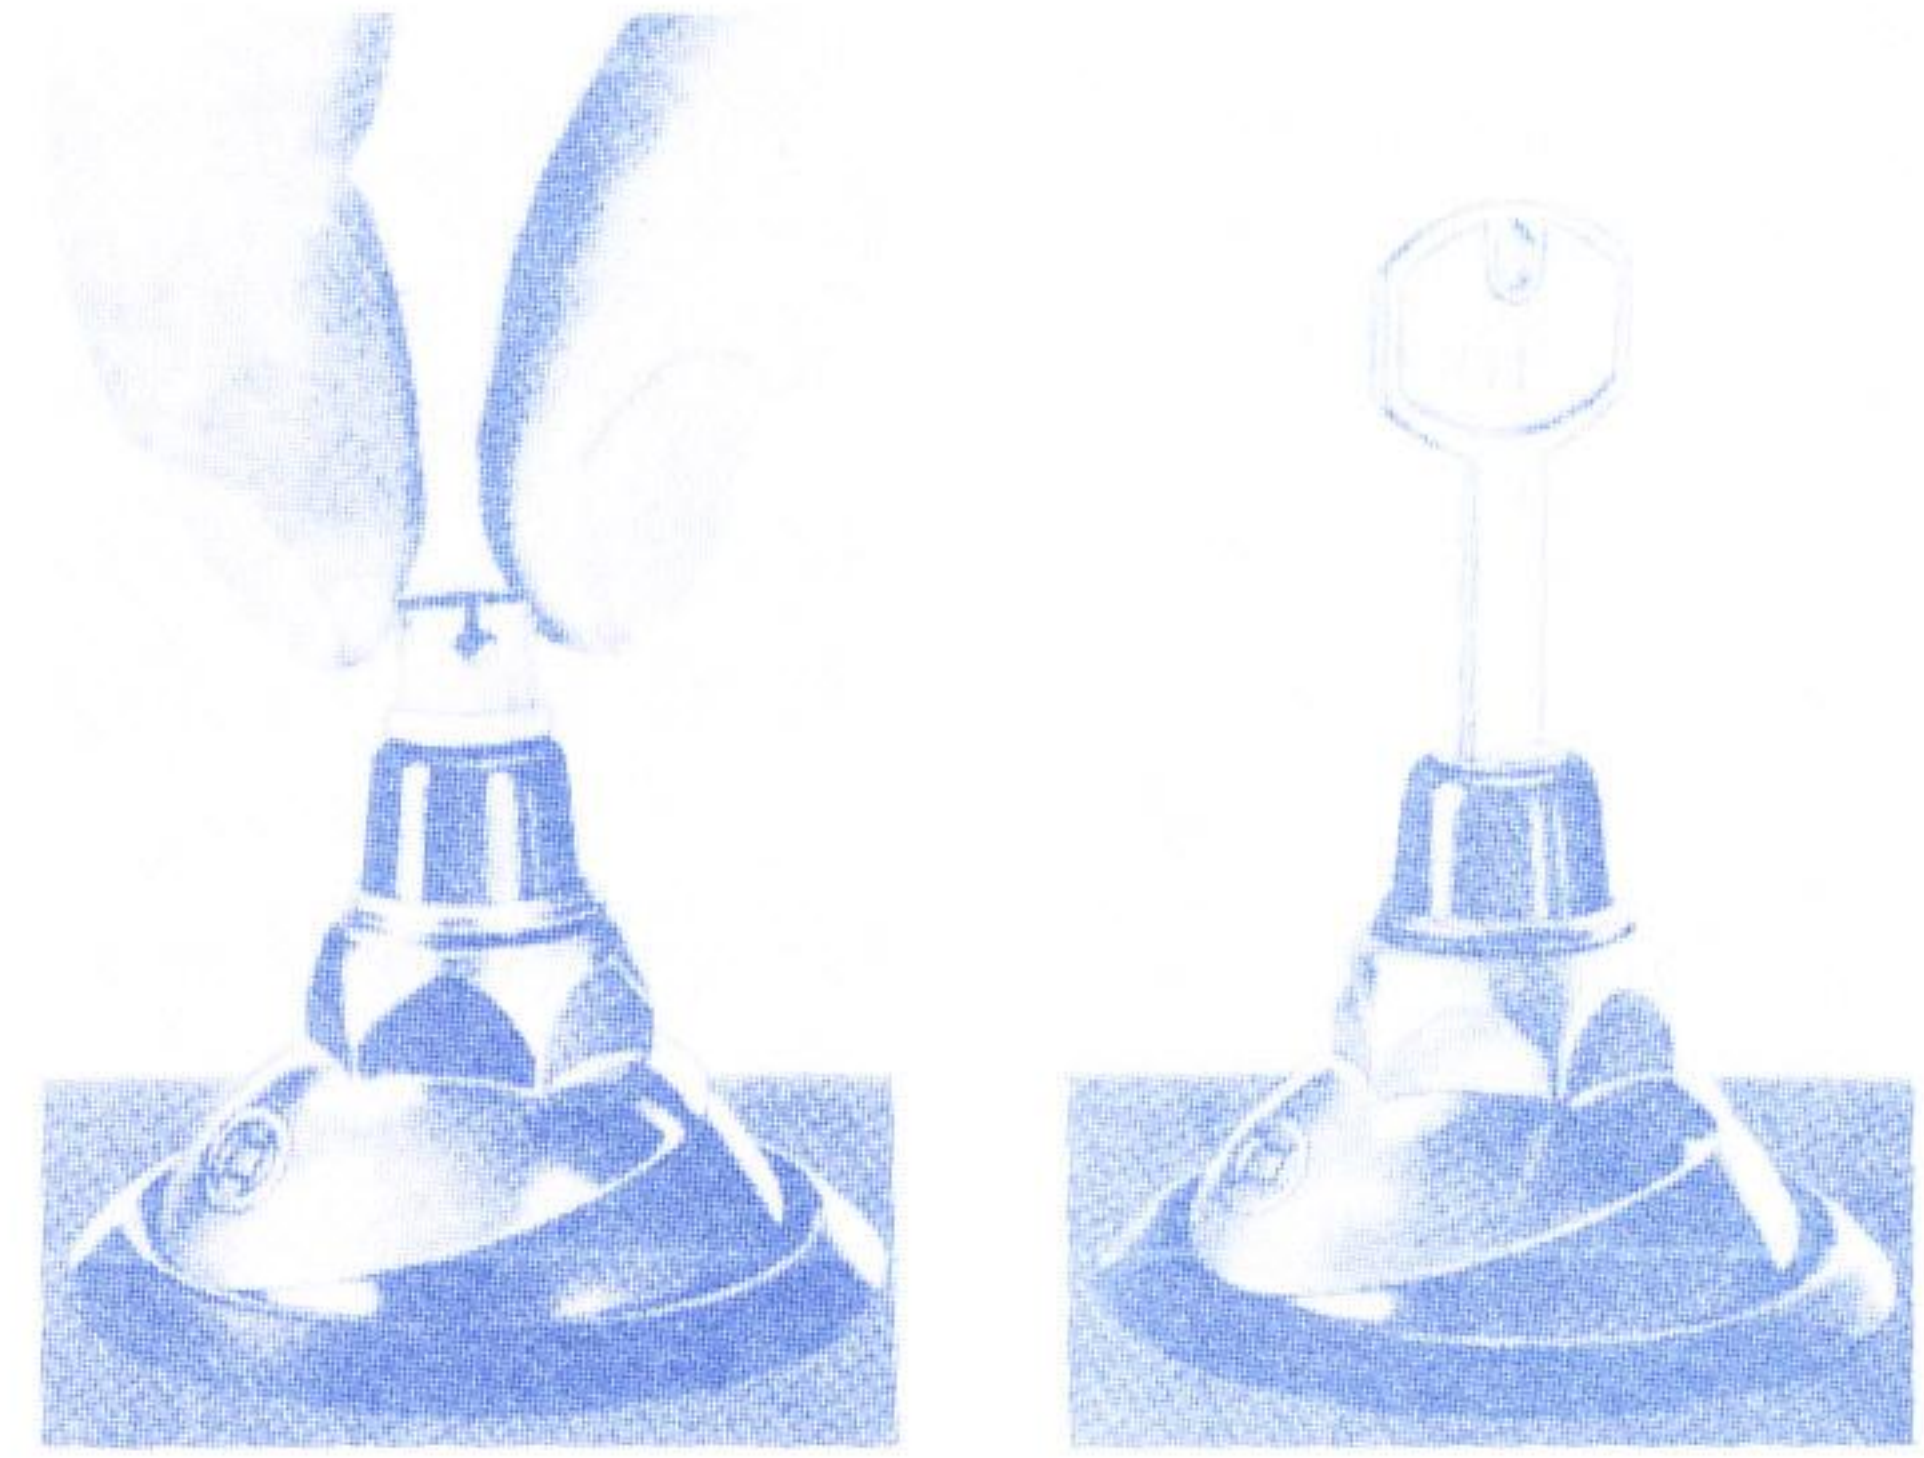

ANTENNAS

Will an FM Car Radio Perform up to the Manufacturer's Design Standard?

Each circuit in a radio has some impedance value. In the case of the standard American-made radio, the antenna circuit impedance is usually 52 ohms, to which American-made auto antennas will match; the German made Blaupunkt FM radios, however, use antenna circuit design around a 30 ohm impedance and the use of a standard 52-ohm domestic antenna results in a mis-match which produces a serious loss of radio signal. For this reason, the use of the Robert Bosch antennas pictured is strongly recommended. All are well-made of quality materials, hold up extremely well under the conditions in this country and perfectly match the antenna circuit design of all Blaupunkt radios, to achieve the maximum sensitivity and distortion-free performance built into each instrument.

MOLYKOTE FLUID CONCENTRATE

The Original World-Famous Molybdenum Disulfide Automobile Lubricant

Parts last longer. New parts wear in properly. Reduces frictional heat to eliminate tendency for oil to break down. Molykote Fluid Concentrate will blend with automotive lubricants, will not clog or be removed by filter. Add a 2 oz. tube to crankcase, standard transmission and rear axle lubricants.

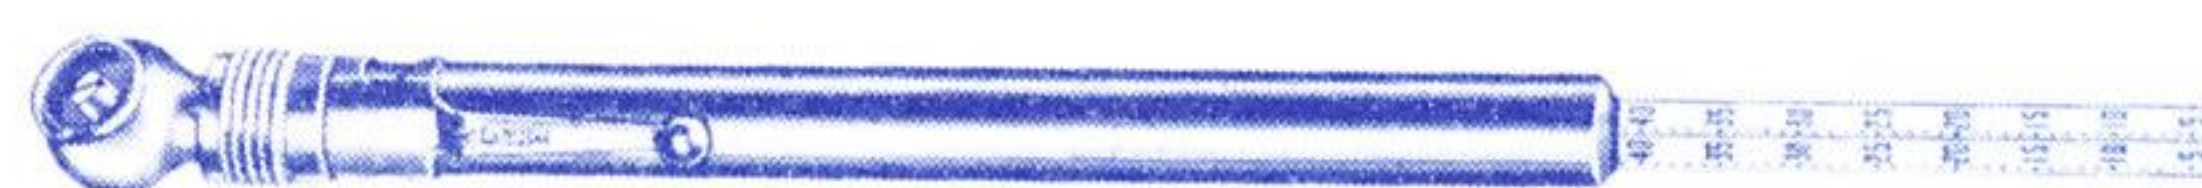

2 oz. tube **\$ 1.25** each

NEW PROFESSIONAL PENCIL TYPE TIRE GAUGE

Check tire pressure regularly and accurately. Incorrect pressure can increase tire wear and reduce fuel economy. Sturdy gauge has nylon indicating bar with etched markings for each pound of pressure. Checks 5 to 50 lbs. Pocket clip and deflating pin.

No. 509 **\$ 2.95** each

VALVE SEAT CUTTER KIT

CUTS THE HARDEST SEATS

Stops grinding dust from ruining cylinder walls and makes a perfect valve seat in just 5 quick turns!

The principle of the NEWAY VALVE SEAT CUTTER does away with old-fashioned grinding and lapping. A hand operated tool, it eliminates the need for high-speed electrical equipment and actually produces a far more accurate valve seat. Cutting head and blades are precision tooled instruments that save time and money with confidence that you've done a perfect job. You'll find it's easy to do one valve a minute.

The kit consists of one cutting head with 45° angle on one side and 15° angle on the other and one head with a 75° angle. Volkswagen pilots are provided in each kit. The serrated carbide blades cut very fast, so we provide a light-weight "T" handle socket wrench that allows the mechanic the feel of the cutter. Two or three pounds of pressure is all that is required. Fits all Volkswagen years, including the new 1500 series.

THE LIBRARY

LATEST EDITIONS BY FLOYD CLYMER

HOW TO DRIVE A VOLKSWAGEN

This wonderful book contains detailed instructions on the proper handling of your car. Get this latest revised edition, which includes specifications.

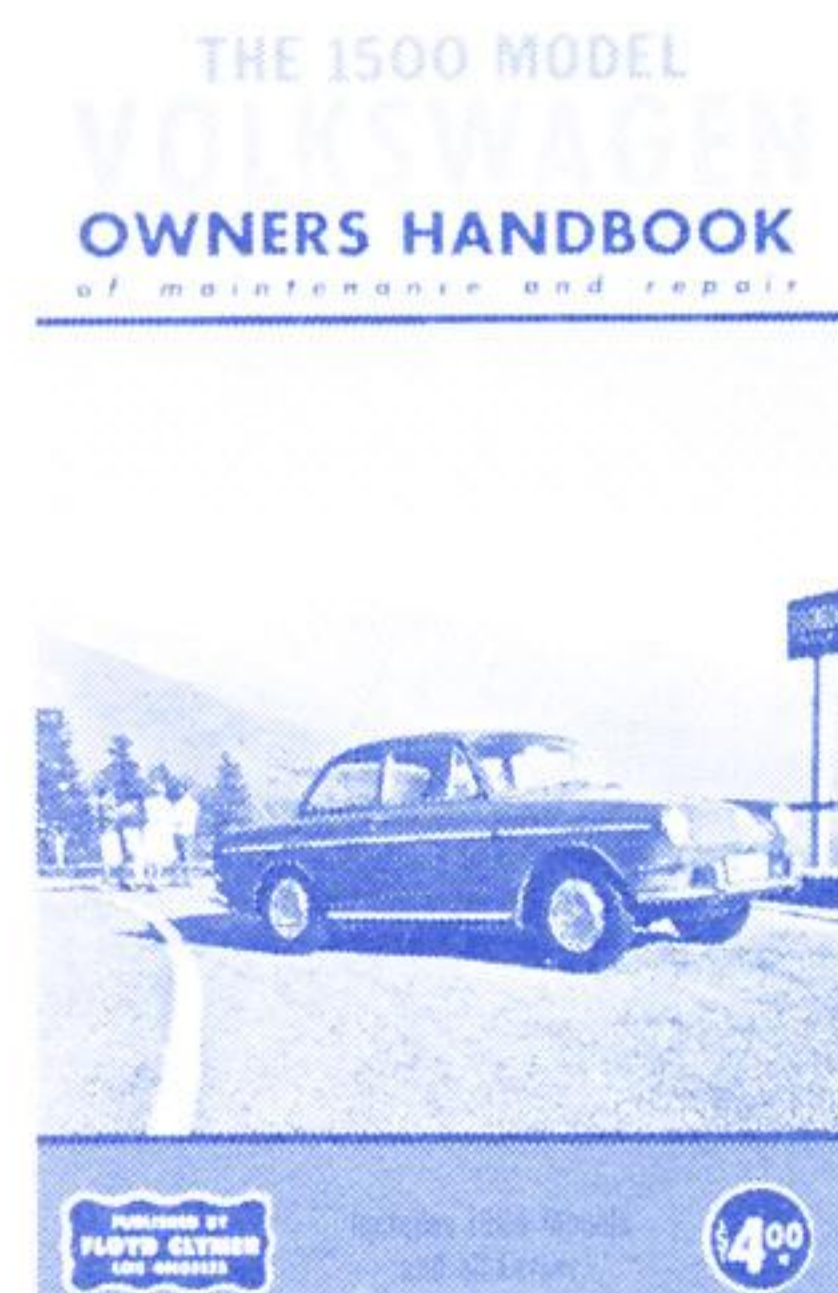

\$ 3.00 each

VW 1500

The newest Floyd Clymer reference book gives complete information on the maintenance and repair of the new VW 1500 models. Contains vital information on servicing the entire 1500 series including the 1500 S. This handbook gives you information on all years from the earliest models to present date.

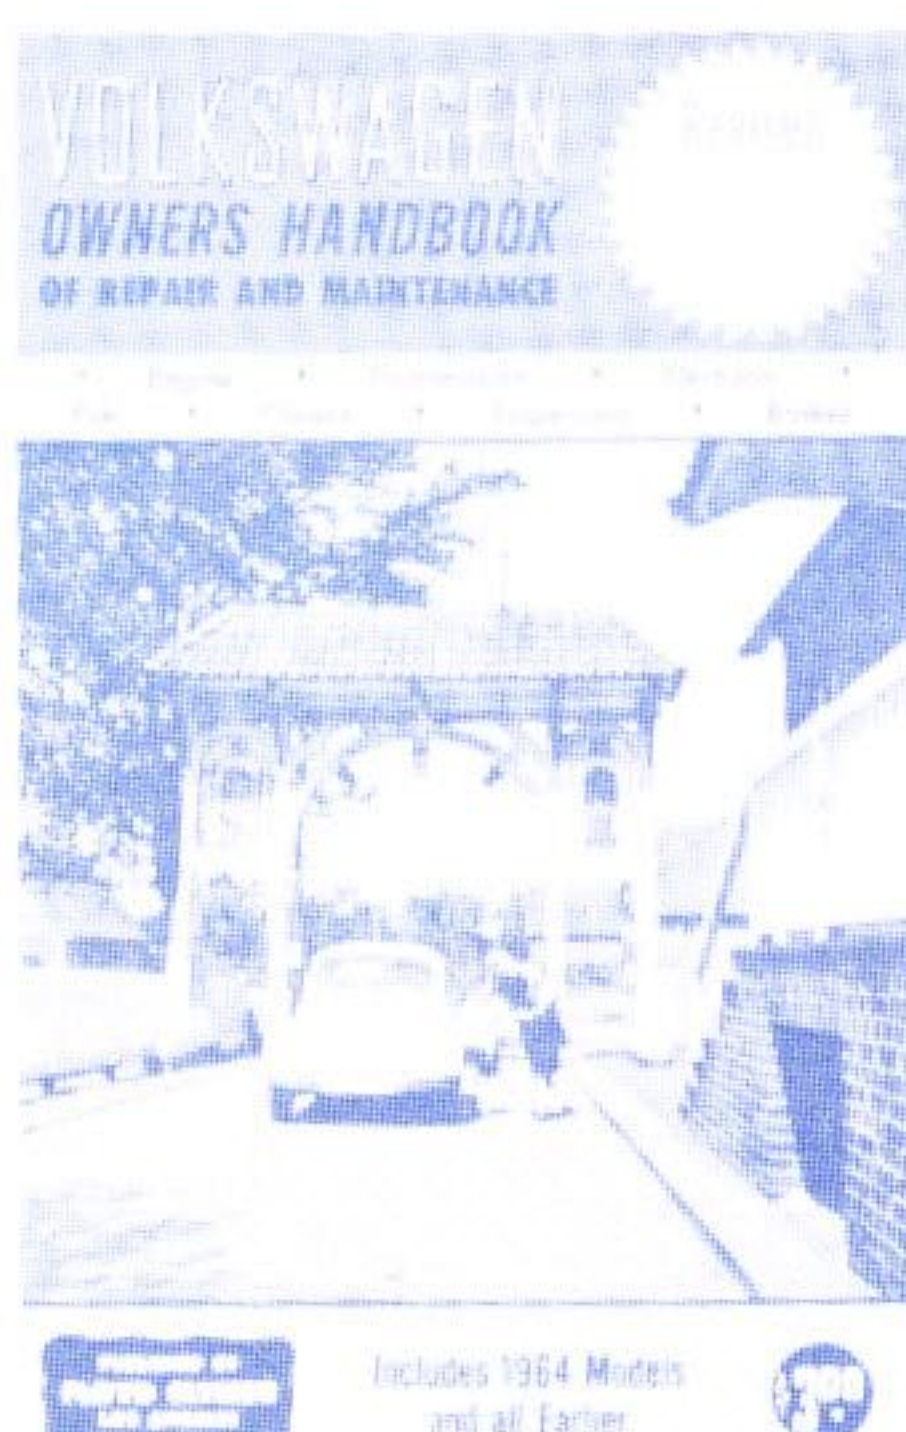

\$ 4.00 each

VOLKSWAGEN OWNERS HANDBOOK

The latest and greatest edition of Floyd Clymer's famous series. Contains valuable information on latest models, including the VW 1500.

\$ 3.00 each

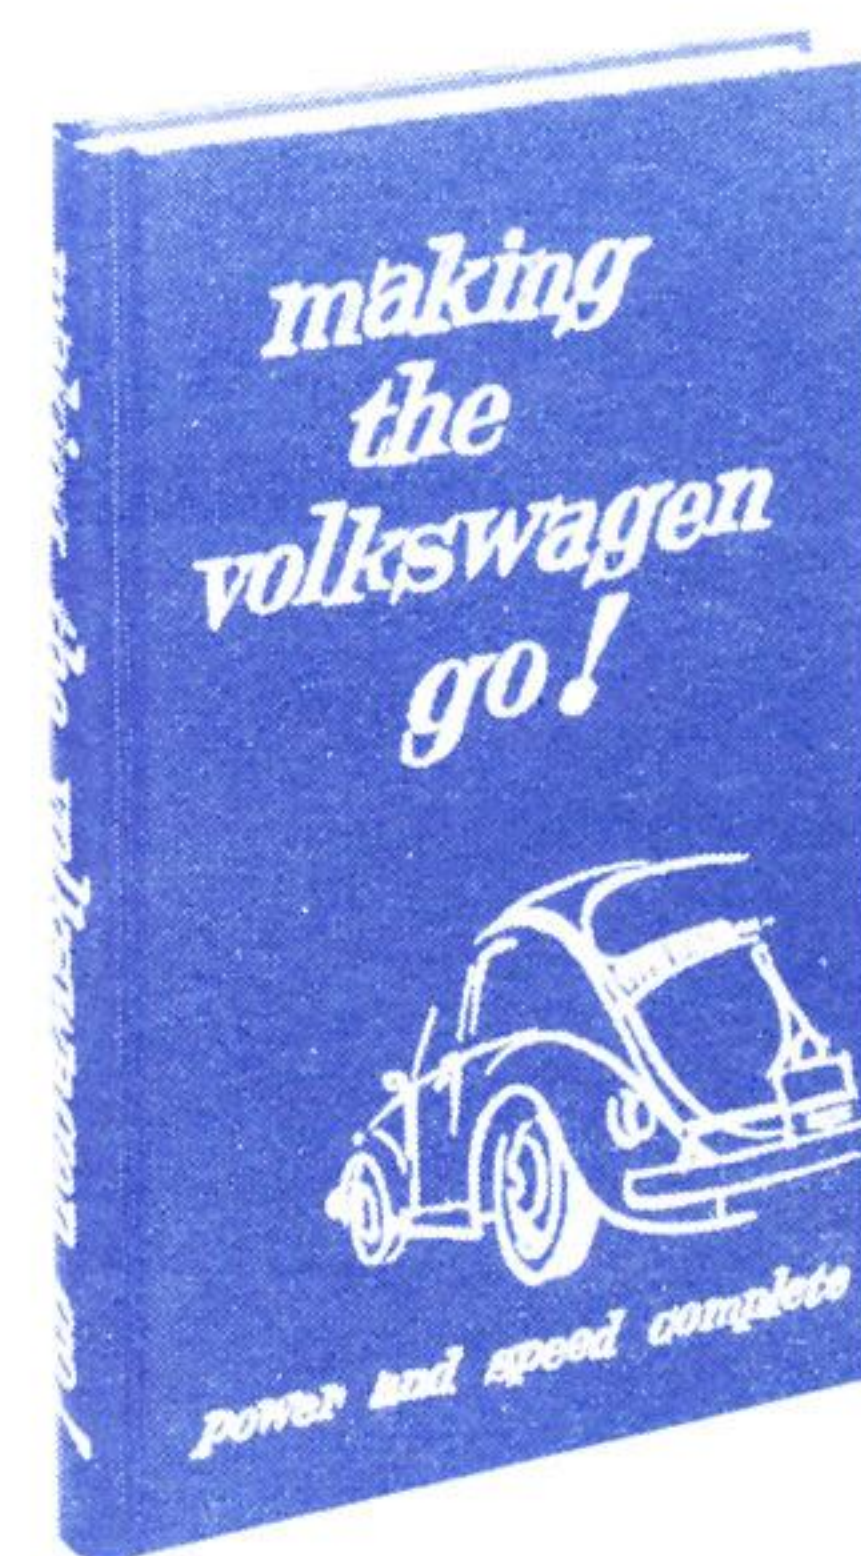

LATEST EDITIONS BY HENRY ELFRINK

MAKING THE VOLKSWAGEN GO

This beautifully hardbound edition tells all about speed tuning and power equipment for the VW. A must for your collection.

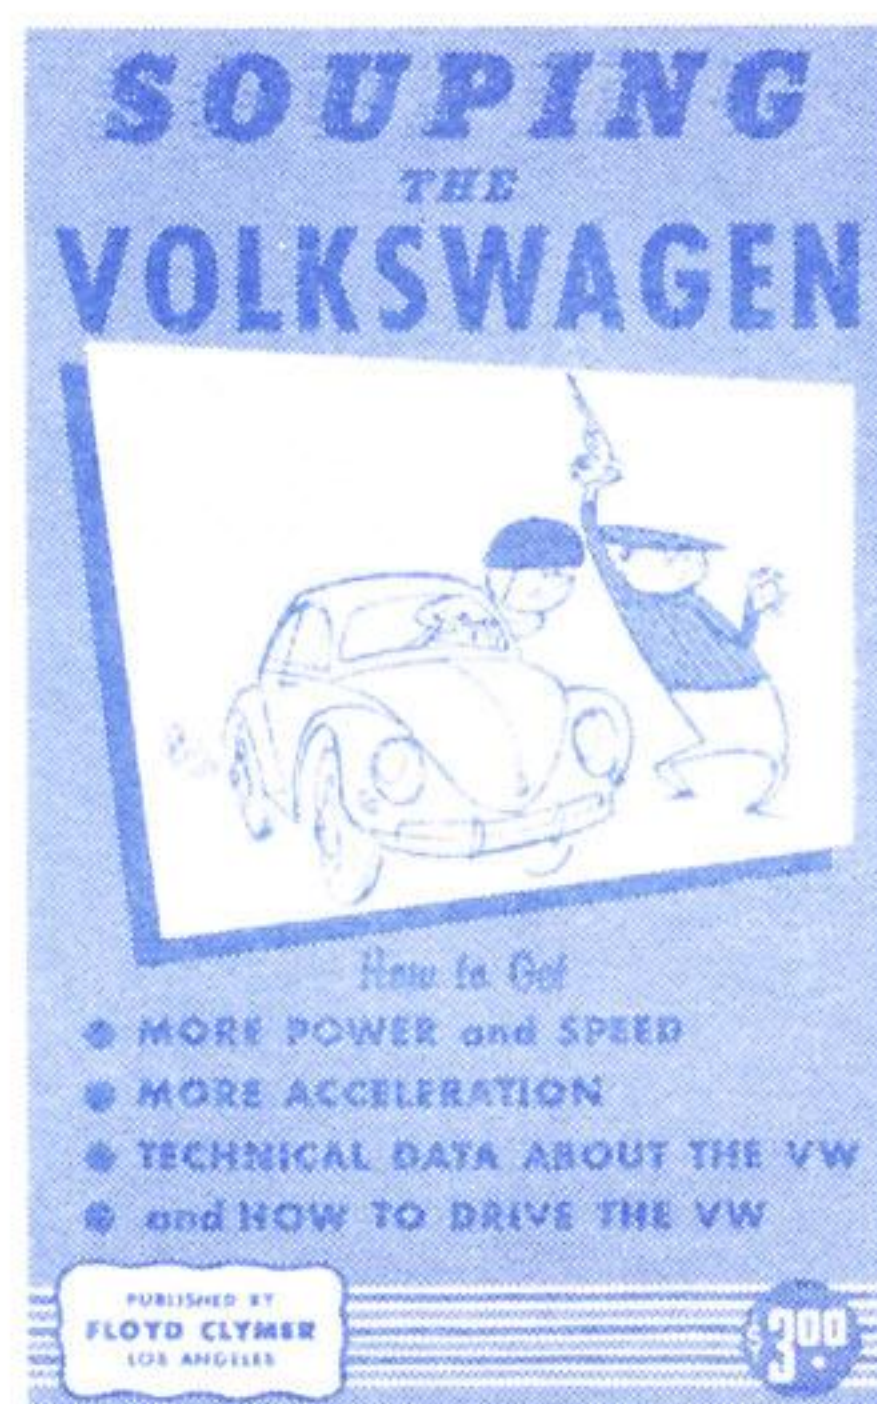

\$ 5.00 each

SOUPING THE VOLKSWAGEN

Contains valuable trouble shooting information and many preventive maintenance tips. Written by Dick Morgan, this authoritative publication will thrill all Volkswagen owners who are interested in getting more get-up-and-go.

\$ 3.00 each

VOLKSWAGEN TECHNICAL MANUAL

A 224-page publication containing detailed drawings and photos on the entire workings of the Volkswagen. Truly the last word on "All About the Volkswagen."

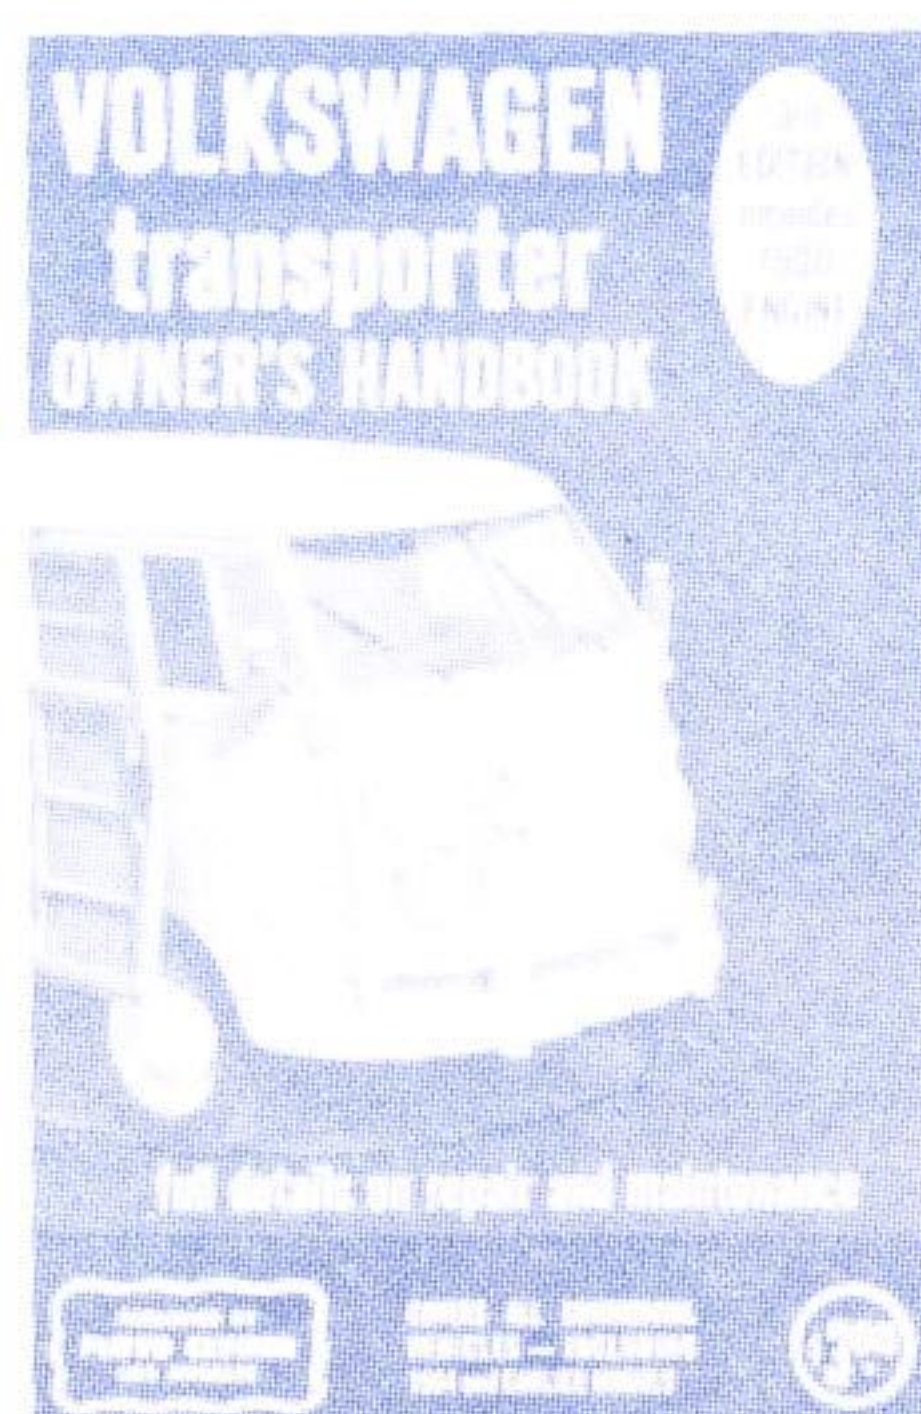

\$ 3.50 each

TRANSPORTER OWNERS HANDBOOK

The hundreds of illustrations and explanations in this 152 page book can save the transporter owner hundreds of dollars in costly repairs. A must for the owner who wants additional miles from his bus.

\$ 3.00 each

PORSCHE TECHNICAL MANUAL

Contains the complete specifications on repair and maintenance. Valuable help for the mechanic as well as the advanced owner.

\$ 5.00 each

VOLKSWAGEN BEER STEINS

The old world art of hand-crafting beer steins is passed down from father to son, from generation to generation. Beer steins are made in the same way today as they were 400 years ago. We have located a fine craftsman in Germany who is making, for us exclusively, a beautiful multi-colored stein, hand painted, featuring the Wolfsburg Crest! Available in a one liter stein that holds over a quart of your favorite brew or in the half liter size. Complete with authentic hinged metal cap. Clubs please note: special orders with club emblems can be accepted. Please write for quotations and further information.

No. 265	1 Liter	\$10.95
No. 266	½ Liter	\$ 7.95

BLAUPUNKT CAR RADIOS

FRANKFURT

A top quality transistor, FM/AM/Marine band, push button radio with high sensitivity on all 3 bands. Excellent noise limiter, automatic volume control, voltage and polarity converter for universal use, powerful push-pull output stages and variable tone control make this a radio experience to listen to.

109.95

NEW YORKER

The top of the line. An FM/AM/Marine band push button radio, the New Yorker gives high sensitivity on all 3 bands. At the push of a knob it automatically seeks out the station of your choice on all wave bands. Excellent noise limiter, automatic volume control, voltage and polarity converter for universal use, powerful transistor push-pull output stages and variable tone control make this a radio experience to listen to.

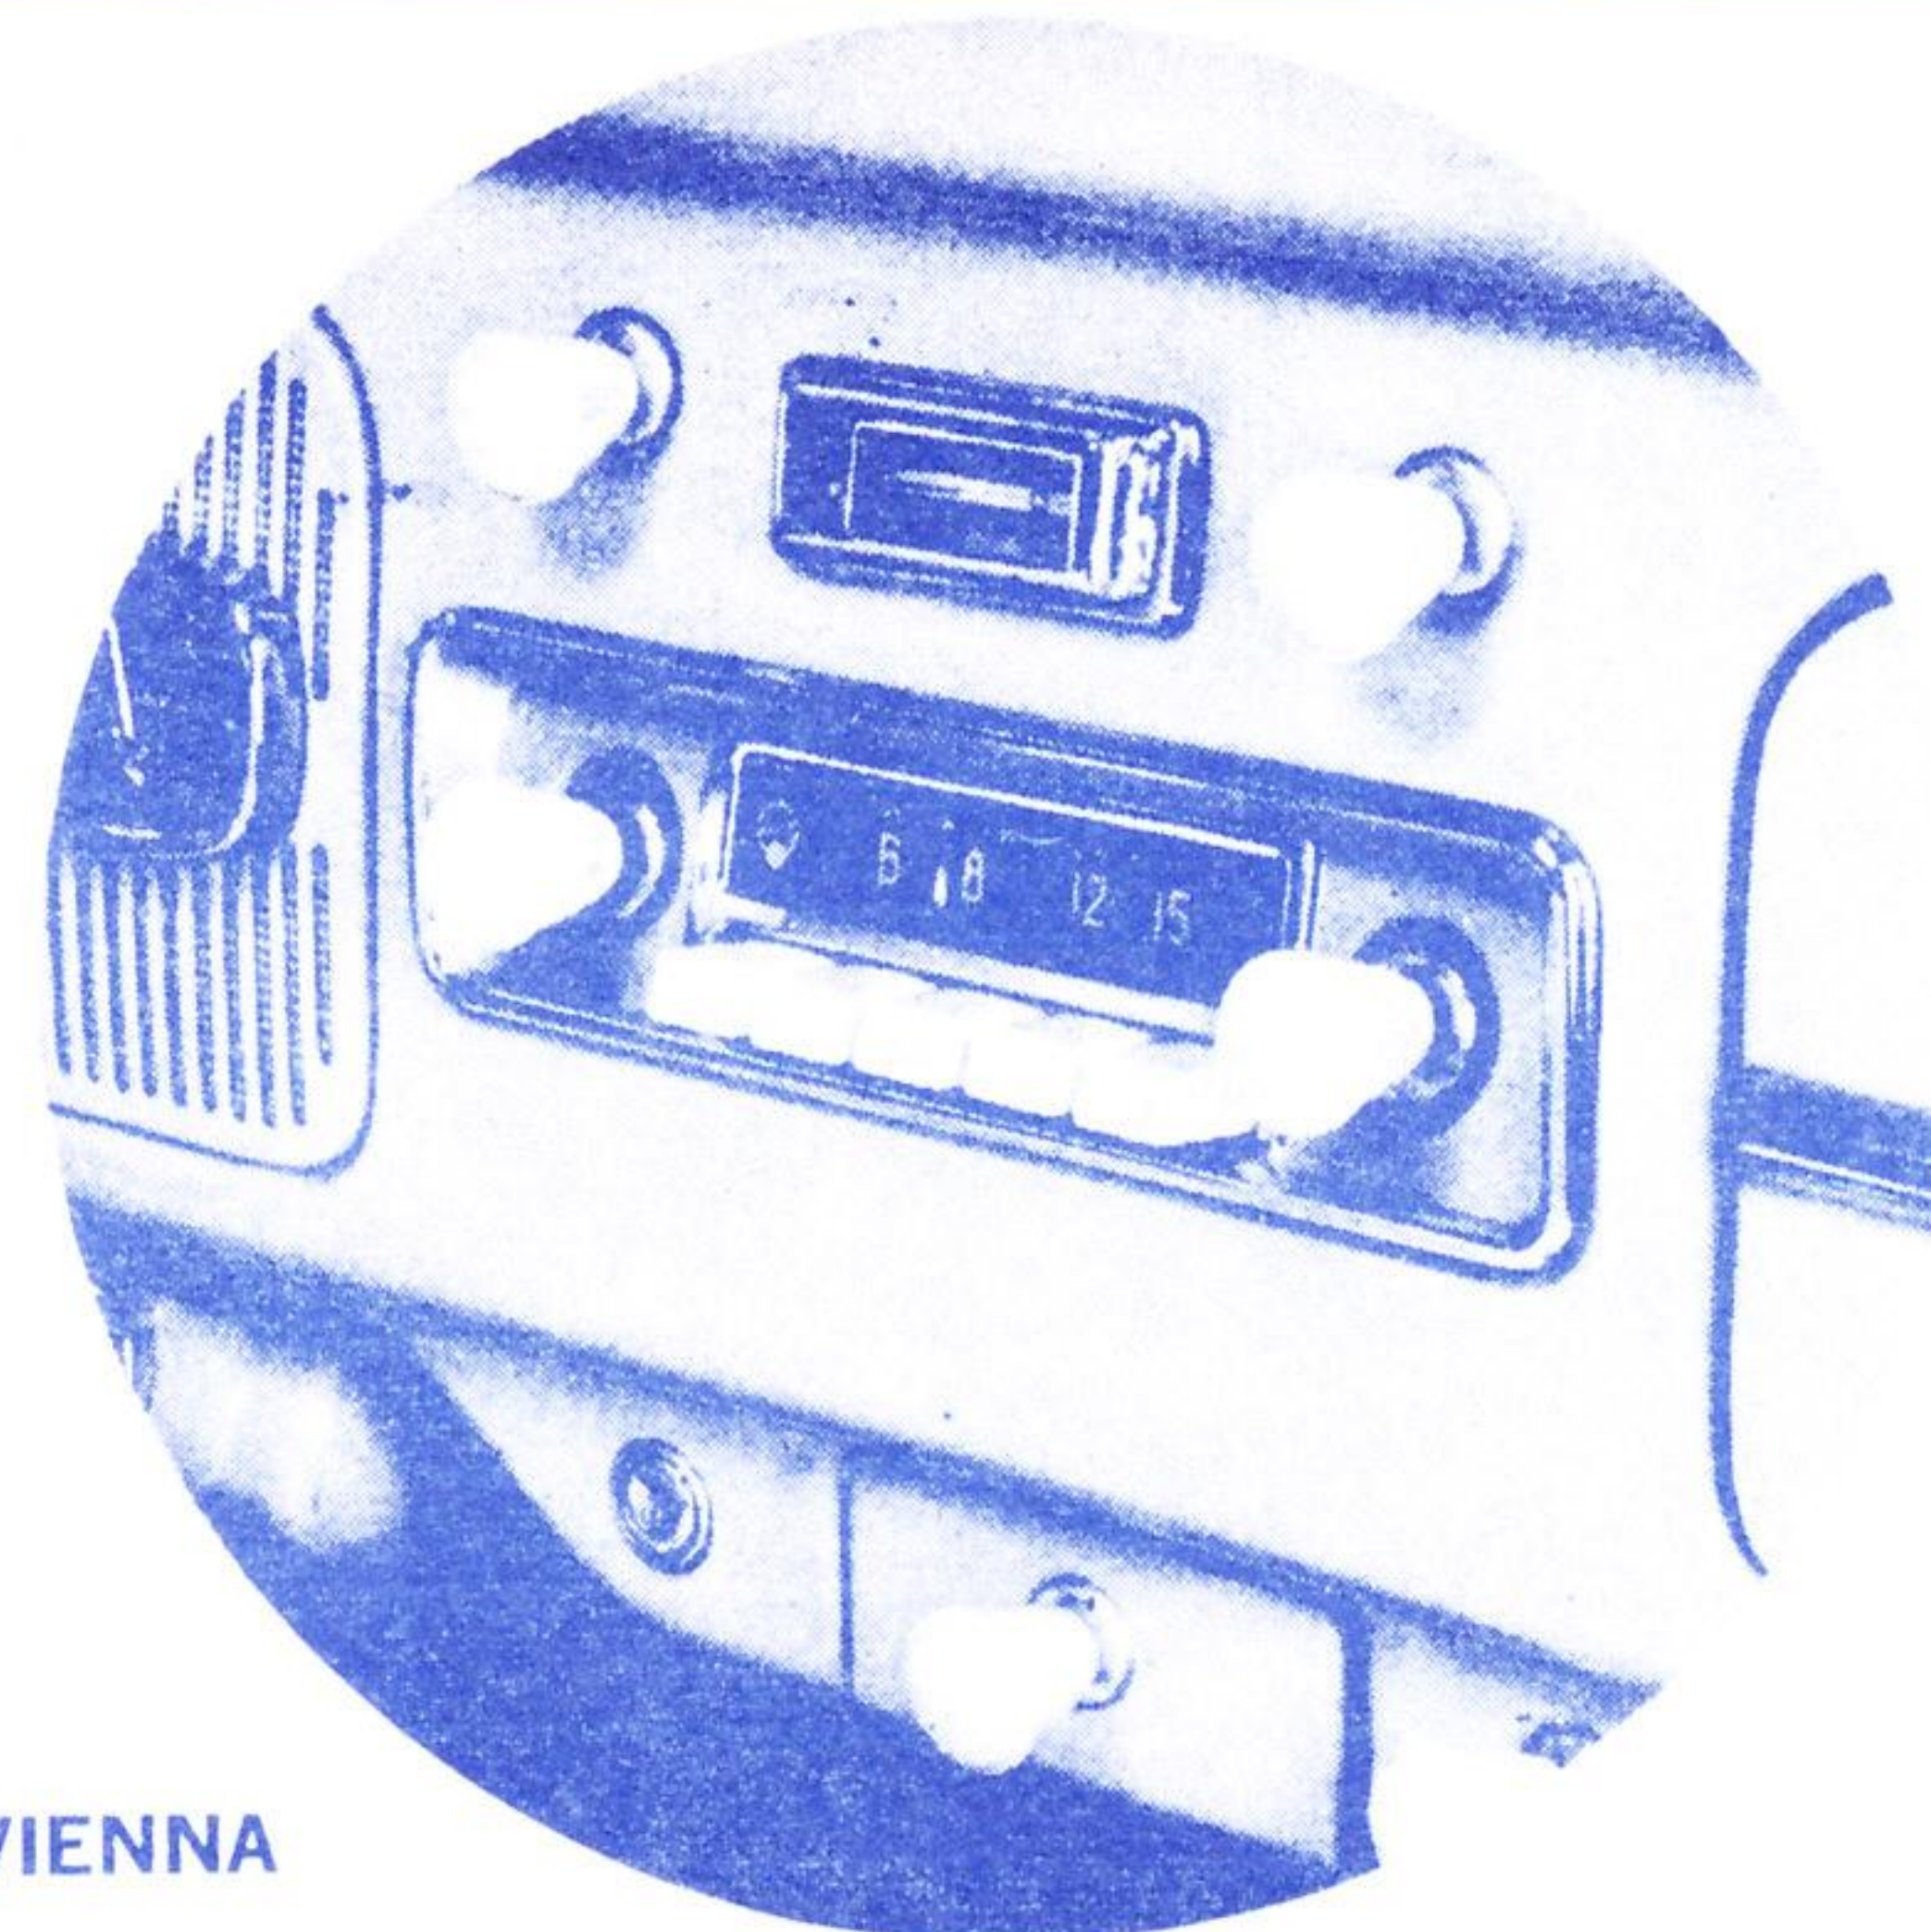

163.95

MANHATTAN

An all transistor, compactly designed, AM model. This manual tuning radio combines high tonal qualities and extreme sensitivity. It has a powerful output stage and is only 2 3/8" in height. Other features include its universal application (polarity and voltage conversion), automatic volume control and push button tone control.

45.95

VIENNA

An all transistor deluxe push button AM radio. Automatic volume control assures steady fade-free reception. It has a powerful output stage and is only 2 3/8" in height. Other features include variable tone control and voltage and polarity conversion.

XSPX-140	"Stinger" Straight Thru Pipe (Specify for which model of muffler)		5.00
SXS-470	Sportster Exhaust System (fits 40 hp VW engine only)		54.95

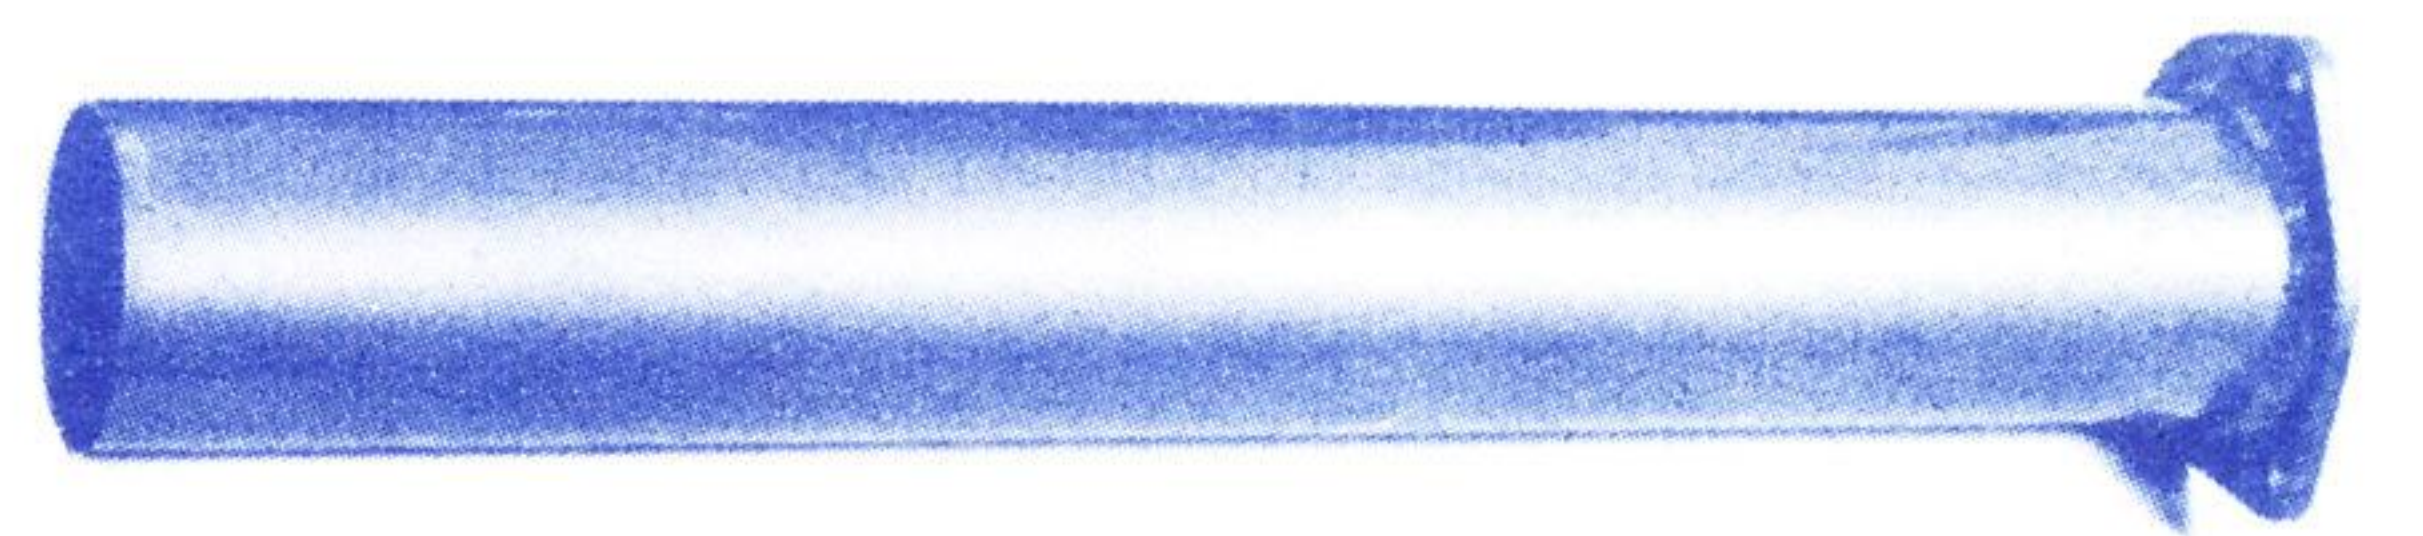

CHROME TIPS are now supplied on EMPI Extractor Exhaust systems for 40 hp VW engines . . . at no extra cost.

Exhaust gases escape freely, in firing sequence . . . with no build-up of power-robbing back pressure.

Equal-length pipes design gives the high-efficiency extractor effect used in race-car exhaust systems.

Types available to fit both new and old style heater systems on VW and Karmann-Ghia.

Individually engineered, scaled, computed and track-tested for each model VW, Ghia and Porsche.

THE CONVERTIBLE "STINGER" PIPE

The convertibility feature of the Extractor Exhausts will appeal to VW owners interested in race and gymkhana-type activities. For ordinary use the Extractor systems feed through a glass-packed muffler, which gives adequate noise suppression for legal street use without developing excessive back pressure. For competition activities requiring maximum power output the muffler may be quickly unbolted and replaced by a straight Stinger Pipe for an additional power gain. Conversion requires only a few minutes.

**NEW...IMPROVED EMPI
BIG-BORE KIT...**
the power bargain!

**15% more H.P.
only
\$98.50**

MORE POWER . . . FOR SATISFACTION PLUS SAFETY!

The simple, quick way to get **MORE POWER** at the **LOWEST COST** is to increase displacement.

EMPI B-B increases displacement from 1192 CC to 1352 CC. . . increases hp by 15%.

Overbore size .200" (5 mm)

Fits all VW 40 HP engines . . . (1192 CC) with stock Crankshafts.

Installed by regular mechanics . . . no special skills required.

HIGHEST QUALITY ALLOY STEEL . . . hand matched and balanced . . . made by Mahle, Germany . . . suppliers for Volkswagen, Mercedes-Benz, Speedwell, Porsche, etc.

NEW, IMPROVED PISTON and RING DESIGN adopted in 1965, assures superior engine compression and minimum oil consumption.

Packed in matched sets, with hand-gapped and fitted rings and pistons. Made to Porsche quality specifications, from superior alloy steel. Designed to cope with the increased load on pistons and cylinders, with more and larger cooling fins, higher quality wrist pins. Uses standard head and base gaskets, standard spigot, standard torque specs. The complete set of pistons, pins, and rings is matched for correct weight.

ORDERING INFORMATION

Kit includes the following components:

- Four matched 82-mm high-performance Mahle cylinders.
- Four fitted alloy pistons with hand-gapped rings
- Four high-strength steel alloy wrist pins

PBBV-100 EMPI Big-Bore Power Kit \$98.50

Precision REAMERS..the finest!

Approved by the Volkswagenwerk in Germany

Perfect fitting valve guides depend on very close tolerances. You can't do a dependable reaming job with anything but the finest reaming tools, in top condition, without measurable wear. Hunger Reamers are the very finest obtainable, and will do a perfect reaming job every time. We recommend that they be "miked" to check dimension every 6 months, and replaced when worn. Dealers need 4 different reamers on hand for most work. Detailed instructions included.

ANTI-SEIZE ARMITE (Lead Plate) Aids assembly and disassembly

Lead, mixed with oil and graphite to form a paste . . . eliminates friction.

- For squeezing VW valve guides into the head.
- For coating threads of all studs, to get even torque.
- For muffler gaskets (makes removal easy).

- For pressing on gears.
- For lubricating dies.
- For sealing cylinder heads.

The mechanic's friend . . . makes hard jobs easy.
